Special Publication - Coast and Geodetic Survey U.S. Coast and Geodetic Survey, 1913 Hypsometry William Bowie, U.S. Coast and Geodetic Survey, Henry Godfrey Avers, 1914 *Mirrors for Princes* Michael Keeley, 2024 *Mirrors for Princes* is a history of the business book predating modern leadership and management literature by thousands of years common to cultures throughout the world. *Mirrors for Princes* as this genre was known taught kings, queens, sultans and other rulers how to lead their subjects. Machiavelli's *The Prince* and Aristotle's tips for tyrants in *The Politics* are but the best known examples. Often written for general audiences, this literature also taught readers to copy the virtues of fabled leaders and to follow the lead of their own rulers. After falling out of favor for the last two centuries, the genre found new life in modern *Mirrors for Managers*, which are riddled with the same self-serving clichés. This book seeks to familiarize readers with the clichés of *Mirrors for Princes* so they can more easily recognize them in both academic and popular literature on leadership.

Circular, 1929 Heaven on Earth Joshua Muravchik, 2003 The search for the Promised Land took socialists in diverse directions: revolution, communes, and kibbutzim; social democracy, communism, fascism, Third Worldism. But none of these paths led to the prophesied utopia. Nowhere did socialists succeed in creating societies of easy abundance or in midwifing the birth of a New Man as their theory promised. Some socialist governments abandoned their grandiose goals and satisfied themselves with making slight modifications to capitalism, while others plowed ahead doggedly, often inducing staggering human catastrophes. Then, after two hundred years of wishful thinking and fitful governance, socialism suddenly imploded in the 1990s in a *fin de siècle* drama of falling walls, collapsing regimes, and frantic revisions of doctrine.
