Saudi Arabia G. E. Moloney,      **Sydney Box** Andrew Spicer, 2006-09-05 This is an authoritative account of the career of  
Sydney Box one of British cinema s most successful and significant producers Concentrating on the period 1940 65 it  
highlights the crucial but often misunderstood role that the producer plays in the film making process and using largely  
unpublished material affords an exceptional insight into the workings of the film industry This study will be essential reading  
for scholars and students interested in British cinema and television history but its focus on the frequently misrepresented or  
misunderstood role of the producer will make it valuable for students of film generally      **Michael Rothenstein** Michael

Rothenstein Michael Rothenstein, 1963      **Burning the Box of Beautiful Things** Alex Seago, 1995 Alex Seago s book has  
been inspired by his desire to understand and discover the origins of postmodern culture in Britain One of the main points of  
his study is that it was art and design students who were among the first to be aware of and to articulate social implications  
of postmodern culture Arguing that postwar art schools provided a vital crucible for the development of a particularly English  
cultural sensibility he focuses on cultural change at the Royal College of Art London during the 1950s and 1960s The  
students attack on the English box of beautiful things a term used by a former student to describe the neo Romantic neo  
Victorian highly decorated tastes of some RCA tutors took several forms which eventually resulted in the Pop Art produced  
by the 1959 62 generation Boshier Phillips Jones Hockney et al Alex Seago traces the emergence of English postmodernism  
through the pages of ARK The Journal of the Royal College of Art interviewing ARK s editors art editors and contributors  
including Len Deighton novelist and art editor of ARK 10 Clifford Hatts student at the RCA 1946 8 and later head of the  
Design Group BBC Peter Blake RCA Painting School 1953 6 Robyn Denny RCA Painting School 1954 7 ARK s object of  
enquiry remained the elusive but necessary relationships between the arts and the social context throughout its twenty five  
year history making it a valuable archive for the cultural historian in its most memorable issues ARK s layouts complemented  
the contents to produce distillations of the energy and enthusiasm of the period under review
