**The Many Deaths of Tsar Nicholas II** Wendy Slater,2007-06-26 How did Nicholas II Russia s last Tsar meet his death Shot point blank in a bungled execution by radical Bolsheviks in the Urals Nicholas and his family disappeared from history in the Soviet era But in the 1970s a local geologist and a crime fiction writer discovered the location of their clandestine mass grave and secretly removed three skulls before reburying them afraid of the consequences of their find Yet the history of Nicholas execution and the discovery of his remains are not the only stories connected with the death of the last Tsar This book recounts the horrific details of his death and the thrilling discovery of the bones and also investigates the alternative narratives that have grown up around these events Stories include the contention that the Tsar s killing was a Jewish plot in which Nicholas severed head was taken to Moscow as proof of his death tales of would be survivors of the execution self confessed children of the Tsar claiming their true identity and accounts of miracles performed by Nicholas who was made a saint by the Russian church in 2000 Not least among these alternative narratives is the romanticization of the Romanovs epitomized by the numerous photographs of the family released from the Russian archives **The Last Tsar** Tsuyoshi

Hasegawa,2024-12-03 Elegantly written and magisterially researched Robert Service author of A History of Modern Russia the definitive story behind the self destruction of the autocratic Romanov dynasty by the world s foremost expert When Tsar Nicholas II fell from power in 1917 Imperial Russia faced a series of overlapping crises from war to social unrest Though Nicholas s life is often described as tragic it was not fate that doomed the Romanovs it was poor leadership and a blinkered faith in autocracy Based on a trove of new archival discoveries The Last Tsar narrates how Nicholas s resistance to reform doomed the monarchy Encompassing the captivating personalities of the era it untangles the struggles between the increasingly isolated Nicholas and Alexandra and the factions of scheming nobles ruthless legislators and pragmatic generals who sought to stabilize the restive Russian empire either with the Tsar or without him By rejecting compromise Nicholas undermined his supporters at crucial moments His blunders cleared the way for all out civil war and the eventual rise of the Soviet Union Definitive and engrossing The Last Tsar uncovers how Nicholas II stumbled into revolution taking his family the Romanov dynasty and the whole Russian Empire down with him **Alix and Nicky** Virginia Rounding,2012-01-17 The

dramatic story of Emperor Nicholas II and his wife Alexandra Fyodorovna the last Tsar and Tsarina of Russia A penetrating and deeply personal study that gives profound psychological insight into their marriage and how it shaped the events that engulfed them There are few characters in history about whom opinion has been more divided than the last Tsar of Russia Nicholas II and his wife the Empress Alexandra Fyodorovna On one hand they are venerated as saints innocent victims of Bolshevik assassins and on the other they are impugned as the unwitting harbingers of revolution and imperial collapse blamed for all the ills that befell the Russian people in the 20th century Theirs was also a tragic love story for whatever else can be said of them there can be no doubt that Alix and Nicky adored one another Soon after their engagement Alix wrote in her fianc s diary Ever true and ever loving faithful pure and strong as death words which met their fulfillment twenty four years later in a blood spattered cellar in Ekaterinburg Through the letters and diaries written by the couple and by those around them Virginia Rounding presents an intimate penetrating and fresh portrayal of these two complex figures and of their passion their love and their suffering She explores the nature and possible causes of the Empress s ill health and examines in depth the enigmatic triangular relationship between Nicky Alix and their favourite Ania Vyrubova protégé of the infamous Rasputin extracting the meaning from words left unsaid from hints and innuendoes The story of Alix and Nicky of their four daughters known collectively as OTMA and of their hemophiliac little boy Alexei is endlessly fascinating and Rounding makes these characters come alive presenting them in all their human dimensions and expertly leading the reader into their vanished world

The Fate of the Romanovs Greg King, Penny Wilson, 2008-04-21 Abundant newly discovered sources shatter long held beliefs The collapse of the Soviet Union in 1991 revealed among many other things a hidden wealth of archival documents relating to the imprisonment and eventual murder of Tsar Nicholas II his wife Alexandra and their children Emanating from sources both within and close to the Imperial Family as well as from their captors and executioners these often controversial materials have enabled a new and comprehensive examination of one the pivotal events of the twentieth century and the many controversies that surround it Based on a careful analysis of more than 500 of these previously unpublished documents along with numerous newly discovered photos The Fate of the Romanovs makes compelling revisions to many long held beliefs about the Romanovs final months and moments This powerful account includes Surprising evidence that Anastasia may indeed have survived Diary entries made by Nicholas and Alexandra during their captivity Revelations of how the Romanovs were betrayed by trusted servants A reconstruction of daily life among the prisoners at Ipatiev House Strong evidence that the Romanovs were not brutalized by their captors Statements from admitted participants in the murders

**The Fall of Tsarism** Semion Lyandres, 2013-02-07 Reveals to the world for the first time a unique and hitherto undiscovered selection of interviews with leading participants in the February Revolution of 1917 representing the most significant contemporary testimony on the overthrow of Europe s last old regime

The fascinating story of the Austrian German and Russian imperial families during the four years of the First World War and the political and personal struggles that brought about their ruin      **Grand Duke Nikolai Nikolaevich** Paul

Robinson,2014-08-15 Grand Duke Nikolai Nikolaevich Romanov 1856 1929 was a key figure in late Imperial Russia and one of its foremost soldiers At the outbreak of World War I his cousin Tsar Nicholas II appointed him Supreme Commander of the Russian Army From 1914 to 1915 and then again briefly in 1917 he was commander of the largest army in the world in the greatest war the world had ever seen His appointment reflected the fact that he was perhaps the man the last Emperor of Russia trusted the most At six foot six the Grand Duke towered over those around him His fierce temper was a matter of legend However as Robinson s vivid account shows he had a more complex personality than either his supporters or detractors believed In a career spanning fifty years the Grand Duke played a vital role in transforming Russia s political system In 1905 the Tsar assigned him the duty of coordinating defense and security planning for the entire Russian empire When the Tsar asked him to assume the mantle of military dictator the Grand Duke instead of accepting persuaded the Tsar to sign a manifesto promising political reforms Less opportunely he also had a role in introducing the Tsar and Tsarina to the infamous Rasputin A few years after the revolution in 1917 the Grand Duke became de facto leader of the Russian migr community Despite his importance the only other biography of the Grand Duke was written by one of his former generals in 1930 a year after his death and it is only available in Russian The result of research in the archives of seven countries this groundbreaking biography the first to appear in English covers the Grand Duke s entire life examining both his private life and his professional career Paul Robinson s engaging account will be of great value to those interested in World War I and military history Russian history and biographies of notable figures      **Born to Rule** Julia P. Gelardi,2007-04-01 Julia Gelardi

s Born to Rule is an historical tour de force that weaves together the powerful and moving stories of the five royal granddaughters of Queen Victoria These five women were all married to reigning European monarchs during the early part of the 20th century and it was their reaction to the First World War that shaped the fate of a continent and the future of the modern world Here are the stories of Alexandra whose enduring love story controversial faith in Rasputin and tragic end have become the stuff of legend Marie the flamboyant and eccentric queen who battled her way through a life of intrigues and was also the mother of two Balkan queens and of the scandalous Carol II of Romania Victoria Eugenie Spain s very English queen who like Alexandra introduced hemophilia into her husband s family with devastating consequences for her marriage Maud King Edward VII s daughter who was independent Norway s reluctant queen and Sophie Kaiser Wilhelm II s much maligned sister daughter of an Emperor and herself the mother of no less than three kings and a queen who ended her days in bitter exile Born to Rule evokes a world of luxury wealth and power in a bygone era while also recounting the ordeals suffered by a unique group of royal women who at times faced poverty exile and death Praised in their lifetimes for their legendary beauty many of these women were also lauded and reviled for their political influence Using never before

published letters memoirs diplomatic documents secondary sources and interviews with descendents of the subjects Julia Gelardi's *Born to Rule* is an astonishing and memorable work of popular history *Eight* James R. Vance, 2011 Petra Rebovka aka Louise Charrière an operational officer with the security services travels on her first assignment to the Limousin region of France to infiltrate a people trafficking operation But this case leads to more and greater mysteries all tied into the death of Tsar Nicholas II during the Russian Revolution **American Book Publishing Record**, 1985 **The Last of the Tsars** Robert Service, 2017-09-05 A riveting account of the last eighteen months of Tsar Nicholas II's life and reign from one of the finest Russian historians writing today In March 1917 Nicholas II the last Tsar of All the Russias abdicated and the dynasty that had ruled an empire for three hundred years was forced from power by revolution Now Robert Service the eminent historian of Russia examines Nicholas's life and thought from the months before his momentous abdication to his death with his family in Ekaterinburg in July 1918 The story has been told many times but Service's deep understanding of the period and his forensic examination of previously untapped sources including the Tsar's diaries and recorded conversations as well as the testimonies of the official inquiry shed remarkable new light on his troubled reign also revealing the kind of Russia that Nicholas wanted to emerge from the Great War The Last of the Tsars is a masterful study of a man who was almost entirely out of his depth perhaps even willfully so It is also a compelling account of the social economic and political ferment in Russia that followed the February Revolution the Bolshevik seizure of power in October 1917 and the beginnings of Lenin's Soviet socialist republic **The Romanovs** Simon Sebag Montefiore, 2016 The acclaimed author of *Young Stalin* and *Jerusalem* gives readers an accessible lively account based in part on new archival material of the extraordinary men and women who ruled Russia for three centuries *NoveList* *Cassette Books* Library of Congress. Meltzer, 2010-05-03 English language Synonyms and antonyms *Ena and Bee* Ana de Sagrera, 2022-07-02 A close look at the intimate life of the Spanish royal family before during and after the Civil War Family letters show new light on the doomed affair between Bee and Grand Duke Michael of Russia brother of Tsar Nicholas II A revealing study of the relationship between Ena and King Alfonso XIII which resulted in Bee being exiled to Switzerland A dual biography of Queen Ena of Spain and her cousin Infanta Beatrice Bee by the late Ana de Sagrera with additional material from Doña Beatriz granddaughter of the Infanta Princess Eugenia Ena of Battenberg and Princess Beatrice Bee of Saxe Coburg granddaughters of Queen Victoria of England married into the Spanish royal family In 1906 Ena became the consort of King Alfonso XIII who had been sovereign since his birth in 1886 Three years later Bee married his cousin Infante Don Alfonso Ena's marriage proved unhappy with the ill health of her haemophiliac sons and her husband's infidelities The King abdicated in 1931 and they led separate lives in exile until he died in 1941 Bee and her husband Ali were more popular although personal differences between them and the King resulted in their temporary exile

for the first years of their marriage They later returned to Spain staying there for the rest of their lives Bee died in 1966 and Ena three years later This dual biography written by Anna de Sagrera with additional material from Do a Beatriz Bee s granddaughter looks in depth at the friendship of the mutually supportive cousins against the often turbulent background of 20th century Spanish politics     *Hertfordshire Secrets & Spies* Pamela Shields,2009-10-15 An intriguing look at the history of spying and spies in and around Hertfordshire     **The Russian Revolution and Civil War 1917-1921** Jonathan Smele,2006-04-15 The Russian Revolution and Civil War in the years 1917 to 1921 is one of the most widely studied periods in history It is also somewhat inevitably one that has generated a huge flow of literature in the decades that have passed since the events themselves However until now historians of the revolution have had no dedicated bibliography of the period and little claim to bibliographical control over the literature The Russian Revolution and Civil War 1917 1921 offers for the first time a comprehensive bibliographical guide to this crucial and fascinating period of history The Bibliography focuses on the key years of 1917 to 1921 starting with the February Revolution of 1917 and concluding with the 10th Party Congress of March 1921 and covers all the key events of the intervening years As such it identifies these crucial years as something more than simply the creation of a communist state
