The Politics of Local Government

Saving Local Government Joseph Drew, 2022-01-19. This book focuses squarely on the problem of saving local government in the context of extraordinary financial challenges being faced across the globe. Saving Local Government is written principally for practitioners and employs a conversational tone which makes complex theory both engaging and accessible. It augments world best scholarship with Professor Joseph Drew's extensive practical experience in guiding local governments away from the brink of financial insolvency. It is thus a must-read for local government executives, Mayors, Councillors and the regulators that oversee the sector. In Saving Local Government, Professor Drew also makes a number of important contributions to address significant gaps in the scholarly literature. In particular, the book includes extensive treatment of de-amalgamation, applied natural law philosophy, Aristotelian epistemology for evaluating public policy success as well as alternatives to financial administration. The work is therefore also compelling reading for scholars.

Police Administration in Africa James S. E. Opolot, 2008. In Police Administration in Africa, Ejakait S. E. Opolot lays the foundation for future developments and trends in police administration in the former British colonies in Africa. Opolot emphasizes the dynamism between theory and practice. As such, Police Administration in Africa establishes a model to be replicated in other parts of the Third World.

The Congress of Local and Regional Authorities - Texts adopted - 17th Session - 13 to 15 October 2009 COUNCIL OF EUROPE, 2010-06-16. This publication brings together the texts adopted by the Standing Committee of the Congress of Local and Regional Authorities of the Council of Europe. The Congress, a consultative body of the Council of Europe, is made up of two chambers: one representing local authorities, the other the regions. Its aim is to reinforce democratic structures at local and regional level and, in particular, to help the newly emerging democracies in central and eastern Europe. The Congress adopts three different types of texts: recommendations, opinions and resolutions. Recommendations are proposals to the Committee of Ministers and their application is left up to each member government. Sometimes they are also addressed to other international organisations. Opinions usually refer to questions to the Congress from the Committee of Ministers or the Parliamentary Assembly. The Committee of Ministers and the Parliamentary Assembly consult the Congress on questions which are likely to affect the competence and the basic interests of the local and regional

authorities which the Congress represents Resolutions reflect the decisions that the Congress is authorised to take or make recommendations to local and or regional authorities and their associations
