Regenta I La:

Reading La Regenta Stephanie A. Sieburth, 1990 Criticism of La Regenta has until recently focused on the text's plot as an extraordinarily coherent and convincing fictional world Stephanie A Sieburth demonstrates that the devices which produce order in the text are counterbalanced by an equally strong tendency toward entropy of meaning The narrator is shown to be duplicitous and unreliable in his judgments on characters and events Without an omniscient narrator readers must interpret for themselves the complex intertextual structure of the novel Saints lives honor plays and serial novels each provide partial reflections of Ana Ozores story The text becomes a collage of mutually reflecting segments which like Ana in her moments of self doubt and madness ultimately question the function of language and of any overriding interpretation or meaning

Urbanism and Urbanity Leigh Mercer, 2013 Through the study of more than twenty novels produced in Spain from the 1840s to the 1920s this book explores the literary means by which the social options available to modern Spanish bourgeois citizens were discursively constructed occasionally before and often concomitantly to their production in reality As a result this study is concerned with the interplay of realism and reality in modern Spain From the earliest folletines of the 1840s to the Modernist novels of the 1920s the majority of novels written in this eighty year period are what one might term *novelas de costumbres* contemporaneas or novels of contemporary customs and therefore primarily concerned with faithfully copying and moreover influencing real social norms in the public sphere In these pages I argue that the spatial and behavioral discourses in the novels of contemporary customs offer a telling history of the evolving formulation of the Spanish bourgeoisie The linking of novels and urbanism is hardly arbitrary in the context of nineteenth century Spain Urbanism particularly in the nineteenth century was as much a verbal construction as the novel as proven by the lengthy treatises of such prominent Spanish bureaucrats engineers architects and urban planners as Ram n de Mesonero Romanos Ildefonso Cerd and Carlos Mar a de Castro For Spanish intellectuals of this era city planning and the novel functioned as parallel enmeshed discourses in which to work out what it meant to be middle class and the roles this class ought to play in contemporary society In this way they can be considered associated fields of discourse in the sense described by Michel Foucault in *The Archaeology of Knowledge* Foucault's treatise was a call for scholars to reexamine historical fields and question the historical grouping of knowledge's into certain discursive unities and consider whether these might be broken up and new ones conceived In this vein this book undertakes a broader and more integrative view of the Spanish nineteenth century calling into question the boundaries of fields such as etiquette and urban planning or literature and touristic discourse

Literary Adaptations in Spanish Cinema Sally Faulkner, 2004 In this survey of the history of Spanish cinema in the Spanish dictatorship and democratic periods the author argues that studies of adaptations must simultaneously address questions of text formal issues central to the study of film and literature and context crucial ideological concerns

The Novel of Female Adultery Bill Overton, 2016-07-27 The novel of adultery is a nineteenth century form about the experience of women

produced almost exclusively by men Bill Overton's study is the first to address the gender implications of this form and the first to write its history The opening chapter defines the terms adultery and novel of adultery and discusses how the form arose in Continental Europe but failed to appear in Britain Successive chapters deal with its development in France and with examples from Russia Denmark Germany Spain and Portugal **Negotiating Sainthood** Kathy Bacon, 2017-12-02 This study demonstrates the previously unrecognised significance of discourses of saintliness for constructions of gender and national identity in late nineteenth and early twentieth century Spanish culture a Kathy Bacons innovative approach to sainthood leads to fresh readings of texts by Spains three principal realist novelists La familia de Leon Roch and Nazarin Benito Perez Galdos 1878 and 1895 La Regenta Leopoldo Alas 1884-85 and Dulce dueno Emilia Pardo Bazan 1911 a The author challenges the conventional distinction between anti clerical and spiritual novels by these writers and questions previous feminist assumptions about the negative role of religion for female identity a Sainthood emerges as a key theme through which texts grapple with Spains difficult transition to modernity **Realism as Resistance** Denise DuPont, 2006 This book explores the fluid boundaries between realism and romanticism while considering this oscillation between discourses as the legacy of the Quijote to the nineteenth century Spanish novel Furthermore there are studies of characters who act as authors in Benito Perez Galdos's first series of Episodios Nacionales Pio Baroja's La lucha por la vida and Leopoldo Alas Clarin's La Regenta For many realists romanticism has negative associations quixotism exaggeration impracticality and femininity or effeminacy

Interiors and Narrative Estela Vieira, 2012-12-17 Interiors and Narrative shows how crucial interiors are for our understanding of the nature of narrative A growing cultural fascination with interior dwelling so prevalent in the late nineteenth century parallels an intensification of the rhetorical function interior architecture plays in the development of fiction The existential dimension of dwelling becomes so intimately tied to the novelistic project that fiction surfaces as a way of inhabiting the world This study illustrates this through a comparative reading of three realist masterpieces of the Luso Hispanic nineteenth century Machado de Assis's Quincas Borba 1891 E a de Queir's s The Maias 1888 and Leopoldo Alas's La Regenta 1884-1885 The first full length study to juxtapose the renowned writers Interiors and Narrative analyzes the authors spatial poetics while offering new readings of their work The book explores the important links between interiors and narrative by explaining how rooms furnishings and homes function as metaphors for the writing of the narrative reflecting on the complex relation between private dwellings and human interiority and arguing that the interior design of rooms becomes a language that gives furnishings and decorative objects a narrative life of their own The story of homes and furnishings in these narratives creates a semiotic language that both readers and characters rely on in order to make sense of fiction and reality **Modern Spanish Women as Agents of Change** Jennifer Smith, 2019 This volume brings together cutting edge research on modern Spanish women as writers activists and embodiments of cultural change and honors Maryellen Bieder's invaluable scholarly contributions The critical analyses are situated within their specific socio historical context and shed

Amann, 2006-12-11 After its success de scandale in France in 1856 Flaubert's *Madame Bovary* was widely adapted sometimes so closely they were dismissed as plagiarism yet they achieved canonical status in their national traditions This study traces *Madame Bovary*'s journey abroad and asks why the novel was given such import in foreign literatures *Scarlet Letters* Naomi Segal, Nicholas White, 1997-06-12 *Scarlet Letters* explores the fascination exerted by adultery throughout the long history of western cultures Critics from the UK USA and Australia working in a variety of specialisms have contributed to this substantial new collection of close readings and wider contextualisations As well as focusing on the bourgeois nineteenth century as the high age of representations of adultery the book offers historicist and psychoanalytic analyses of texts ranging from the Amphitryon myth to *Fatal Attraction* and *The Piano* **Leopoldo Alas (Clarín)** Noël Maureen Valis, 2002 Novelist critic Leopoldo Alas's reputation suffered neglect and silent reproval during much of the twentieth century especially under the Franco regime but his reputation has now achieved classic status in Spain Clearly related to this is the great increase in the number of translations Julian Barnes called *La Regenta* the foreign classic tardily discovered This bibliography picks up where the first one left off in 1984 It is divided into primary material and secondary material Primary material includes Anthologies and Selections Criticism Novels Short Story Collections Plays Correspondence Prologues Reprints Translations and Miscellaneous with two new categories autograph manuscripts and iconography *Spanish Realism* Jeremy T. women's roles discourse and representations Charnon Deutsch uncovers in the novels multiple configurations of androcentricity as well as voyeuristic tendencies which she interprets as a means of mastering what is threatening to the male psyche

Don Juan and the Point of Honor James Mandrell, 2010-11-01 In *Don Juan and the Point of Honor* James Mandrell undertakes a systematic examination of the many questions surrounding the legendary character What emerges is a view of Don Juan as a positive social force in patriarchal society and culture Mandrell shows that Don Juan should not be treated as an innocent or outmoded cultural artifact

Au Naturel Lara Anderson, J. P.
