Narcissus From Rubble:

Narcissus from Rubble: Competing Models of Character in Contemporary British and American Fiction Raper, Julius Rowan,1992 **A Study Guide for Saul Bellow's *Seize the Day*** Gale, Cengage Learning,2015-09-24 A Study Guide for Saul Bellow's *Seize the Day* excerpted from Gale's acclaimed *Novels for Students*. This concise study guide includes plot summary, character analysis, author biography, study questions, historical context, suggestions for further reading, and much more. For any literature project, trust *Novels for Students* for all of your research needs. [A Companion to the British and Irish Novel, 1945 - 2000](#) Brian W. Shaffer,2008-04-15 *A Companion to the British and Irish Novel 1945-2000* serves as an extended introduction and reference guide to the British and Irish novel between the close of World War II and the turn of the millennium. Covers a wide range of authors from Samuel Beckett to Salman Rushdie. Provides readings of key novels including Graham Greene's *Heart of the Matter*, Jean Rhys's *Wide Sargasso Sea*, and Kazuo Ishiguro's *The Remains of the Day*. Considers particular subgenres such as the feminist novel and the postcolonial novel. Discusses overarching cultural, political, and literary trends such as screen adaptations and the literary prize phenomenon. Gives readers a sense of the richness and diversity of the novel during this period and of the vitality with which it continues to be discussed. *The World Is Our Home* Jeffrey J. Folks, Nancy Summers Folks,2021-10-21 Since the early 1970s, southern fiction has been increasingly attentive to social issues, including the continuing struggles for racial justice and gender equality, the loss of a sense of social community, and the decline of a coherent regional identity. The essays in *The World Is Our Home* focus on writers who have explicitly addressed social and cultural issues in their fiction and drama, including Dorothy Allison, Horton Foote, Ernest J. Gaines, Jill McCorkle, Walker Percy, Lee Smith, William Styron, Alice Walker, and many others. The contributors provide valuable insights into the transformation of southern culture over the past thirty years and probe the social and cultural divisions that persist. The collection makes an important case for the centrality of social critique in contemporary southern fiction. *Lawrence Durrell* Julius Rowan Raper, Melody L. Enscoe, Paige Matthey Bynum,1995 Lawrence Durrell excelled in a great variety of genres: poetry, drama, travel books, humorous writings, translations, critical essays, philosophical essays, character sketches, and above all, genre and culture transforming experimental novels. In keeping with Durrell's multifaceted career and the centrality of his experiments, the essays in this collection use a variety of literary approaches to the diversity of Durrell's contributions to literature, illuminating four major dimensions of Durrell's writing. [Richard Wright](#) Kenneth Kinnamon,2006-03-13 African American writer Richard Wright 1908-1960 was celebrated during the early 1940s for his searing autobiography *Black Boy* and fiction *Native Son*. By 1947 he felt so unwelcome in his homeland that he exiled himself and his family in Paris. But his writings changed American culture forever, and today they are mainstays of literature and composition classes. He and his works are also the subjects of numerous critical essays and commentaries by contemporary writers. This volume presents a comprehensive annotated bibliography of those essays, books, and articles from 1983 through

2003 Arranged alphabetically by author within years are some 8 320 entries ranging from unpublished dissertations to book length studies of African American literature and literary criticism Also included as an appendix are addenda to the author s earlier bibliography covering the years from 1934 through 1982 This is the exhaustive reference for serious students of Richard Wright and his critics **Twentieth-century Short Story Explication** ,1989 *Towards the Antibildungsroman* Justyna Kociatkiewicz,2008 Rev and edited version of the author s doctoral thesis Adam Mickiewicz University 2001 Lack of Character John M. Doris,2002-08-15 This is a provocative contribution to contemporary ethical theory challenging foundational conceptions of character **Twentieth-century Short Story Explication** Warren S. Walker,Wendell M. Aycock,1993 Contains nearly 32 500 entries that provide a bibliography of interpretations that have appeared since 1900 of short stories published since 1800 *Daffodils, Narcissus, and how to Grow Them as Hardy Plants and for Cut Flowers* Arthur Martin Kirby,1907 **Experimental Film and Queer Materiality** Juan A. Suárez,2024 Often described as an art of abstraction and subjective introspection experimental film is also invested in exploring daily objects and materials and in channeling in the process a peculiar perception of the modern everyday that this book calls queer materiality Queer materiality designates the queer latency of modern material culture which often inspired queer artists and filmmakers to envision wayward bodies and behaviors and refers to the way in which sexual and social dissidence was embedded in the objects technologies substances and spaces that make up the hardware of experience This book studies a rich archive of queer material engagements in work by well known filmmakers such as Andy Warhol Barbara Hammer Carolee Schneemann and Jack Smith as well as under recognized figures such as Tom Chomont Jim Hubbard Ashley Hans Scheirl and Teo Hernandez Combining history formal analysis and theoretical reflection author Juan A Su rez shows how plastics glitter mechanical ensembles urban ruins garbage amphetamine film grain and noise have been mobilized in the articulation of queerness for the screen Experimental Film and Queer Materiality is an inquiry into the liveliness of matter and into the interface between sexuality and the material world Deus Loci ,1992 Narcissus from Rubble Julius Rowan Raper,1992-01-01 By the mid 1950s when Saul Bellow published *Seize the Day* French existentialism and the phenomenological view of humankind that underlies it had become popular enough in the United States and England for leading novelists to begin dealing critically with its fundamental assumptions Taking as its starting point the critique of existentialism s phenomenological background derived from Edmund Husserl and elaborated by Martin Heidegger and Jean Paul Sartre Julius Rowan Raper s *Narcissus from Rubble* delves into the intellectual assumptions that lie behind eleven of the most influential and challenging novels created by Bellow Thomas Pynchon John Fowles Jerzy Kosinski John Barth and Lawrence Durrell Raper sees the central conflict of twentieth century humanistic inquiry as the modern opposition between psychology and philosophy He dramatizes the competition in the novels between the phenomenological model of human behavior and a variety of models associated with psychoanalysis especially those created by Sigmund Freud Carl Jung and Heinz Kohut He argues that despite numerous

efforts to fuse phenomenology and psychoanalysis the two conceptions of personality have been fundamentally opposed to each other since Husserl's original description of phenomenology The book underscores the irony that while much contemporary literary criticism continues to draw on a phenomenologically based view of character derived in part from the essays of Jacques Lacan our leading novelists for a quarter century have been warning us in major novels such as Henderson the Rain King V and The Magus of the rage compulsiveness emptiness pointlessness fragmentation and associated dangers to which taking a phenomenological stance may contribute Raper finds that all six novelists worked through the intellectual maze that Freud called narcissism as well as through the hazards of self transcendence to a new understanding of narcissism that is less judgmental and more perceptive than Freud's earlier formulation It is this struggle first to comprehend the dangers of the self transcending tendencies of our culture and then to become completely true to ourselves beyond the roles imposed on us by life that creates the drama Raper detects as the common component in the works studied in this book Raper's approach offers exciting insights into some fascinating and difficult literary texts By revealing the common concern on which they rest he provides the reader with an illuminating way to approach other contemporary works of literature
