Henry James **The Female Performer between Exhibitionism and Feminism in Novels by James, Hawthorne, and Zola** Nodhar Hammami Ben Fradj, 2021-03-11 This book is concerned with the figure of the female performer in nineteenth century fiction It explores the attitudes of Henry James Nathaniel Hawthorne and Emile Zola towards women's appearances on political daises and theatrical stages Literature as a cultural force can either boost women's participation in public life or bolster the patriarchal ideology The book verifies Henry James's feminist ideology that lies behind the positive representation of women's political activism and acting as two different modes of performance through a comparative study between him and two of his contemporary novelists It reflects the clash of opinions among nineteenth century American and French authors on the issue of women's public manifestation as caught between the spectacular and the political While some writers have deemed it an exhibitionist demeanour others have considered it a commitment to the feminist project The first section shows how a feminist reading in the history of European and American female performers as emerging figures in the nineteenth century can help to understand the position of the figure in the literary works of the period Nathaniel Hawthorne is shown to be an author who holds the same feminist temperament as James through his portrayal of a talented political rhetorician in his novel *The Blithedale Romance* which is compared to James's *The Bostonians* in the second section The final part conducts a study in contrasts between James's supportive rendering of the actress in *The Tragic Muse* and Emile Zola's derogatory stereotyping of the female performer as a prostitute in his novel *Nana* Woman's Place In The Novels Of Henry James Elizabeth E Allen, 1984-06-21 Echoes of Emerson Diana Hope Polley, 2017-10-17 Probes the ways in which two major periods in nineteenth century American literature Romanticism and Realism have come to be understood and defined

**Henry James** Susan L. Mizruchi, 2021 Henry James A Very Short Introduction places Henry James's notoriously difficult writings in their historical and biographical context Henry James had a major impact on the literary culture of his time and ever since From his childhood through his mature life James created a unique body of fiction travel writing reviews and theory that represents one of the greatest achievements in America's literary history This VSI studies various fictional and non-fictional works by James These complex accounts of human experience engage with the vital issues of both James's era and our own including gender relations sexuality the nature of modernity the threat of relativism and the role of art The Prose Elegy John B. Vickery, 2009-05-15 Traditional English poetic elegists offer both writers and readers hope After lamenting an individual's death and confronting the mortality of all living things these poets seek consolation from religion philosophy or culture for the inevitability of death The modern prose elegy however follows a different path one that determinedly questions all possible resolutions In *The Prose Elegy* John B. Vickery continues the work he began in *The Modern Elegiac Temper* which examined the form in British and American poetry He now considers the works of American and British fiction writers from Henry James to Joan Didion and reveals how the elegy expanded into prose and why it evolved so as to deal not only with death but also with other forms of loss Focusing on individual works Vickery explores both

the forms the elegy takes throughout the twentieth century and the skeptical and uncertain attitudes of writers struggling to confront the trauma of loss He offers detailed interpretations of the elegiac components in the works of novelists James Joyce William Faulkner Virginia Woolf and Ernest Hemingway each of whom forged a distinctive style as well as chroniclers of a pervasive stoicism such as Malcolm Lowry and Joan Didion and writers as nuanced as Sherwood Anderson F Scott Fitzgerald James Agee and Ford Madox Ford For these writers Vickery shows sorrow intrudes upon the personal intellectual and cultural aspects of daily living By exploring how loss touches each of these areas their books probe intellectual boundaries and discover new elegiac themes Truman Capote and John Updike for example view memory which can disappear quickly as inherently sad They therefore elegize memory What consoles writers of the modern elegy changes too In place of Milton s religion or Shelley s philosophy twentieth century writers also seek comfort from what also saddens them family marriage and ideas of the self In *The Prose Elegy* Vickery convincingly demonstrates that the elegy remains a dominant mode throughout British and American literature with perhaps greater pertinence to our lives than ever before

Rich and Strange Marianne DeKoven, 2021-07-13 Like the products of the sea change described in Ariel s song in *The Tempest* modernist writing is rich and strange Its greatness lies in its density and its dislocations which have until now been viewed as a repudiation of and an alternative to the cultural implications of turn of the century political radicalism Marianne DeKoven argues powerfully to the contrary maintaining that modernist form evolved precisely as a means of representing the

terrifying appeal of movements such as socialism and feminism Organized around pairs and groups of female and male signed texts the book reveals the gender inflected ambivalence of modernist writers Male modernists desiring utter change nevertheless feared the loss of hegemony it might entail while female modernists feared punishment for desiring such change With water imagery as a focus throughout DeKoven provides extensive new readings of canonical modernist texts and of works in the feminist and African American canons not previously considered modernist Building on insights of Luce Irigaray Klaus Theweleit and Jacques Derrida she finds in modernism a paradigm of unresolved contradiction that enacts in the realm of form an alternative to patriarchal gender relations *Italian Music in Dakota* Andrea Mariani, 2017-03-13 The intersection between literature and music is a major feature in Anglo American cultural history The present volume analyzes the transatlantic migration of European opera and its appropriation by some of the most important literary figures of the United States The presence of opera in literary texts is always operative and results in artistic outputs possessing more articulated and tense vectors of meaning The comparative method applied confirms the musical sensitivity of masters such as Poe Whitman Melville Dickinson Wharton Cather reveals the intriguing contradictions in the poetics of Emerson Thoreau and James and vindicates the role of some minor figures who through their involvement in the world of musical theater contributed to the intercultural context **Medicine and Mobility in Nineteenth-Century British Literature, History, and Culture** Sandra Dinter, Sarah Schäfer-Althaus, 2023-03-15 *Medicine and Mobility in Nineteenth Century British Literature History and Culture* analyses the cultural and literary histories of medicine and mobility as entangled processes whose discourses and practices constituted influenced and transformed each other Presenting case studies of novels poetry travel narratives diaries ship magazines skin care manuals asylum records press reports and various other sources its chapters identify and discuss diverse literary historical and cultural texts contexts and modes in which medicine and mobility intersected in nineteenth century Britain its empire and beyond whereby they illustrate how the paradigms of mobility studies and the medical humanities can complement each other
