Look What Came From Germany:

Look What Came from Germany Kevin Davis,1999-01-01 Describes many things that originally came from Germany including inventions vehicles household items customs animals fairy tales and food *Look What Came from Germany* Kevin A. Davis,1999 Describes many things that originally came from Germany including inventions vehicles household items customs animals fairy tales and food *Household Tales and Traditions of England, Germany, France, Scotland, etc* HOUSEHOLD TALES.,1845 *High Germany* Ford Madox Ford,1911 Legalized Prostitution in Germany Annegret Staiger,2022-02-01 Germany has been infamously dubbed the Brothel of Europe but how does legalized prostitution actually work Is it empowering or victimizing realistic or dangerous In *Legalized Prostitution in Germany* Annegret D Staiger s ethnography engages historical cultural and legal contexts to reframe the brothel as a place of longing and belonging of affective entanglements between unlikely partners and of new beginnings across borders while also acknowledging the increasingly exploitative labor practices By sharing the stories of sex workers clients and managers within the larger legal system meant to provide dignity and safety through regulation Staiger skillfully frames the economic aspects of commercial sex work and addresses important questions about sexual labor intimacy and relationships Weaving insightful scholarship with beautiful storytelling *Legalized Prostitution in Germany* provides readers with a deeper understanding of the complexities of legalized prostitution *Nazi Germany and Imperial Japan* Johanna Menzel Meskill,2017-07-28 Alliances between sovereign states are among the least stable political associations Despite professions of fidelity and common purpose most are effective for only short periods and only as long as it suits their interests The German Japanese alliance of World War II was not so much a marriage of convenience as a long and uneasy engagement It was maintained because breaking the engagement would have reduced the prestige of each nation state Germany and Japan each found the existence and policies of the other convenient From 1933 1945 both powers challenged the international order other than this nothing else united Germany and Japan Even while they shared some of the same opponents German and Japanese antagonism toward the Allies involved different objects of contention and questions of timing Consequently coordination of German and Japanese policies did not follow Johanna Menzel Meskill argues that the German Japanese alliance failed not only because each power failed separately to attain its goals but because as allies the powers failed to take advantage of their association The failure resulted to a large extent from the discordance between their political goals and the means necessary to attain them This work in diplomatic history is a careful analysis of presuming identities in a world of diplomatic differences In a new introduction to the book Thomas Nowotny looks back on the alliance from a historical perspective He concludes that both parties overestimated the potency and effectiveness of their military power Like many before and some after they more generally subscribed to the offensive use of military power and effectiveness that the history of the twentieth century has proven unwarranted *Three Years a Prisoner in Germany* John C. Thorn,1919 The Week in Germany ,1988 **Never**

Look Back Judith Tydor Baumel-Schwartz, 2012 Between December 1938 and September 1939 nearly ten thousand refugee children from Central Europe mostly Jewish found refuge from Nazism in Great Britain This was known as the Kindertransport movement in which the children entered as transmigrants planning to return to Europe once the Nazis lost power In practice most of the kinder as they called themselves remained in Britain eventually becoming citizens This book charts the history of the Kindertransport movement focusing on the dynamics that developed between the British government the child refugee organizations the Jewish community in Great Britain the general British population and the refugee children After an analysis of the decision to allow the children entry and the machinery of rescue established to facilitate its implementation the book follows the young refugees from their European homes to their resettlement in Britain either with foster families or in refugee hostels Evacuated from the cities with hundreds of thousands of British children they soon found themselves in the countryside with new foster families who often had no idea how to deal with refugee children barely able to understand English Members of particular refugee children's groups receive special attention participants in the Youth Aliyah movement who immigrated to the United States during the war to reunite with their families those designated as Friendly Enemy Aliens at the war's outbreak who were later deported to Australia and Canada and Orthodox refugee children who faced unique challenges attempting to maintain religious observance when placed with Gentile foster families who at times even attempted to convert them Based on archival sources and follow up interviews with refugee children both forty and seventy years after their flight to Britain this book gives a unique perspective into the political bureaucratic and human aspects of the Kindertransport scheme prior to and during World War II

Germany in the World David Blackbourn, 2023-06-06 Brilliantly conceived and majestically written this monumental work of European history recasts the five hundred year history of Germany With Germany in the World award winning historian David Blackbourn radically revises conventional narratives of German history demonstrating the existence of a distinctly German presence in the world centuries before its unification and revealing a national identity far more complicated than previously imagined Blackbourn traces Germany's evolution from the loosely bound Holy Roman Empire of 1500 to a sprawling colonial power to a twenty first century beacon of democracy Viewed through a global lens familiar landmarks of German history the Reformation the Revolution of 1848 the Nazi regime are transformed while others are unearthed and explored as Blackbourn reveals Germany's leading role in creating modern universities and its sinister involvement in slave trade economies A global history for a global age Germany in the World is a bold and original account that upends the idea that a nation's history should be written as though it took place entirely within that nation's borders

American Big Business in Britain and Germany Volker R. Berghahn, 2016-05-31 While America's relationship with Britain has often been deemed unique especially during the two world wars when Germany was a common enemy the American business sector actually had a greater affinity with Germany for most of the twentieth century American Big Business in Britain and Germany examines the triangular

relationship between the American British and German business communities and how the special relationship that Britain believed it had with the United States was supplanted by one between America and Germany Volker Berghahn begins with the pre 1914 period and moves through the 1920s when American investments supported German reconstruction rather than British industry The Nazi seizure of power in 1933 led to a reversal in German American relations forcing American corporations to consider cutting their losses or collaborating with a regime that was inexorably moving toward war Although Britain hoped that the wartime economic alliance with the United States would continue after World War II the American business community reconnected with West Germany to rebuild Europe s economy And while Britain thought they had established their special relationship with America once again in the 1980s and 90s in actuality it was the Germans who with American help had acquired an informal economic empire on the European continent American Big Business in Britain and Germany uncovers the surprising and differing relationships of the American business community with two major European trading partners from 1900 through the twentieth century Germany 1989 Lothar Kettenacker,2014-01-14 In autumn 1989 the world watched transfixed as East German citizens demonstrating under the banner We are the people staged the only successful totally peaceful revolution in German history By October 1990 the process of reunification was formally concluded bringing together a nation that had been divided for almost four decades Now nearly twenty years later it is possible to judge the causes and consequences of the revolution more clearly Was the fall of the Berlin Wall an unexpected fluke or was it in fact the result of a long process of engagement between East and West And did the momentous events of 1989 really signal the start of a bright new future for a united Germany In this probing and wide ranging account Lothar Kettenacker considers the background behind the division of Germany and explains how the Berlin Wall and its death trap border proved to be the most horrendous manifestation of East West antagonism He also looks beyond 1990 to show how the confusion caused by the sudden collapse of the GDR and the fusion of two radically different economies is proving to be a challenge that will preoccupy Germany for generations to come *Tribes* John L. Cooper,Armin A. Cooper,2001-09-14 Judy Wald has a problem She s in a mental institution and she doesn t know why All she is sure of is that her problem has something to do with the multiple backgrounds of her family Judy is a little girl lost lost in the web of ethnocentrism the emotional attitude that results in the belief that ones own culture or nation is superior to others But in actuality ethnocentrism is just another name for bigotry **FDR and the American Crisis** Albert Marrin,2016-07-12 The definitive biography of president Franklin Delano Roosevelt for young adult readers from National Book Award finalist Albert Marrin is a must have for anyone searching for President s Day reading Brought up in a privileged family Franklin Delano Roosevelt had every opportunity in front of him As a young man he found a path in politics and quickly began to move into the public eye That ascent seemed impossible when he contracted polio and lost the use of his legs But with a will of steel he fought the disease and public perception of his disability to become president of the United States of America FDR used that same will

to guide his country through a crippling depression and a horrendous world war He understood Adolf Hitler and what it would take to stop him before almost any other world leader did But to accomplish his greater goals he made difficult choices that sometimes compromised the ideals of fairness and justice FDR is one of America s most intriguing presidents lionized by some and villainized by others National Book Award finalist Albert Marrin explores the life of a fascinating complex man who was ultimately one of the greatest leaders our country has known **Music-Study in Germany** Mrs. Fay Peirce,2020-07-31
Reproduction of the original Music Study in Germany by Mrs Fay Peirce *Germany, Hungary, Finland, Russia* Charles
Herbert Sylvester,1924 Rhyme and Revolution in Germany James Granville Legge,1919 Gay Voices from East
Germany Jürgen Lemke,1991 Accounts of 14 gay men from East Germany one born in 1900 three born in the sixties Jim
Kepner *Prose Writers of Germany* Frederic Henry Hedge,1855 **Memoirs of the Harvard Dead in the War Against
Germany** Mark Antony De Wolfe Howe,1921
