New Dimensions In Regional Integration:

New Dimensions in Regional Integration Jaime De Melo, Arvind Panagariya, 1993 This volume considers the implications of revived interest in regional integration for the world trading system [The New Regionalism in Trade Policy](#) Jaime De Melo, 1992

Global Governance Lisa Martin, 2017-03-02 As economic social and environmental connections among states have grown stronger and denser in the last decades new levels and types of governance have emerged The process of globalization while not entirely new has created new challenges for policymakers attempting to reap its benefits and manage its effects This volume pulls together work on global governance that examines these challenges and looks at the patterns of governance that emerge The work is organized into six sections The first introduces concepts crucial to the analysis of global governance including representation efficiency and hierarchy The next two sections turn to specific patterns of governance in two realms security and economic affairs respectively The fourth section examines legal dimensions of governance The fifth section concentrates on the impact of global governance on domestic politics while the sixth looks at how concepts of norms and legitimacy structure our understanding of governance Overall this collection reveals a rich scholarly understanding of globalization governance and institutions that builds on deep theoretical roots while shedding light on major policy issues

Trading Blocs Jagdish N. Bhagwati, Pravin Krishna, Arvind Panagariya, 1999 The recent proliferation of free trade areas and customs unions in the world trading system has led to a revival of interest in the economic analysis of Preferential Trade Agreements PTAs The principal theoretical question of the 1950s and 1960s Viner was whether PTAs encourage or discourage the worldwide nondiscriminatory freeing of trade The essays in this volume present the central contributions to the analytical approaches developed to examine these questions Provided by publisher

Global Political Economy Theodore H. Cohn, 2016-05-05 Praised for its authoritative coverage Global Political Economy places the study of international political economy IPE in its broadest theoretical context now updated to cover the continuing global economic crisis and regional relationships and impacts This text not only helps students understand the fundamentals of how the global economy works but also encourages them to use theory to more fully grasp the connections between key issue areas like trade and development Written by a leading IPE scholar this text equally emphasizes theory and practice to provide a framework for analyzing current events and long term developments in the global economy New to the Seventh Edition Focuses on the ongoing global economic crisis and the continuing European sovereign debt crisis along with other regional economic issues including their implications for relationships in the global economy Offers fuller and updated discussions of critical perspectives like feminism and environmentalism and includes new material differentiating among the terms neomercantilism realism mercantilism and economic nationalism Updated author written Test Bank is provided to professors as an e Resource on the book's Webpage

Regions and Development Sheila Page, 2020-12-15 At the 1996 EADI Conference the papers presented in the World Trade and Trade Policy workshop looked at the new trends in regionalism from a variety of points of view for different institutions They considered the effects of regions their implications for policy and performance in the developing countries and for international economic institutions and tried to interpret them in terms of economic and political theory **Global Political**

Economy Robert G. Gilpin, 2011-08-29 This book is the eagerly awaited successor to Robert Gilpin's 1987 *The Political Economy of International Relations* the classic statement of the field of international political economy that continues to command the attention of students researchers and policymakers The world economy and political system have changed dramatically since the 1987 book was published The end of the Cold War has unleashed new economic and political forces and new regionalisms have emerged Computing power is increasingly an impetus to the world economy and technological developments have changed and are changing almost every aspect of contemporary economic affairs Gilpin's *Global Political Economy* considers each of these developments Reflecting a lifetime of scholarship it offers a masterful survey of the approaches that have been used to understand international economic relations and the problems faced in the new economy Gilpin focuses on the powerful economic political and technological forces that have transformed the world He gives particular attention to economic globalization its real and alleged implications for economic affairs and the degree to which its nature extent and significance have been exaggerated and misunderstood Moreover he demonstrates that national policies and domestic economies remain the most critical determinants of economic affairs The book also stresses the importance of economic regionalism multinational corporations and financial upheavals Gilpin integrates economic and political analysis in his discussion of global political economy He employs the conventional theory of international trade insights from the theory of industrial organization and endogenous growth theory In addition ideas from political science history and other disciplines are employed to enrich understanding of the new international economic order This wide ranging book is destined to become a landmark in the field **Regionalism and Africa's Development** S.K.B.

Asante, 2016-07-27 A critical appraisal of regionalism as a key strategy in Africa's development explaining the failures thus far of attempts at regional integration on the continent This is the first text to highlight the main features of the new post 1990 regional initiatives such as the all embracing African Economic Community and World Bank IMF African Development Bank EC and French initiatives and the challenges to Africa from trading blocs elsewhere in the post Uruguay Round environment **Power Dynamics and Regional Security in Latin America** Marcial A.G. Suarez, Rafael Duarte

Villa, Brigitte Weiffen, 2017-07-25 This volume explores the repercussions of a changing world order on regional security in Latin America It examines how global and regional power shifts impact on the evolution of regional institutions as well as on state policies adopted in response to regional security challenges such as border conflicts political instability migration drug

trafficking organized crime and terrorism Contributions to this volume analyze the topic from three angles power dynamics and its effects on regional security governance the contribution of regional institutions to the management of security challenges and the impact of power dynamics on states shifting security priorities Written by specialists from Brazil Argentina Colombia Mexico the United States and Europe the chapters weave theory and case studies to provide a rich description of the impact of power and politics on regional security in Latin America This book is an invaluable resource for students scholars and practitioners interested in Latin American politics regional cooperation and war and conflict studies as well as international security and international relations in general Globalization and Autocentricity in Africa's

Development in the 21st Century Kidane Mengisteab,1996 African economies are the most dependent and the most marginalised in the global system Prevailing policies to integrate these economies more closely with the global economy are in the view of many misplaced and this work presents a series of alternative strategies that will tap the energies of the African people to develop their own potential and reduce their dependence on World Bank IMF led approaches **Climate Change and Africa** Pak Sum Low,2006-11-02 At the beginning of the twenty first century no environmental issue is of such truly global magnitude as the issue of climate change The poorer developing countries are the least equipped to adapt to the potential effects of climate change although most of them have played an insignificant role in causing it African countries are amongst the poorest of the developing countries This book presents the issues of most relevance to Africa such as past and present climate desertification biomass burning and its implications for atmospheric chemistry and climate energy generation sea level rise ENSO induced drought and flood adaptation disaster risk reduction the UNFCCC and Kyoto Protocol especially the Clean Development Mechanism capacity building and sustainable development It provides a comprehensive and up to date review of these and many other issues with chapters by the leading experts from a range of disciplines Climate Change and Africa will prove to be an invaluable reference for all researchers and policy makers with an interest in climate change and Africa **Preferential Trade Agreements** Kyle W. Bagwell,Petros C. Mavroidis,2011-03-07

This volume assembles a stellar group of scholars and experts to examine preferential trade agreements PTAs a topic that has time and again attracted the interest of analysts It presents a discussion of the evolving economic analysis regarding PTAs and the various dysfunctions that continually place them among the priority items for re negotiation by the WTO The book explores recent empirical research that casts doubt on the old trade diversion school and debates why the WTO should deal with PTAs and if PTAs belong under the mandate of the WTO as we now know it Regional Blocs A.S.

Bhalla,2016-07-27 A topical study of regional arrangements covering ASEAN SAARC and APEC in Asia NAFTA and MERCOSUR in the Americas SADC SACU and ECOWAS in Africa and the European Union EFTA and Eastern Europe The book argues that foreign direct investment is complementary to trade and most regional arrangements can create trade and induce growth so long as they remain open and non discriminatory But they could also become stumbling blocks to

globalization The book demonstrates how US and EU trade policy will be crucial in shaping the world economy *The Middle East in Global Change* Laura Guazzone, 2016-07-27 What are the prospects of the Middle East region moving from a warfare to a welfare A group of leading scholars of the Middle East and North Africa political scientists economists sociologists strategic analysts and historians adopt a common political economy approach to answer this much debated question **The Relevance of Regions in a Globalized World** Galia Press-Barnathan, Ruth Fine, Arie M.

Kacowicz, 2018-11-09 This volume provides a unique open inter disciplinary dialogue across the Humanities and Social Sciences to further our understanding of the phenomenon of regions and regionalism in a globalized world both at the theoretical and empirical levels What comprises a region What are the different regional dynamic processes that take place What is the relationship between the regional and the global What role does identity building play Bringing together scholars from various disciplines within and across the Social Sciences and the Humanities to reflect on these questions the book explores how regions are imagined constructed understood and explained in different academic disciplines Each chapter addresses these common questions and uses its own disciplinary lenses to answer them In addition the volume offers interesting reflections on the academic borders constructed in the study of regions thus demonstrating the importance of obtaining insights from both social scientists and humanities scholars in order to better understand the relevance of regions in a complex and globalized world An important work for scholars and postgraduate students in many fields including political science international relations sociology economics geography history and literature as well as for those interested in regionalism and area studies **Global Trade** John J. Kirton, 2017-05-15 Trade has long been a core part of international relations Bilateral plurilateral and multilateral trade flows and agreements have arisen in many ways and in many areas over the centuries From regional arrangements such as the North American Free Trade Agreement to the all encompassing General Agreement on Tariffs and Trades and now the World Trade Organization the system of global trade has seen struggles and successes alike The traditional debate over liberalization and protectionism remains central today and with ever expanding globalization facing all states the future of global trade seems to be no less controversial than it was centuries ago By assembling the key scholarly works that have defined the field of global trade this work addresses these debates and examines the past to see what the future of global trade might look like Renewing Development in Sub-Saharan Africa Deryke Belshaw, the late Arthur Ian Livingstone, 2005-06-29

Renewing Development in Sub-Saharan Africa reviews the debates and brings together specialist contributions to provide a clear guide to the major complexities of African development They lay the foundation for designing a range of individual country specific policy sets in which the strategic components are prioritized according to each country's constraints and opportunities The emphasis of the book is on the identification of effective strategies that will enable individual countries to most effectively exploit their growth opportunities and to meet poverty reducing and other key equity objectives **Routledge Encyclopedia of International**

Political Economy R. J. Barry Jones, 2002-09-11 This three volume Encyclopedia offers the first comprehensive and authoritative survey of the rapidly developing field of international political economy Its entries cover the major theoretical issues and analytical approaches within the field The set also provides detailed discussion of the contributions of key individuals and surveys a wide range of empirical conditions and developments within the global political economy including its major institutions The Encyclopedia has been designed to be eclectic in approach and wide ranging in coverage Theoretical entries range from discussions of the definition and scope of the field through core methodological questions such as rationalism and the structure agent problem to surveys of the major theories and approaches employed in the study of the international political economy

The Institutional Transformation of the Economic Community of West African States Kofi Oteng Kufuor, 2006 A unique analysis of regional economic integration in West Africa this book is an exploration of the institutional evolution of the Economic Community of West African States ECOWAS It uses the tools of the New Institutional Economics School NIE to explore the most recent ECOWAS Treaty
