Reenactment Case Studies Vanessa Agnew, Juliane Tomann, Sabine Stach, 2022-12-16 Reenactment Case Studies Global Perspectives on Experiential History examines reenactment's challenge to traditional modes of understanding the past asking how experience based historical knowledge making relates to memory making and politics Reenactment is a global phenomenon that encompasses living history historical reality television performance art theater historically informed music performance experimental archeology pilgrimage battle reenactment live action role play and other forms These share a concern with simulating the past via authenticity embodiment affect the performative and subjective As such reenactment constitutes a global form of popular historical knowledge making representation and commemoration Yet in terms of its historical subject matter styles and subcultures reenactment is often nationally or locally inflected the book thus asks how domestic reenactment practices relate to global ones as well as to the spread of new populisms and postcolonial and decolonizing movements the book is the first to address these questions through reenactment case studies drawn from various world regions Forming a companion volume to the Reenactment Studies Handbook Key Terms in the Field 2020 Reenactment Case Studies is aimed at a wide academic readership especially in the fields of history film studies memory studies performance studies museum and heritage studies cultural and literary studies and anthropology

Turkish Metal Pierre Hecker, 2016-02-17 Turkish Metal journeys deep into the heart of the Turkish heavy metal scene uncovering the emergence evolution and especially the social implications of this controversial musical genre in a Muslim society The book applies an ethnographic approach in order to study social and cultural change in a Muslim society that is stricken with conflict over the by turns religious or secular nature of the state Turkish Metal explores how Turkish metalheads against all odds manage to successfully claim public spaces of their own thereby transforming the public face of the city The book raises the question of how and why the young dare to rebel against the prevalent social and moral restrictions in Turkish society and it examines whether they succeed in asserting their individual freedom in a society that is still well known for sanctioning any kind of behaviour deviating from the norm Above all the book investigates the Turkish metal scene's potential for contesting Islamic concepts of morality its relevance within the field of female emancipation and its capacity to foster social relations that cut across national religious and ethnic boundaries
