Michael Drayton And The Passing Of Elizabethan England:

Michael Drayton and the Passing of Elizabethan England Richard F. Hardin, 1973 Epistolary Community in Print, 1580-1664 Diana G. Barnes, 2016-05-13 Epistolary Community in Print contends that the printed letter is an inherently sociable genre ideally suited to the theorisation of community in early modern England In manual prose or poetic form printed letter collections make private matters public and in so doing reveal first how tenuous is the divide between these two realms in the early modern period and second how each collection helps to constitute particular communities of readers Consequently as Epistolary Community details epistolary visions of community were gendered This book provides a genealogy of epistolary discourse beginning with an introductory discussion of Gabriel Harvey and Edmund Spenser's *Wise and Wittie Letters* 1580 and opening into chapters on six printed letter collections generated at times of political change Among the authors whose letters are examined are Angel Day Michael Drayton Jacques du Bosque and Margaret Cavendish Epistolary Community identifies broad patterns that were taking shape and constantly morphing in English printed letters from 1580 to 1664 and then considers how the six examples of printed letters selected for discussion manipulate this generic tradition to articulate ideas of community under specific historical and political circumstances This study makes a substantial contribution to the rapidly growing field of early modern letters and demonstrates how the field impacts our understanding of political discourses in circulation between 1580 and 1664 early modern women's writing print culture and rhetoric

Early Modern English Literature and the Poetics of Cartographic Anxiety Chris Barrett, 2018-03-02 The Cartographic Revolution in the Renaissance made maps newly precise newly affordable and newly ubiquitous In sixteenth century Britain cartographic materials went from rarity to household d cor within a single lifetime and they delighted inspired and fascinated people across the socioeconomic spectrum At the same time they also unsettled upset disturbed and sometimes angered their early modern readers Early Modern English Literature and the Poetics of Cartographic Anxiety is the first monograph dedicated to recovering the shadow history of the many anxieties provoked by early modern maps and mapping in the sixteenth and seventeenth centuries A product of a military arms race often deployed for security and surveillance purposes and fundamentally distortive of their subjects maps provoked suspicion unease and even hostility in early modern Britain in ways not dissimilar from the anxieties provoked by global positioning enabled digital mapping in the twenty first century At the same time writers saw in the resistance to cartographic logics and strategies the opportunity to rethink the way literature represents space and everything else This volume explores three major poems of the period Edmund Spenser's *The Faerie Queene* 1590-1596 Michael Drayton's *Poly Olbion* 1612-1622 and John Milton's *Paradise Lost* 1667-1674 in terms of their vexed and vexing relationships with cartographic materials and shows how the productive protest staged by these texts redefined concepts of allegory description personification bibliographic materiality narrative temporality analogy and other elemental components of literary representations Encyclopedia of British Writers, 16th,

17th, and 18th Centuries Book Builders LLC.,2005 Presents a two volume A to Z reference on English authors from the sixteenth seventeenth and eighteenth centuries providing information about major figures key schools and genres biographical information author publications and some critical analyses *Maps and the Writing of Space in Early Modern England and Ireland* B. Klein,2001-01-11 Maps make the world visible but they also obscure distort idealize This wide ranging study traces the impact of cartography on the changing cultural meanings of space offering a fresh analysis of the mental and material mapping of early modern England and Ireland Combining cartographic history with critical cultural studies and literary analysis it examines the construction of social and political space in maps in cosmography and geography in historical and political writing and in the literary works of Marlowe Shakespeare Spenser and Drayton **English Poetry of the Sixteenth Century** Gary F. Waller,2014-07-15 Explores the poetry of the Renaissance from Dunbar in the late 15th century to the Songs and Sonnets of John Donne in the early 17th The book offers more than the wealth of literature discussed it is a pioneering work in its own right bringing the insights of contemporary literary and cultural theory to an overview of the period **Shakespeare, Spenser and the Matter of Britain** A. Hadfield,2003-11-19 Shakespeare Spenser and the Matter of Britain examines the work of two of the most important English Renaissance authors in terms of the cultural social and political contexts of early modern Britain Andrew Hadfield demonstrates that the poetry of Edmund Spenser and the plays of William Shakespeare demand to be read in terms of an expanding Elizabethan and Jacobean culture in which a dominant English identity had to come to terms with the Irish Scots and Welsh who were now also subjects of the crown **Making of the English Literary Canon** Trevor Thornton Ross,1998 It is widely accepted among literary scholars that canon formation began in the eighteenth century when scholarly editions and critical treatments of older works designed to educate readers about the national literary heritage appeared for the first time In The Making of the English Literary Canon Trevor Ross challenges this assumption arguing that canon formation was going on well before the eighteenth century but was based on a very different set of literary and cultural values Covering a period that extends from the Middle Ages to the institutionalisation of literature in the eighteenth century Ross s comprehensive history traces the evolution of cultural attitudes toward literature in English society highlighting the diverse interests and assumptions that defined and shaped the literary canon An indigenous canon of letters Ross argues had been both the hope and aim of English authors since the Middle Ages Early authors believed that promoting the idea of a national literature would help publicise their work and favour literary production in the vernacular Ross places these early gestures toward canon making in the context of the highly rhetorical habits of thought that dominated medieval and Renaissance culture habits that were gradually displaced by an emergent rationalist understanding of literary value He shows that beginning in the late seventeenth century canon makers became less concerned with how English literature was produced than with how it was read and received By showing that canon formation has served different functions in the past The Making of the English Literary Canon is relevant not only

to current debates over the canon but also as an important corrective to prevailing views of early modern English literature and of how it was first evaluated promoted and preserved It is widely accepted among literary scholars that canon formation began in the eighteenth century when scholarly editions and critical treatments of older works designed to educate readers about the national literary heritage appeared for the first time In *The Making of the English Literary Canon* Trevor Ross challenges this assumption arguing that canon formation was going on well before the eighteenth century but was based on a very different set of literary and cultural values Covering a period that extends from the Middle Ages to the institutionalisation of literature in the eighteenth century Ross's comprehensive history traces the evolution of cultural attitudes toward literature in English society highlighting the diverse interests and assumptions that defined and shaped the literary canon An indigenous canon of letters Ross argues had been both the hope and aim of English authors since the Middle Ages Early authors believed that promoting the idea of a national literature would help publicise their work and favour literary production in the vernacular Ross places these early gestures toward canon making in the context of the highly rhetorical habits of thought that dominated medieval and Renaissance culture habits that were gradually displaced by an emergent rationalist understanding of literary value He shows that beginning in the late seventeenth century canon makers became less concerned with how English literature was produced than with how it was read and received By showing that canon formation has served different functions in the past *The Making of the English Literary Canon* is relevant not only to current debates over the canon but also as an important corrective to prevailing views of early modern English literature and of how it was first evaluated promoted and preserved

The Symbolic Design of Windsor-Forest Pat Rogers, 2004 This is the first detailed exploration of one of the earliest major poems by Alexander Pope Windsor Forest 1713 The book reveals how Pope used the artistic conventions of the Stuart court such as masque architecture allegorical painting and heraldry to create the last great Renaissance poem in English A coherent symbolic design is constructed around the themes of the river and the forest Pope organizes the structure and style of the poem to create a prophetic version of nationhood drawing on such sources as the plays of Ben Jonson the Whitehall paintings of Rubens the architecture of Inigo Jones the panegyric work of Dryden and the topographical poetry of Drayton The political dimensions of the poem are considered in relation to the foundation of the South Sea Company in 1711 with its foreshadowing of imperial issues to come The book will spark further interest in a poem that has been gaining increasing attention recently from writers such as E P Thompson and Laura Brown It shows the centrality of Windsor Forest in Pope's own career and the centrality of Pope in the debates of his time Pat Rogers is DeBartolo Professor in the Liberal Arts at the University of

Patrons and Patron Saints in Early Modern English Literature Alison Chapman, 2013-01-17 This book visits the fact that in the pre modern world saints and lords served structurally similar roles acting as patrons to those beneath them on the spiritual or social ladder with the word patron used to designate both types of elite sponsor Chapman argues that this elision of patron saints and patron lords

remained a distinctive feature of the early modern English imagination and that it is central to some of the key works of literature in the period Writers like Jonson Shakespeare Spenser Drayton Donne and Milton all use medieval patron saints in order to represent and to challenge early modern ideas of patronage not just patronage in the narrow sense of the immediate economic relations obtaining between client and sponsor but also patronage as a society wide system of obligation and reward that itself crystallized a whole culture's assumptions about order and degree The works studied in this book ranging from Shakespeare's 2 Henry VI written early in the 1590s to Milton's Masque Performed at Ludlow Castle written in 1634 are patronage works either aimed at a specific patron or showing a keen awareness of the larger patronage system This volume challenges the idea that the early modern world had shrugged off its own medieval past instead arguing that Protestant writers in the period were actively using the medieval Catholic ideal of the saint as a means to represent contemporary systems of hierarchy and dependence Saints had been the ideal and idealized patrons of the medieval world and remained so for early modern English recusants As a result their legends and iconographies provided early modern Protestant authors with the perfect tool for thinking about the urgent and complex question of who owed allegiance to whom in a rapidly changing world

Essays on Literature, History & Society Sayyid Naqī Husain Ja'farī, Syed Naqī Husain Jafri, 2010 In a consideration of a vast scope of themes such as ghazal as a form of non conformist poetry Hispano Arabic connections with English poetry Syed Ahmad Khan's role in the Urdu Hindi controversy and madrasa education and its contemporary criticism the volume forms an important compliment and corrective to much of the current writings on the various issues

English Mythography in its European Context, 1500-1650 Anna-Maria Hartmann, 2018-02-02 Greco Roman mythology and its reception are at the heart of the European Renaissance and mythographies texts that collected and explained ancient myths were considered indispensable companions to any reader of literature Despite the importance of this genre English mythographies have not gained sustained critical attention largely because they have been wrongly considered mere copies of their European counterparts This volume focuses on the English mythographies written between 1577 and 1647 by Stephen Batman Abraham Fraunce Francis Bacon Henry Reynolds and Alexander Ross it places their texts into a wider European context to reveal their unique English take on the genre and also unfolds the significant role myth played in the broader culture of the period influencing not only literary life natural philosophy and poetics but also religious conflicts and Civil War politics In doing so it demonstrates for the first time the considerable explanatory value classical mythology holds for the study of the English Renaissance and its literary culture in particular and how early modern England answered a question we still find fascinating today what is myth

Imagining the Nation in Seventeenth-Century English Literature Daniel Cattell, Philip Schwyzer, 2020-11-25 This volume brings together new work on the image of the nation and the construction of national identity in English literature of the seventeenth century The chapters in the collection explore visions of British nationhood in literary works including Michael Drayton and John Selden's Poly Olbion and Andrew Marvell's

Horatian Ode shedding new light on topics ranging from debates over territorial waters and the free seas to the emergence of hyphenated identities and the perennial problem of the Picts Concluding with a survey of recent work in British studies and the history of early modern nationalism this collection highlights issues of British national identity cohesion and disintegration that remain undeniably relevant and topical in the twenty first century This book was originally published as a special issue of the journal *The Seventeenth Century* **Local Negotiations of English Nationhood, 1570-1680** John M. Adrian, 2011-04-28 Even in an age of emerging nationhood English men and women still thought very much in terms of their parishes towns and counties This book examines the vitality of early modern local consciousness and its deployment by writers to mediate the larger political religious and cultural changes of the sixteenth and seventeenth centuries

Diverting Authorities Jane Griffiths, 2014 *Diverting Authorities* examines literary experimentation in the fifteenth and sixteenth centuries It looks at marginal annotations or glosses provided by authors in a wide range of texts and argues that they provide important evidence for evolving ideas of authorship and literary authority **Subjects on the World's Stage** David G. Allen, Robert A. White, 1995 In this collection eighteen scholars offer various readings on British literature of the Middle Ages and the Renaissance Although the period covered ranges from the thirteenth through the seventeenth centuries the essays are tied together by a common interest in one of three topics poetic personae dramatic production and the influence of social context upon authors or dramatists Common to these topics is the crucial point of contact between an artist and society that prompts the literary imagination to respond either with the creation of a new character or with the demonstration of change in an old one BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved **The Age of Milton** Alan Hager, 2004-03-30 The 17th century was a time of significant cultural and political change The era saw the rise of exploration and travel the growth of the scientific method and the spread of challenges to conventional religion Many of these developments occurred in England and North America and literature of the period reflects the intellectual and emotional fervor of the age This reference chronicles the lives and works of more than 75 British and American writers of the 17th century Included are entries on such major canonical authors as Donne Milton and Jonson The volume also covers the writings of such leading thinkers as Hobbes and Locke along with the works of leading European figures like Galileo and Descartes Also profiled are numerous significant women writers including Mary Astell Aphra Behn and Anne Killigrew Each entry is written by an expert contributor and includes a biography a discussion of major works and themes a survey of the writer's critical reception and primary and secondary bibliographies The volume additionally includes entries on several artists who significantly influenced British and American literary culture *The North Carolina Experience* Lindley S. Butler, Alan D. Watson, 2010-06-15 This collection of nineteen original essays on selected topics and epochs in North Carolina history offers a broad survey of the state from its discovery and colonization to the present Each chapter consists of an interpretive essay on a specific aspect of North Carolina's history a collection of

supporting documents and a brief bibliography. Selections cover historical periods ranging from Elizabethan to contemporary times and examine such issues as slavery, populism, civil rights, and the status of women. Essays address the tragedy of North Carolina's Indians, the state's role in the Revolutionary War and the Confederacy, and the impact of the Great Depression. North Carolina's place in the New South and evangelical culture in the state are also discussed. Designed as a supplementary reader for the study and teaching of North Carolina history, *The North Carolina Experience* will introduce college students to the process of historical research and writing. It will also be a valuable resource in secondary schools, public libraries, and the homes of those interested in North Carolina history.

The First Elizabeth Carolly Erickson, 2024-06-04. A vivid and eminently readable portrait of history's favorite Tudor. *The New York Times Book Review*. In this remarkable biography, Carolly Erickson brings Elizabeth I to life and allows us to see her as a living, breathing, elegant, flirtatious, diplomatic, violent, arrogant, and outrageous woman who commands our attention, fascination, and awe. With her acclaimed writing skill, Carolly Erickson electrifies the senses as she evokes with total fidelity the brilliant colors of Elizabethan clothing and jewelry, the texture of tapestries, and even the close, perfumed air of castle rooms. Erickson demonstrates her extraordinary ability to discern and bring to life the psychological and physical reality of England's Golden Age. A masterpiece of narrative, a story so absorbing it is as hard to put down as a fine novel. Edward M. White, *Los Angeles Times Book Review*. Even more readable and absorbing than the justly praised works of Tuchman and Fraser. *Philadelphia Inquirer*. Carolly Erickson is a great interpreter of history. She's likely to be the Barbara Tuchman of her generation. David Herlihy, Charles Lea Professor of History, Harvard University.
