exposes the promise and fallout of the idealistic reforms of the 1960s and how the myth of political consensus has given way to the cynicism and conspiratorialism and the paranoia and illusion of American life today **The Travels of Peter Mundy in Europe and Asia, 1608-1667** Peter Mundy,1914 Spong Hill Catherine Hills,Sam Lucy,2013 Spong Hill with over 2500 cremations remains the largest early Anglo Saxon cremation cemetery to have been excavated in Britain This volume presents the long awaited chronology and synthesis of the site It gives a detailed overview of the artefactual evidence which includes over 1200 objects of bone antler and ivory Using this information together with programmes of correspondence analysis of the cremation urns and the grave goods a revised phasing and chronology of the site is offered which argues that it is largely fifth century in date The implications of this revised dating for interpretations of the early medieval period in Britain and further afield are explored in full Ominous Wayne Sturgill,2023-05-23 Hold on to your tinfoil hats and extend your antenna s saucer fans as the author states in his testimonial Ominous The Nexus and Reality of Flying Saucers There is a distance as vast as the universe between belief and knowing Ominous details the continuous connection between Wayne Sturgill and that of his family s history beginning with his mother s verified sighting of five Flying Saucers over Portland Oregon on July 4 1947 The story progresses as Wayne is haunted throughout his life by his Silent Nemesis an encounter with a UFO which begins at age six in 1963 Eventually he learns of his father s encounters with such ships as a top secret intercept pilot during the 1950s as photographs and other data surface through a mysterious informant Toss in the mix his own face to face encounters and photos he risked his life to take of a Flying Saucer that attacked him a CIA agent and the possibility of a doppelganger The enigma intensifies and refuses to relinquish to this day Branded throughout with UFO history and photos spiced up and peppered with Sturgill s unique sense of intelligence and humor whether you know beyond doubt that extraterrestrials and their craft exist as the author knows prepare yourself to address the subject seriously and with an open mind and you will discover Ominous is a book impossible to ignore as you journey along a pathway toward a certain reality that in the near future may erupt worldwide They Call Me Bubbins Bobby O'Roark,2011-06-29 Have you ever danced on a dead mans chest or peeked into a crypt at a dead mans face Have you ever soared over a valley like an eagle only without wings or watched an Indian Chief in full warriors dress thunder towards you on a great white stallion How about proving without a doubt that Santa Claus is real or maybe you have played with a live pacific coast rattle snake with your bare hands Everyone has their own adventures and experiences to remember as they grow older and most probably look back upon those memories with fondness Bubbins was blessed with being born at a time and place in the world where his freedom of movement was virtually wide open and with parents and a society who allowed such freedom with very few restrictions When you peer into a mirror smooth pond you discover someone there looking back at you Is it you Is it who you were or is it who you are now Perhaps it might be who you will become Take this journey with me let us peer into the Reflections of Time and discover for ourselves the answers to those questions **Ufo, Abduction & Experiences E.T.**
