New Labour In Government

Duncan Hall

New Labour In Government:

A2 Government and Politics: Ideologies and Ideologies in Action Duncan Hall, *New Labour's Foreign Policy* Richard Little, Mark Wickham-Jones, 2000 On 12 May 1997 the foreign secretary Robin Cook launched a mission statement for New Labour's foreign policy This essay asks whether New Labour have re orientated the path of foreign policy from that established by the Conservatives

New Labour in Government Steve Ludlam, Martin John Smith, 2001 Tony Blair's promise was that Labour was elected as New Labour and would govern as New Labour This work examines the extent of New Labour's distinctiveness and asks to what extent its policies style and organization differ from those of previous Conservative and Old Labour governments

The Cameron-Clegg Government S. Lee, M. Beech, 2011-04-05 Beech and Lee provide a definitive guide to the coalition's first year in office Offering compelling insights into their policy agenda its chances of success and a thought provoking analysis of how the coalition government will affect the Conservatives Liberal Democrats and Labour long term

Understanding Youth In Late Modernity France, Alan, 2007-04-01 Understanding Youth in Late Modernity is a highly readable book which lends itself both as a solid introduction and a reference point to the historical developments and theoretical debates taking place within the discipline of youth studies This book provides a highly accessible text for anybody interested in the subject of youth and its changing role in late modernity I thoroughly recommend it Journal of Contemporary European Studies This illuminating new book embeds our understanding of the youth question within a historical context It shows how the ideas of past political action in conjunction with the diverse paradigms of social science disciplines have shaped modern conceptions of the youth question This relationship between the political and the academic is then explored through a detailed examination of contemporary debates about youth in areas such as transitions education crime policy and criminology consumption and youth culture From this analysis the book is able to show how the youth question in late modernity is being shaped This important text includes A historical overview of the making of modern youth identifying major changes that took place over three centuries Examples of how political and academic responses construct youth as a social problem An evaluation of the impact of social change in late modernity on our understanding of the youth question and the everyday lives of the young The book concludes by suggesting that in contemporary understandings of the youth question significant differences exist between the political and the academic Major challenges exist if this gap is to be addressed and a new public social science needs to emerge that reconstitutes debates about youth within a form of communicative democracy Understanding Youth in Late Modernity is key reading for students and academics interested in the historical conception of the youth problem its evolution throughout modernity and endeavours to find a solution

Government, Policy, and Ideology Keiko Yokoyama, 2009-11-16 Government Policy and Ideology analyzes the transformation of the university systems of England and Japan from the early 1980s with particular reference to the changing modalities of university autonomy and the power relationships between central authorities the universities and

the market The analysis compares the various policy positions of the relevant stakeholders in the two countries highlighting the ideologies of neo liberalism university autonomy and new managerialism These ideologies coexist in both the English and the Japanese university systems However the interpretations of these ideologies made by stakeholders the patterns of the interrelations between them and their contextualization as elements in the policy and stance of each stakeholder differ between England and Japan The book argues that convergence between the English and Japanese university systems is to a large extent explained in the transformation of the university system in England during the 1980s and the continuity of the Ministerial jurisdictional mechanism in Japan

New Labour Stephen Driver, Luke Martell, 2006-08-21 In May 2005 the Labour Party led by Tony Blair won an unprecedented third term in power After eight years in government its achievements were many But there was controversy too not least the decision to support the United States in the invasion of Iraq The Blair government promised to be different both at home and abroad New Labour would move social democratic politics on in the face of a rapidly changing world It would also take British politics and policy making beyond Thatcherism But how successful has it been In this second edition of the widely praised New Labour Politics after Thatcherism Stephen Driver and Luke Martell explore the origins of New Labour and examine in detail the Labour government's record in power They argue that this record bears the imprint of the reforms to the British state and society made under successive Conservative administrations At the same time New Labour has taken British politics and public policy in directions that reflect the party's progressive liberal and social democratic past New Labour is post Thatcherite The completely revised second edition of New Labour contains An accessible and comprehensive account of New Labour politics Up to date policy chapters on economic social and constitutional affairs A new chapter on European and foreign policies An original and critical interpretation of New Labour and the future of social democratic politics in Britain Europe and other parts of the world The second edition of New Labour will be an invaluable resource for students of politics sociology and other social sciences those involved in public policy and public affairs and anyone looking for an accessible guide to New Labour and the Blair government

Information Technology in Government Helen Margetts, 2012-10-12 This book situates information technology at the centre of public policy and management IT is now a vital part of any government organisation opening new policy windows and enabling a vast range of tasks to be carried out faster and more efficiently But it has also introduced new problems and challenges Four in depth case studies demonstrate how information systems have become inextricably linked with the core tasks of governmental organisations The key government departments examined are the Inland Revenue Service and Social Security Administration in the US the Inland Revenue and Benefits Agency in the UK

Social Policy: An Introduction Ken Blakemore, Louise Warwick-Booth, 2013-10-16 What are social policies How are social policies created and implemented Why do certain policies exist The fourth edition of this highly respected textbook provides a clear and engaging introduction to social policy The book has been thoroughly updated to include Changes in social policy introduced by the Coalition

government Incorporation of an international perspective throughout as well as a new chapter The global social policy environment Updated pedagogy to stimulate thought and learning Comprehensive glossary Social Policy is essential reading for students beginning or building on their study of social policy or welfare The wide ranging coverage of topics means that the book holds broad appeal for a number of subject areas including health social policy criminology education social work and sociology This textbook has always been a useful teaching resource because it combines substantial and engaging analysis with stand alone extracts The new edition adds a chapter on global social policy updates on the Coalition Government and guides to what is in the book The added activities are well thought out and can be adapted or expanded to suit the needs of particular students Hedley Bashforth Teaching Fellow in Social Policy University of Bath UK Social Policy An Introduction now in its fourth edition and eleventh year will remain a core social policy text on reading lists across the country due to its well written and comprehensive nature Completely revised it has been updated and extended to reflect contemporary developments in social policy and contains updated pedagogical features including activities for the reader learning outcomes at the start of each chapter and detailed case studies throughout Dr Liam Foster University of Sheffield UK This book provides as it states an introduction to the field and does so by adopting a highly attractive pedagogic style that evidences at every turn a sensitivity to the approaches to learning of contemporary students What Blakemore and Warwick Booth have produced is a clearly laid out and well structured analysis of impressive breadth that is a readily accessible learning instrument both for student and teacher Importantly it provides numerous opportunities to experiment with new ways of approaching the teaching of the subject Steen Mangen Department of Social Policy London School of Economics and Political Science UK

Modernising the Welfare State Martin Powell, 2008-09-30 This book the third in Martin Powell's New Labour trilogy analyses the legacy of Tony Blair's government for social policy focusing on the extent to which it has changed the UK welfare state

Social Democracy in Power Wolfgang Merkel, Alexander Petring, Christian Henkes, Christoph Egle, 2008-03-31 Compares and explores how social democratic governments have had to adapt to globalization European integration and social change and whether they have successfully managed to uphold old social democratic goals and values in light of the devaluation of traditional policy instruments

Measuring Wellbeing Karen Scott, 2012 Improving wellbeing and sustainability are central goals of government but are they in conflict This engaging new book reviews that question and its implications for public policy through a focus on indicators It highlights tensions on the one hand between various constructs of wellbeing and sustainable development and on the other between current individual and societal notions of wellbeing It recommends a clearer conceptual framework for policy makers regarding different wellbeing constructs which would facilitate more transparent discussions Arguing against a win win scenario of wellbeing and sustainability it advocates an approach based on recognising and valuing conflicting views where notions of participation and power are central to discussions Measuring Wellbeing is divided into two parts The first part provides a critical review of

the field drawing widely on international research but contextualised within recent UK wellbeing policy discourses The second part embeds the theory in a case study based on the author s own experience of trying to develop quality of life indicators within a local authority against the backdrop of increasing national policy interest in measuring happiness This accessible and informative book covering uniquely both practice and theory will be of great appeal to students academics and policy makers interested in wellbeing sustainable development indicators public policy community participation power and discourse

Revitalising Communities in a Globalising World Lena Dominelli, 2018-02-06 Revitalising Communities in a Globalising World explores the opportunities and constraints that the dynamics of globalisation present for human development in a range of different countries and situations Arguing that globalisation is currently a system of organising social relations along neoliberal lines this timely volume examines practical examples of how people respond to significant social changes in their communities The idea of communities is deconstructed to show that globalisation has collapsed the boundaries of time space and place in ways that have exacerbated inequalities at the same time giving rise to unparalleled riches for some The book encompasses a number of case studies that speak to policymakers practitioners educators and students interested in studying globalisation and making the most of its potential for change

The Impact of Local Government Modernisation Policies on Local Budgeting-CIMA Research Report W. B. Seal, Amanda Ball, 2008-07-18 This CIMA research report focuses on post 1997 policy innovations for the public sector and their impact on traditional budgeting practices In light of recent failures to reform local budgeting post 1997 it seeks to distinguish between original intentions of reform and their consequences offering alternatives to local government modernisation appropriate changes in strategic partnerships and new organisational structures The key question for the report is the extent to which it is possible or useful to reform traditional practices paying particular emphasis to the nature of modernisation in the governmental post 1997 period The report includes an in depth investigation into two case authorities in the UK The analysis will include findings from sources beyond the finance divisions of these authorities The study is comprehensive insightful and practical focussed The authors concentrate their investigation on a longitudinal field study of budgetary practice in two large and contrasting English local and produce a detailed comparison of the two cases The report concludes with recommendations to users of local government budgeting The final chapter discusses the comparison of the two cases It provides us with a number of concluding observations e g There is a need for more participation in budgeting and especially a more credible system for schools to get involved in the budget setting process and if the school s budgeting system is to remain centralised or become even more centralised then policy makers need to have a better knowledge of educational cost drivers A pioneering study evaluating individual service areas as opposed to ranking of overall corporate performance and offering a pragmatic solution to local government modernisation The first comprehensive investigation of two vastly different geographical locations of UK Aids understanding by analysing and producing a detailed comparison of two local authorities

Exploring Education Studies Vivienne Walkup, 2013-11-04 Exploring Education Studies is a rich and multi layered investigation of the world of education Although aimed at Education Studies courses the books thematic approach also makes it an excellent general introduction to education Building around four central themes psychology sociology current policy and global education the authors lively discussions capture the essence of this diverse subject area The Struggle for Labour's Soul Raymond Plant, Matt Beech, Kevin Hickson, 2004 Contributors ranging from Chancellor Gordon Brown to the Guardian newspaper s Polly Toybee discuss the Labour Party s political philosophy and address key topics like globalization constitutional reform equality and the third way **Northern Ireland** Paul Dixon, 2008-09-26 Clearly and accessibly written Dixon provides a lively introduction to the nature and politics of the Northern Ireland conflict and of successive attempts to resolve it The comprehensively revised 2nd edition has been updated to take account of new information and an entirely new chapter has been added on implementing the Good Friday Agreement Understanding Community Peter Somerville, 2011 Understanding community is a highly topical text offering a clear understanding of policy and theory in relation to community By examining areas of government policy such as economic development education health housing and community safety this book explores the difficulties that communities face and discusses new concepts such as community cohesion social capital and community capacity building Somerville challenges our understanding of community both social and conceptual and assesses the strengths and limitations of this understanding This book is essential for students studying social policy social work and sociology and an invaluable resource for policymakers in community development urban regeneration and allied fields **Managing the City** John Diamond, Joyce Liddle, Alan Southern, Alan Townsend, 2007-01-24 Taking a problem based approach to regeneration management this exciting book examines how various issues are addressed within the areas of social and economic development and transformation **Labour's Ballistic Missile Defence Policy 1997-2010** James Simpkin, 2022-12-23 This book uses the strategic relational approach to explain how the Labour governments of Tony Blair and Gordon Brown integrated the United Kingdom into the US ballistic missile defence system in order to maintain national security and to uphold the special relationship while at the same time recognising that voters were in general opposed to missile defence Labour s Ballistic Missile Defence Policy 1997 2010 examines how the Labour administration was tasked with navigating a domestic political environment in which they had to appear tough on defence in general in order to appeal to a broader range of the electorate while recognising that voters were opposed to missile defence in particular This book seeks to answer the question of why the centre left government of Tony Blair and Gordon Brown elected on a mandate of multi lateralism in international relations and espousing an ethical dimension to foreign policy committed the United Kingdom to US ballistic missile defence an internationally divisive military project associated with the US Republican Party and George W Bush in particular This book is essential for students and researchers interested in British military history international relations strategic studies British politics Labour politics and political theory
