Randolph Starn **To the End of the Earth** Stanley M. Hordes, 2005-08-30 In 1981 while working as New Mexico State
Historian Stanley M Hordes began to hear stories of Hispanos who lit candles on Friday night and abstained from eating pork
Puzzling over the matter Hordes realized that these practices might very well have been passed down through the centuries
from early crypto Jewish settlers in New Spain After extensive research and hundreds of interviews Hordes concluded that
there was in New Mexico and the Southwest a Sephardic legacy derived from the converso community of Spanish Jews In *To
the End of the Earth* Hordes explores the remarkable story of crypto Jews and the tenuous preservation of Jewish rituals and
traditions in Mexico and New Mexico over the past five hundred years He follows the crypto Jews from their Jewish origins in
medieval Spain and Portugal to their efforts to escape persecution by migrating to the New World and settling in the far
reaches of the northern Mexican frontier Drawing on individual biographies including those of colonial officials accused of
secretly practicing Judaism family histories Inquisition records letters and other primary sources Hordes provides a richly
detailed account of the economic social and religious lives of crypto Jews during the colonial period and after the annexation
of New Mexico by the United States in 1846 While the American government offered more religious freedom than had the
Spanish colonial rulers cultural assimilation into Anglo American society weakened many elements of the crypto Jewish
tradition Hordes concludes with a discussion of the reemergence of crypto Jewish culture and the reclamation of Jewish
ancestry within the Hispano community in the late twentieth century He examines the publicity surrounding the rediscovery
of the crypto Jewish community and explores the challenges inherent in a study that attempts to reconstruct the history of a
people who tried to leave no documentary record
