Los procesos de formación y rendimiento en Baloncesto Sergio José

Ibáñez Godoy, Sebastian Feu, Javier García-Rubio, 2019-12-22 Este libro reúne una variedad de artículos de investigación donde diferentes autores han plasmado sus estudios y experiencias con minucioso detalle y que son de gran valía para cualquier profesional que quiera profundizar en el análisis de los procesos formativos. Para llegar a la excelencia y al mejor nivel competitivo resulta clave que los procesos de aprendizaje en las categorías formativas se hayan desarrollado de la forma más eficaz. Y en este punto debemos plantearnos algunas cuestiones desde qué categoría deja de ser formativa en la máxima competitiva y nivel se puede seguir formando o solo se puede competir por ganar. Los jugadores que alcanzan la élite y el máximo nivel competitivo no siempre proceden de un excelente proceso formativo: son innumerables los jugadores de primerísimo nivel que han sido capaces de explotar algunas cualidades y sin embargo son carentes de otras muchas que no han sido desarrolladas durante su proceso formativo. Los déficits en la técnica o táctica individual se muestran no solo en la competición sino también durante los entrenamientos en los ejercicios y tareas del juego específico. Es responsabilidad de los entrenadores de alto nivel no solo prestar atención al resultado competitivo sino también al desarrollo de las cualidades poco trabajadas o más carentes de nuestros jugadores para perseguir siempre la mejora individual y colectiva del grupo. El proceso de formación no debe ser exclusivo de nuestros jugadores: los entrenadores nos debemos sentir también responsables de nuestra formación y mejora como profesionales. Tal y como indica Sergio Ibáñez en su capítulo, el control del entrenamiento es una buena forma de seguir formándose y mejorando para optimizar nuestros conocimientos y darle mayor rendimiento. En definitiva, se trata de una publicación de enorme valor práctico para cualquier interesado en los procesos formativos y desarrollo del jugador de baloncesto. *Library of Congress Catalogs* Library of Congress, 1976
