and Michael Billig Chapters introduce the student to each individual and their reading contextualizing each in terms of their contribution to the field theoretical standpoint and individual method of doing discourse analysis The many didactic elements of the book make it ideal as an introduction to the study of discourse for all students of psychology sociology linguistics or cultural studies This book is a course reader for The Open University course Discourse Analysis D843 **Gender,**

Language and Discourse Ann Weatherall, 2005-07-05 Is language sexist Do women and men speak different languages Gender Language and Discourse uniquely examines the contribution that psychological research in particular discursive psychology has made to answering these questions Until now books on gender and language have tended to be from the sociolinguistic perspective and have focused on one of two issues sexism in language or gender differences in speech This book considers both issues and develops the idea that they shouldn't be viewed as mutually exclusive endeavours but rather as part of the same process the social construction of gender Ann Weatherall highlights the fresh insights that a social constructionist approach has made to these debates and presents recent theoretical developments and empirical work in discursive psychology relevant to gender and language Gender Language and Discourse provides the most comprehensive and up to date discussion of the gender and language field from a psychological perspective It will be invaluable to students and researchers in social psychology cultural studies education linguistic anthropology and women's studies **Race, Culture and Psychotherapy** Roy Moodley, Stephen Palmer, 2014-05-12 What is multicultural psychotherapy How do we integrate issues of gender class and sexual orientation in multicultural psychotherapy Race Culture and Psychotherapy provides a thorough critical examination of contemporary multiculturalism and culturalism including discussion of the full range of issues debates and controversies that are emerging in the field of multicultural psychotherapy Beginning with a general critique of race culture and ethnicity the book explores issues such as the notion of interiority and exteriority in psychotherapy racism in the clinical room race and countertransference conflicts spirituality and traditional healing issues Contributors from the United States Britain and Canada draw on their professional experience to provide comprehensive and balanced coverage of the following subjects critical perspectives in race and culture in psychotherapy governing race in the transference racism ethnicity and countertransference intersecting gender race class and sexual orientation spirituality cultural healing and psychotherapy future directions Race Culture and Psychotherapy will be of interest not only to practicing psychotherapists but also to students and researchers in the field of mental health and anyone interested in gaining a better understanding of psychotherapy in a multicultural society **Rape** Miranda Horvath, Jennifer Brown, 2013-01-11 Rape remains one of the most controversial issues within criminal justice and receives high profile coverage internationally Despite the many changes there have been to the law practice and procedure in the investigation of rape allegations and support available for victims victims are routinely blamed for their victimization Only a very small number of perpetrators ever face prosecution let alone conviction This book aims to take stock of current thinking and

research about rape and the way it is handled in practice within the criminal justice system and to challenge some of the widely held but inaccurate beliefs about rape. It brings together leading researchers in the field from psychology, sociology and law, considering new research and presenting new data from a strong theoretical and contextual base. The main focus of the book is on adult victims of rape, with chapters exploring such issues as rape and the media, the use of alcohol and drugs in rape, police decision making on rape cases, conviction patterns in rape trials and interviewing victims of rape and sexual assault.

American Families Stephanie Coontz, Maya Parson, Gabrielle Raley, 1999. A reader for a two quarter seminar on race, class and gender in family scholarship. Selections shed light on debates in family diversity, revealing that in every historical period the US has had several distinct but interconnected family systems, all of which form part of a larger constellation of power relations, unequal access to resources and struggles over ideological representations of family life. Topics include American Indians and the boarding school experience, social science theorizing for Latino families, gay and lesbian families and biracial identity. No index. Classics in Lesbian Studies Esther D. Rothblum, 2013-08-27. *Classics in Lesbian Studies* takes a major step in giving the lesbian experience its own unique voice within scholarship and the larger world society. Thus it is devoted exclusively to the lesbian experience and serves as a vehicle for the promotion of scholarship and commentary on lesbianism from an international perspective. Not only does it ensure that classic pieces are not forgotten by new generations of students and scholars, it also spurs further lesbian research, writing theory and scholarship. In *Classics in Lesbian Studies* you are introduced to descriptive, theoretical, empirical, applied and multicultural perspectives in the field of lesbian studies. Interdisciplinary, the book presents pieces from various academic areas in multiple formats, including personal accounts, poetry, editorials, debates and commentaries. For your convenience, the chapters are organized primarily across four categories: identity, history and literature, physical and social sciences, and back to lesbian politics. You will find the discussions of the following issues and subjects: provocative and insightful ways black women in the diaspora construct and name their sexual and romantic feelings for other women; lesbian identity formation in a changing social environment; how lesbians maneuver in the dominant culture and their own subculture; lesbianism as a political movement; the experiences of lesbian adolescents; teaching lesbian studies; lesbians and societal institutions including the work place, the media, the political arena, the legal system and religion; using lesbian feminist scholarship to reexamine women's lives in the past. Students, scholars, lesbian feminists and others interested in lesbian studies will find *Classics in Lesbian Studies* a vital examination of lesbianism since its grass roots. Not only does it consider the progress made since the initial days of fighting for liberation, it also explores a more distant, repressed past and anticipates future possibilities lying before us. This powerful, insightful collection is sure to become a classic as it grapples with virtually all aspects of lesbianism, from its inception as a political movement to its identity as a lifestyle choice to its implications of community.

Contextualizing Domestic Violence Jennifer Andrus, 2015-01-07. Language ideology is a

concept developed in linguistic anthropology to explain the ways in which ideas about the definition and functions of language can become linked with social discourses and identities In *Entextualizing Domestic Violence* Jennifer Andrus demonstrates how language ideologies that are circulated in the Anglo American law of evidence draw on and create indexical links to social discourses affecting speakers whose utterances are used as evidence in legal situations Andrus addresses more specifically the tendency of such a language ideology to create the potential to speak for appropriate and ignore the speech of women who have been victims of domestic violence In addition to identifying specific linguistic strategies employed in legal situations she analyzes assumptions about language circulated and animated in the legal text and talk used to evaluate spoken evidence and describes the consequences of the language ideology when it is co articulated with discourses about gender and domestic violence The book focuses on the pair of rules concerning hearsay and its exceptions in the Anglo American law of evidence Andrus considers legal discourses including statutes precedents their application in trials and the relationship between such legal discourses and social discourses about domestic violence Using discourse analysis she demonstrates the ways legal metadiscourses about hearsay are articulated with social discourses about domestic violence and the impact of this powerful co articulation on the individual whose speech is legally appropriated Andrus approaches legal rules and language ideology both diachronically and synchronically in this book which will be an important addition to ongoing research and discussion on the role legal appropriation of speech may have in perpetuating the voicelessness of victims in the legal treatment of domestic violence
