[American Guides](#) Wendy Griswold,2016-08-26 In the midst of the Great Depression Americans were nearly universally literate and they were hungry for the written word Magazines novels and newspapers littered the floors of parlors and tenements alike With an eye to this market and as a

response to devastating unemployment Roosevelt's Works Progress Administration created the Federal Writers Project. The Project's mission was simple jobs. But as Wendy Griswold shows in the lively and persuasive *American Guides*, the Project had a profound and unintended cultural impact that went far beyond the writers' paychecks. Griswold's subject here is the Project's *American Guides*, an impressively produced series that set out not only to direct travelers on which routes to take and what to see throughout the country but also to celebrate the distinctive characteristics of each individual state. Griswold finds that the series unintentionally diversified American literary culture's cast of characters promoting women, minority, and rural writers while it also institutionalized the innovative idea that American culture comes in state-shaped boxes. Griswold's story alters our customary ideas about cultural change as a gradual process, revealing how diversity is often the result of politically strategic decisions and bureaucratic logic as well as of the conflicts between snobbish metropolitan intellectuals and stubborn locals. *American Guides* reveals the significance of cultural federalism and the indelible impact that the Federal Writers Project continues to have on the American literary landscape.

The New Hiking the Monadnock Region Joe Adamowicz, 2007 Expanded and updated hiking guide to the Monadnock region featuring all new maps for each hike. *New Hampshire and the Revolutionary War* Bruce D. Heald PhD, 2013-06-11 New Hampshire was one of the first colonies to declare its independence from British rule. The patriotism and courage demonstrated in that act were by no means unprecedented just before they began the Revolution state residents attacked British occupied Fort William and Mary in December 1774. While no battles were fought within the borders of the Granite State these loyal sons of liberty contributed more men than any other state. Author Bruce D. Heald PhD celebrates the achievements and experiences of New Hampshire throughout the American Revolution. Learn how General John Stark gained battle experience in the French and Indian War that allowed him to successfully lead the First New Hampshire Regiment. Heald offers an in-depth description of the state's regiments, forts including the Fort at Number 4 in Charlestown and distinguished Patriots in addition to the signers of the Declaration of Independence.

Hidden History of the New Hampshire Seacoast Terry Nelson, 2019-07-08 The New Hampshire Seacoast has a wealth of overlooked history some remnants are hidden in plain sight while others are just plain hidden. Meet the minister and early religious founder who was involved in an armed confrontation in Dover with another preacher in 1640. Find out how a one-time high school assistant principal in Rochester became a world famous business leader and ended up meeting President Grover Cleveland. Discover the story of ghost racetracks in Somersworth before they disappear as well as the pile of rocks that stopped a multimillion dollar building project in Windham. Author Terry Nelson reveals some of New England's most fascinating history from Durham and Madbury to North Hampton and Portsmouth.

Explorer's Guide New Hampshire Christina Tree, Christine Hamm, Katherine Imbrie, 2010-09-14 From summit to sea this guide provides trusted travel advice for every taste, interest and budget.
