Sweet,2006-12-20 A detailed study of Italy's long ignored tank force Explores the intersection of technology war and society in Mussolini's Italy Second only to Germany in number of tank divisions first to create an armored corps Though overshadowed by Germany's more famous Afrika Korps Italian tanks formed a large part of the Axis armored force that the Allies confronted and ultimately defeated in North Africa in the early years of World War II Those tanks were the product of two decades of debate and development as the Italian military struggled to produce a modern mechanized army in the aftermath of World War I For a time Italy stood near the front of the world's tank forces but once war came Mussolini's iron arm failed as an effective military force This is the story of its rise and fall

Peiper's War Danny S Parker,2020-04-29 A bad reputation has its commitments So wrote home Jochen Peiper from the fighting front in the East in 1943 characterizing his battle hardened command during the Second World War Peiper's War is a new serious work of military history by the renowned author Danny S Parker which presents a unique view off the Second World War as seen from a prominent participant on the dark side of history The story follows the wartime career of Waffen SS Colonel Jochen Peiper a handsome Aryan prodigy who was considered a hero in the Third Reich Peiper had been Heinrich Himmler's personal adjutant in the early years of the war and having procured a field command in Hitler's namesake fighting force the Leibstandarte Adolf Hitler he became famous for a flamboyant and brutal style of warfare on the Eastern Front There in his sphere few prisoners were taken and motives of racial genocide were never far from unspoken orders Transferred to the west Peiper's battlegroup incinerated a tiny town in Northern Italy and killed the village mayor and priest Being well connected to Himmler and other generals of the period Peiper finds a place in the narrative as a storied witness to the inner workings of the Nazi elite along with other prominent SS officers such as Kurt Meyer In this meticulously researched work we witness the apex and then death spiral of Nazi military intentions as Peiper fights for Germany across every front in the conflict Peiper's War provides a telling inside look at Hitler's war and then how the dark secrets of his security minded command were improbably unearthed at the end of the conflict by an obscure top secret surveillance facility in the United States

A Soldier in the Cockpit Ron W. Pottinger,2007-03-20 I could see a carpet of twinkling lights from the ack ack all along the rail sidings which bordered the canal I dove onto these with my cannons going Then suddenly when the attention of all the guns turned on me I realized how foolhardy I was being I ran the guns along the row of rail trucks opened the throttle wide and pulled straight up for the clouds with tracers crossing in front and on all sides of the plane Ron Pottinger started the war as a rifleman in the Royal Fusiliers then transferred to the Royal Air Force where he began flying the 7.5 ton Hawker Typhoon He flew dozens of dangerous ground attack missions over occupied Europe through bad weather heavy flak and enemy fighters before being shot down and taken prisoner
