Psychological Healing: An Islamic Thought of Intellectual Fitness Qamrul Khanson,2012-01-11 This book Psychological Healing covers twenty five chapters filled with situations where humans succumb to challenging circumstances By following the advice the reader would fulfill its obligation of self counseling A self healing desired by your Lord a living admired by your fellow humans and satisfied by your own self of your fulfillment in life **Why Should I Be Muslim** Qamrul Khanson,2010-05-18 Every human born in this world inherits a right to choose his her destiny Not everyone makes a righteous choice but a right of choice is available to all In order to make a righteous choice one must consider life in this world and the life hereafter in to account The choice shall be to revere unto ONE who creates never dies and lives in eternity that is Almighty The God Goodness is the perception and dream of every human in this life That dream could only be achieved when human is not in conflict within self The self shall be maintained pure by abidance of life principles recommended by Almighty The God When human abides by such principles of life conscious becomes clear self confidence evolves futuristic events become understandable and human life is fully consoled **The Original Sin and Human Diseases** Hanna Rizk Wannas MD FRCS ED FICS,2014-01-30 This text is unique it is the first book of its kind that challenges the theory of evolution by the word of God In the text it will be proved beyond doubt that the word of God is powerful with a two edged sword It divides asunder and exposes the counterfeit and the false Not only that but it proves the validity of the arguments by using medical and surgical studies of the patients ailments The author is a scientist and a surgeon He studied anatomy and embryology in full details that makes him argue with confidence The doctrine of creation has a solid foundation which is the true word of God The author used the results of surgical procedures that are done by spiritual knowledge compared to others done by natural man whose knowledge is based on the theory of evolution These have changed the procedures from difficult and complicated to a single day procedure with financial gains to the patient and to the public The relation between sin diseases and death is studied and proved beyond doubt The salvation by justification sanctification and righteousness is explained and also proved beyond doubt Man is created and evolved to a higher degree of holiness by the working power of the Holy Spirit contrary to evolution by genetic mutation and natural selection that might promote the man to a high intellectual standard but this usually brings low moral value with it that at the end lead to death from moral decay alcoholism and drug addiction The evolution is produced by knowledge and experience and it carries with it away from God all the destructive elements to humans Satan's Counterfeit Healing Lawrence E. Burkholder,2019-09-30 The Christian church worldwide has been taken prisoner by Satan s counterfeit healing This statement is based on the author s personal experience modest exposure to the Toronto Blessing observation of parachurch healing ministries and extensive historical reconstructions Satan s Counterfeit Healing presents and evaluates Satan s supernatural healing from the Paleolithic period ca 45000 BCE to the contemporary church The guiding thesis is that Satan and his demonic surrogates perform miracles

which are evident as psi paranormal phenomena These manifestations include physical and exorcistic supernatural healings Paleolithic and Neolithic periods produced Great Mother goddess worship and healing which have persisted ever since These idolatries combined with OT nature gods were a backdrop to Jesus true miracles For two thousand years of church history there s been a tug of war between true and false healing Mother goddess as Mariological shrine healing joined with natural and demonic magic and esoteric energy psi Alongside these the Holy Spirit has raised up genuine healers and their ministries Modern healing is marked by energy counterfeits and faith healing the latter especially accompanied by trance false prophecy and psi transformations True divine healing can be recovered when Christians repudiate nature gods reject false prophecy and restore proper eschatology

On Satan, Demons, and Psychiatry Ragy R. Girgis,2020-02-21 The goal of this book is to help change misconceptions that have historically pervaded Christianity by educating both laity and clergy about serious mental illness It will accomplish this goal via an in depth exegetic examination of biblical accounts of what may have been untreated serious mental illness from the perspective of a psychiatrist and Christian This in depth examination will demonstrate that 1 serious mental illness was likely present and relatively common in biblical times and similar in phenomenology to how it manifests today and 2 that some instances of demon possession and exorcisms as described in the Bible could in a post Enlightenment narrative be better explained by occurring in the context of untreated mental illness and that this could reveal a great deal of information about the biblical view of mental illness Some of these accounts are from the Old Testament and some from the New Testament Each essay will provide an in depth examination of the biblical account from the perspective of a board certified psychiatrist who is an expert in the field of serious mental illness and who is also a practicing Christian
