Savior Mary:

The Real Mary Lynette Marie Ordaz, 2008 The Real Mary explores the Mary of the Bible and compares her with the Mary of the Roman Catholic Church in language anyone can read and understand The Real Mary brings to light the many Marian doctrines of Catholicism and compares them to the infallible Word of God in the Bible Such topics as Marian apparitions Mary as Mother of God and queen of Heaven Mary as ever virgin and the doctrines of the Immaculate Conception and Assumption are discussed and compared to the Biblical Mary of Nazareth mother of Jesus **Which Mary?** F. Stanley Jones, 2003 Cutting edge contributions on early Christian Marys offer a variety of perspectives by leading scholars and probe the earliest traditions on the Marys both canonical and non canonical as preserved in Western and Oriental languages Paperback edition is available from the Society of Biblical Literature www.sbl-site.org *Mary* Dwight Longenecker, David Gustafson, 2003 Longenecker and Gustafson offer a lively discussion about the Virgin Mary and related devotional practices from both Catholic and evangelical Protestant perspectives **The Resurrection of Mary Magdalene** Jane Schaberg, 2004-08-31 The controversy surrounding Dan Brown's novel The Da Vinci Code has intensified interest in Mary Magdalene and Jane Schaberg provides an authoritative source for a deeper understanding and re assessment of this popular figure Within a progressive feminist framework The Resurrection of Mary Magdalene approaches Christian Testament sources through analysis of legend archaeology and gnostic apocryphal traditions This is the story of the suppression and distortion of a powerful woman leader Schaberg presents Mary Magdalene as successor to Jesus in a challenging alternative to the Petrine primacy *Hello Luke, I'm Mary* Bob Cyphers, 2023-11-14 The Gospel writers Matthew Mark and John were eyewitnesses to the life of Jesus Luke was not and in fact does not appear in the Bible until his travels with Paul around 50 AD And while the other three Gospels are extremely similar nearly half of Luke's text is original and cannot be found elsewhere including some sixty stories and parables The nativity scene we worship on Christmas Eve is from Luke The only reference of Jesus's childhood being left at the temple can only be found in Luke How does the Virgin Mary's song the Magnificat wind up in the Gospel of Luke I too have decided after investigating everything accurately anew to write it down in an orderly sequence for you Luke tells us And he does with more detail than the other Gospel writers who trace Jesus's lineage back to King David Luke takes it back to Adam and Eve So how does a man who was not a witness to the life of Jesus and who does not appear until decades after his death have the most relevant details on our Savior's life There can only be one answer **The Mom God Chose** Sarah Habben, 2015-07-01 Who was Mary the mother of God As the mother of Jesus Mary faced her fair share of challenges and heartache Even today we can learn a lot from her struggles and successes In The Mom God Chose you'll discover timeless truths for raising your children in God's grace You'll also be reminded that motherhood is a blessing from your heavenly Father In addition to 24 thought provoking and inspiring devotions this book also includes interviews of present day moms and their insights for raising godly children and helpful study questions

The Fly in the Ointment: The Mysteries of Mary Magdalene Jennifer Smith,2014-08-23

Mary Magdalene was the principle witness of the death burial and resurrection of Jesus as told in the Christian gospels the grief stricken scarlet woman at the foot of the cross clutching her jar of ointment her hair loose like that of the maenads Yet by the sixth century Mary once called the Tower had fallen into disrepute as a sinner and prostitute Mary was never a martyr but tradition has her exiled to a solitary cave where she was not a threat to the established church until she emerged after the rediscovery of the heretical Gnostic texts In these Mary Magdalene is the beloved companion of Jesus the disciple who knew the all As with her predecessor Eve she bears the sin of desiring knowledge and is condemned for it The question of whether Mary Magdalene can be identified with Mary of Bethany has become merely another means of reducing her authority In the gospels Jesus said that his anointer should be remembered for all generations yet she remains maligned and undefended until now

Mary Magdalene Revealed Meggan Watterson,2019-07-09 WALL STREET JOURNAL

BESTSELLER The Gospel of Mary Magdalene reveals a very different love story from the one we've come to refer to as Christianity Harvard trained theologian Meggan Watterson leads us verse by verse through Mary's gospel to illuminate the powerful teachings it contains A gospel as ancient and authentic as any of the gospels that the Christian bible contains was buried deep in the Egyptian desert after an edict was sent out in the 4th century to have all copies of it destroyed Fortunately some rebel monks were wise enough to refuse and thanks to their disobedience and spiritual bravery we have several manuscripts of the only gospel that was written in the name of a woman The Gospel of Mary Magdalene Mary's gospel reveals a radical love that sits at the heart of the Christian story Her gospel says that we are not sinful we are not to feel ashamed or unworthy for being human In fact our purpose is to be fully human to be a true human being that is a person who has remembered that yes we are a messy limited ego and we are also a limitless soul And all we need to do is to turn inward again and again to meditate like Mary Magdalene in the way her gospel directs us so that we can see past the ego of our own little lives to what's more real and lasting and infinite and already here within With searing clarity Watterson explains how

and why Mary Magdalene came to be portrayed as the penitent prostitute and relates a more historically and theologically accurate depiction of who Mary was within the early Christ movement And she shares how this discovery of Mary s gospel has allowed her to practice and to experience a love that never ends a love that transforms everything Mary, Mother of God, Mother of the Poor Ivone Gebara, Maria Clara Bingemer, 2004-10-28 Here is the first thorough reflection on the importance of Mary by women writing from the perspective of Latin American liberation theology Gebara and Bingemer offer a vision of Mary in sharp contrast to the traditional This is the Mary of the Magnificat a figure who challenges male centrism dualism idealism and one dimensionalism The authors focus on the idea of Mary as one who lives in God on the feminine element of the divine and on the personal factors which color their own perspectives By delving into the Scriptures they place Mary in her social political and economic context Reviewing both the Old and New Testaments they point to Mary as both heir and one who begins something new In dealing with the traditions of the Church Gebara and Bingemer rethink Marian dogmas an area not only ecumenically controversial but also morally challenging Beginning in the 16th century the authors survey the history of Marian devotion exploring the initial appearance of Mary to the Indian Juan Diego Guadalupe and reflecting on all the phenomena connected to the figure of Mary The mystery of Mary brings a new word about God they note Her humanity entirely open and her full participation in the enterprise of this Kingdom help us perceive who the God of the Kingdom is God the Creator who does not cease to perform wonders on behalf of the poor
