The Routledge Companion to Experimental Literature Joe Bray, Alison Gibbons, Brian McHale, 2012-07-26 What is experimental literature How has experimentation affected the course of literary history and how is it shaping literary expression today Literary experiment has always been diverse and challenging but never more so than in our age of digital media and social networking when the very category of the literary is coming under intense pressure How will literature reconfigure itself in the future The Routledge Companion to Experimental Literature maps this expansive and multifaceted field with essays on the history of literary experiment from the beginning of the twentieth century to the present the impact of new media on literature including multimodal literature digital fiction and code poetry the development of experimental genres from graphic narratives and found poetry through to gaming and interactive fiction experimental movements from Futurism and Surrealism to Postmodernism Avant Pop and Flarf Shedding new light on often critically neglected terrain the contributors introduce this vibrant area define its current state and offer exciting new perspectives on its future This volume is the ideal introduction for those approaching the study of experimental literature for the first time or looking to further their knowledge

Queer Experimental Literature Teagan Bradway, 2017-05-09 This volume argues that postwar writers queer the affective relations of reading through experiments with literary form Tyler Bradway conceptualizes bad reading as an affective politics that stimulates queer relations of erotic and political belonging in the event of reading These incipiently social relations press back against legal economic and discursive forces that reduce queerness into a mode of individuality Each chapter traces the affective politics of bad reading against moments when queer relationality is prohibited obstructed or destroyed from the pre Stonewall literary obscenity debates through the AIDS crisis to the emergence of neoliberal homonormativity and the gentrification of the queer avant garde Bradway contests the common narrative that experimental writing is too formalist to engender a mode of social imagination Instead he illuminates how queer experimental literature uses form to redraw the affective and social relations that structure the heteronormative public sphere Through close readings informed by affect theory *Queer Experimental Literature* offers new perspectives on writers such as William S Burroughs Samuel R Delany Kathy Acker Jeanette Winterson Eve Kosofsky Sedgwick Alison Bechdel and Chuck Palahniuk *Queer Experimental Literature* ultimately reveals that the recent turn to affective reading in literary studies is underwritten by a para academic history of bad reading that offers new idioms for understanding the affective agencies of queer aesthetics
