**Michael Jackson and the Quandary of a Black Identity** Sherrow O. Pinder, 2021-08-01 In Michael Jackson and the Quandary of a Black Identity Sherrow O Pinder explores the ways in which the late singer's racial identification process problematizes conceptualizations of race and the presentation of blackness that reduces blacks to a bodily mark Pinder is particularly interested in how Michael Jackson simultaneously performs his racial identity and posits it against strict binary racial definitions neither black nor white While Jackson's self fashioning deconstructs and challenges the corporeal notions of natural bodies and fixed identities negative readings of the King of Pop fuel epithets such as weird or freak subjecting him to a form of antagonism that denies the black body its self determination Thus for Jackson racial identification becomes a deeply ambivalent process which leads to the fragmentation of his identity into plural identities Pinder shows how Jackson as a racialized subject is discursively confined to a third space a

liminal space of ambivalence      **Michael Jackson the Solo Years** Craig Halstead, Chris Cadman, 2003 The main focus of this book is on Michael's career from the late 1970s onwards. It features a complete chronological listing of every album, one-off single and collaboration Michael recorded during this period. Throughout the book, albums are printed in CAPITALS to distinguish them from singles and other songs. Each entry features American and UK catalog numbers and release dates, artist credits as per the actual release, album track listings and chart positions achieved in the States Hot 100 and R & B charts, the UK and numerous other countries. Other significant aspects of Michael's life are included as well, and the book concludes with a comprehensive chartography of USA and UK top singles and albums, awards, movies and videography, discographies USA and UK, and a fascinating listing of rarities from around the world.      On Michael Jackson Margo Jefferson, 2007-01-09 The renowned Pulitzer Prize-winning cultural critic brilliantly unravels the complexities of one of the most enigmatic figures of our time in this passionate, incisive and bracing work of cultural analysis. Who is Michael Jackson and what does it mean to call him a What Is It? What do P. T. Barnum, Peter Pan and Edgar Allan Poe have to do with our fascination with Jackson? How did his curious Victorian upbringing and his tenure as a child prodigy on the chitlin circuit inform his character and multiplicity of selves? How is Michael Jackson's celebrity related to the outrageous popularity of nineteenth-century minstrelsy? What is the perverse appeal of child stars for grown-ups and what is the price of such stardom for these children and for us? What uncanniness provoked Michael Jackson to become *Alone of All His Race*, *Alone of All Her Sex* while establishing himself as an undeniably great performer with neo-Gothic dandy proclivities and a producer of visionary music videos? What do we find so unnerving about Michael Jackson's presumed monstrosity? In short, how are we all of us implicated? In this stunning book, Margo Jefferson gives us the incontrovertible lowdown on call him what you wish; she offers a powerful reckoning with a quintessential, richly allusive signifier of American society and popular culture.      **Body Image and Identity in**

**Contemporary Societies** Ekaterina Sukhanova, Hans-Otto Thomashoff, 2015-03-24 Popular interest in body image issues has grown dramatically in recent years due to an emphasis on individual responsibility and self-determination in contemporary society as well as the seemingly limitless capacities of modern medicine; however, body image as a separate field of academic inquiry is still relatively young. The contributors of *Body Image and Identity in Contemporary Societies* explore the complex social, political and aesthetic interconnections between body image and identity. It is an in-depth study that allows for new perspectives in the analysis of contemporary visual art and literature but also reflects on how these social constructs inform clinical treatment. Sukhanova and Thomashoff bring together contributions from psychoanalysts, psychotherapists, psychiatrists and scholars in the fields of the social sciences and the humanities to explore representations of the body in literature and the arts across different times and cultures. The chapters analyse the social construction of the ideal body in terms of beauty, gender, sexuality, race, ethnicity, class and disability from a broadly psychoanalytic perspective and trace the mechanisms which define the role of the physical appearance in the formation of identity and the assumption of social roles.

Body Image and Identity in Contemporary Societies unique interdisciplinary outlook aims to bridge the current gap between clinical observations and research in semiotic theory It will be of interest to psychoanalysts psychotherapists art therapists art theorists academics in the humanities and social sciences and those interested in an interdisciplinary approach to the issues of body image and identity Ekaterina Sukhanova is University Director of Academic Program Review at the City University of New York USA She serves as Scientific Secretary of the Section for Art and Psychiatry and the Section of Art and Psychiatry of the World Psychiatric Association She is also engaged in interdisciplinary research on cultural constructs of mental health and illness and curates exhibits of art brut as a vehicle for fighting stigma Hans Otto Thomashoff was born in Germany and lives in Vienna He is a psychiatrist psychoanalyst art historian and author of fiction and non fiction books He has been curator of several art exhibitions highlighting the connection between the psyche and art as well as president of the section of Art and Psychiatry of the World Psychiatric Association and advisory committee member of the Sigmund Freud Foundation Vienna
