**Kits** Tom Boyd, 2020-08-15 Relive the golden age of drag racing through this exhaustive volume covering the best drag racing model kits of the era Model expert Tim Boyd author of *Collecting Muscle Car Model Kits* turned his attention to the fantastic drag racing model kits available from the late 1950s through today Some racing model kits were actually 3 in 1 kits where the builder assembled the drag race version of the car in lieu of the street or custom version Boyd starts by covering the options collectability variety availability and value of these wonderful kits and then concentrates on the highly detailed drag racing only kits that became available starting in the mid 1960s through today He also shows the differences between original kits older reproduction kits and new reproduction kits that many enthusiasts find at swap meets and online sources today Many of these great kits were from the 1960s an era when building model kits was a widely popular serious hobby similar to video games today Not only was it fun to build the kits but it was also a great way to learn about all the different race classes and categories because there wasn't regular TV or online coverage during that era The artwork on those kits was fantastic and many collectors today seek original kits largely because of it The classes of racing covered are Gassers Rail Dragsters Stocks and Super Stocks Funny Cars Pro Stocks Exhibition Racers and more Drag racing cars designed by model companies that never actually existed are also covered Nostalgia drags are some of the most popular events around the country today People can't get enough of these old race cars that were built in an era when variety innovation and home building ruled the day This book is great for modelers in general model kit collectors and drag racing fans young and old alike

The EU Accession to the ECHR Vasiliki Kosta, Nikos Skoutaris, Vassilis Tzevelekos, 2014-12-01 Article 6 of the Treaty on European Union TEU provides that the EU will accede to the system of human rights protection of the European Convention on Human Rights ECHR Protocol No 9 in the Treaty of Lisbon opens the way for accession This represents a major change in the relationship between two organisations that have co-operated closely in the past though the ECHR has hitherto exercised only an indirect constitutional control over the EU legal order through scrutiny of EU Member States The accession of the EU to the ECHR is expected to put an end to the informal dialogue and allegedly also competition between the two regimes in Europe and to establish formal both normative and institutional hierarchies In this new era some old problems will be solved and new ones will appear Questions of autonomy and independence of attribution and allocation of responsibility of co-operation and legal pluralism will all arise with consequences for the protection of human rights in Europe This book seeks to understand how relations between the two organisations are likely to evolve after accession and whether this new model will bring more coherence in European human rights protection The book analyses from several different yet interconnected points of view and relevant practice the draft Accession Agreement shedding light on future developments in the ECHR and beyond Contributions in the book span classic public international law EU law and the law of the ECHR and are written by a mix of legal and non legal experts from academia and practice
