Macchia, 2016 The book of Revelation is perhaps the most theologically complex and literarily sophisticated text in the New Testament In this commentary John Christopher Thomas and Frank Macchia make the brilliant but challenging text of Revelation more accessible and easier to understand on its own terms rather than as a futuristic prophecy In addition to their literary exegetical and theological analysis of the text they offer sustained theological essays on the book's most significant themes and issues accenting especially the underappreciated place of the Holy Spirit in the theology of the book **Bible Prophecy**

for Blockheads Douglas Connelly, 2002 This easy to use book presents biblical end times prophecy in an uncomplicated nonintimidating format It exposes readers to the main aspects of end times prophecy and to the various views on how biblical predictions will be fulfilled Graphics July *Faith's Fundamentals* Jack Cottrell, 2002-06-11 Academic questions Not according to Jack Cottrell He believes our answers to questions like these decide whether we ll win against Satan s battle for our mind and soul How should you answer these questions What do you know about the essentials of Christian faith In a world that says truth doesn t matter discover what God says about these basics In a culture that emphasizes feelings over facts consider what God says you must believe and why Seven readable chapters explain foundational principles in language everyone can understand The book is perfect for groups as well as for your own individual study *Understanding Bible Prophecy* Edmund Berkeley Hammond, 2011-07-25 Since his water baptism as a teenager Edmund Berkeley Hammond known by the nickname of Berk has always tried to be a good Christian However his work as a Christian truly began in 1972 when he received a supernatural message from God calling him to be an interpreter of the prophetic scriptures of the Bible Since receiving this call he has written more than 20 short papers on controversial prophetic topics under Gods direction Twelve of these papers are presented as chapters in this book **The Divine Picture Book: A Study Guide for the Book of Revelation** James E. Sebel, 2013-12-19 In this detailed study outline of the book the author connects the message of the book to its Old Testament roots and reclaims it for contemporary Christians struggling to live out their faith in what seems to be an increasingly hostile world The author presents the images of Revelation as a divine picture book not to be debated or to serve as a detailed calendar of end time events but to reassure believers today that the promise of the gospel is still as real fresh and powerful as it s ever been **Bible Prophecy Answer Book** Ron Rhodes, 2017-02-28 Studying Prophecy Can Change Your Life Strengthen your faith and find real hope for the future in this extensive resource that provides concise answers to your most burning questions about Bible prophecy and the end times Topics include everything from how to interpret prophecy to clarifying the perplexing specifics of the rapture the antichrist and the afterlife Respected Bible scholar Ron Rhodes addresses questions many are asking such as Is it important that we be aware of the signs of the times Do Christians agree about the role of America in Bible prophecy Is there biblical evidence that the church will escape the tribulation period Will only believers enter into Christ s millennial kingdom In what way will the heavens and earth be made new Whether you re looking for quick instruction or you re eager to go deeper this accessible Q A style guide will help you navigate prophetic Scripture passages and better understand matters of eternal significance [Pro Ecclesia Vol 25-N3](#) Pro Ecclesia, Joseph Mangina, Associate Professor of Theology & Director of Advanced Degree Studies, Wycliffe College, Toronto, 2016-08-25 Pro Ecclesia is a quarterly journal of theology published by the Center for Catholic and Evangelical Theology [Kolonie](#) Roger Bullard, 2013-05-01 By the thirty fi rst century the nations of Earth had united and sent kolonies throughout the Sol System as well as to six other star systems in the Milky Way Candidate planets to kolonize were beginning

Studebaker, 2016-10-26 This book argues that Christians have a stake in the sustainability and success of core cultural values of the West in general and America in particular Steven M Studebaker considers Western and American decline from a theological and specifically Pentecostal perspective The volume proposes and develops a Pentecostal political theology that can be used to address and reframe Christian political identity in the United States Studebaker asserts that American Christians are currently not properly engaged in preventing America's decline or halting the shifts in its core values The problem he suggests is that American Christianity not only gives little thought to the state of the nation beyond a handful of moral issues like abortion but its popular political theologies lead Christians to think of themselves more as aliens than as citizens This book posits that the proposed Pentecostal political theology would help American Christians view themselves as citizens and better recognize their stake in the renewal of their nation The foundation of this proposed political theology is a

pneumatological narrative of renewal a biblical narrative of the Spirit that begins with creation proceeds through Incarnation and Pentecost and culminates in the new creation and everlasting kingdom of God This narrative provides the foundation for a political theology that speaks to the issues of Christian political identity and encourages Christian political participation
