Cracking the Symbol Code Tim Wallace-Murphy, 2012-01-01 Expanding on issues touched on in *The Da Vinci Code* this thought provoking study explores the real story of Christianity a story told by men and women condemned by the traditional orthodox church and one long hidden in mysterious codes and symbols In medieval times dissenters believed the established church ruthlessly suppressed the truth about Jesus and his ministry Branded as heretics and subject to torture and execution for their beliefs the dissenters including the Knights Templar Freemasons Cathars and groups of scientists devised an ingenious code to communicate with fellow sympathizers and preserve the truth They concealed these complex symbols in art artifacts and architecture of the medieval world Finally this fascinating underground language is deciphered revealing powerful messages meant as much for today's truth seekers as for medieval minds The Key of Knowledge Champat Rai

Jain, 1919 **The Odd Volume**, 1912 *The Lost Scriptures of Giza* Jason Breshears, 2006-07-26 After exploring every part of the Great pyramid both inside and out the author reveals how it connects to history and predicts future events He advances the idea that major cataclysms of the past occurred at specifically predicable times and when the next world wide catastrophe will come If his predictions are accurate we need to prepare Publications of the Texas Folk-lore Society, 1925

Publications of the Texas Folklore Society, 1916 List of members in no 1 4 **Publications of the Texas Folk-lore Society, Number IV** James Frank Dobie, 1925 *The Christ Myth* Elizabeth E. Evans, 2000 Was the entire story of Jesus

nothing more than that just a story Evans presents an interesting argument According to her many things accepted as true regarding the story of Jesus may in fact not be true This book refutes aspects of Christ based on factual evidence combined with strong opinions of the author that may or may not be proven Many have been conditioned to accept Jesus in certain ways without the use of reason Evans provides us with a form of rational thinking that has been left out of our religious conditioning process Those who are open enough to read it will find it challenging and rewarding Call Your "Mutha" Jane Caputi, 2020 The ecocide and domination of nature that is the Anthropocene does not represent the actions of all humans but that of Man the Western and masculine identified corporate military intellectual and political class that long has masked itself as the civilized and the human In this book Jane Caputi looks at two major myths of the Earth one ancient and one contemporary and uses them to devise a manifesto for the survival of nature which includes human beings in our current ecological crisis These are the myths of Mother Earth and the Anthropocene The former personifies nature as a figure with the power to give life or death and one who shares a communal destiny with all other living things The latter myth sees humans as exceptional for exerting an implicitly sexual domination of Mother Earth through technological achievement from the plow to synthetic biology and artificial intelligence Much that we take for granted as inferior or taboo is based in a splitting apart of inherent unities culture nature up down male female spirit matter mind body life death sacred profane reason madness human beast light dark The first is valued and the second reviled This provides the framework for any number of related injustices sexual racial and ecological This book resists this pattern in part by deliberately putting the dirty back into the mind the obscene back into the sacred and vice versa Ecofeminism and Environmental Justice argue for the significance and reality of the Earth Mother Caputi engages specifically with the powers of that Mother ones made taboo and even obscene throughout heteropatriarchal traditions Jane Caputi rejects misogynist and colonialist stereotypes and examines the potency of the Earth Mother in order to deepen awareness of how our relationship to the Earth went astray and what might be done to address this Drawing upon Indigenous and African American ecofeminism ecowomanism green activism femme queer and gender non binary philosophies literature and arts Afrofuturism and popular culture images Call Your Mutha contends that the Anthropocene is not evidence so much of Man's supremacy but instead a sign that Mother Nature Earth faced with disrespect is turning away withdrawing the support systems necessary for life and continuance Caputi looks at contemporary narratives and artwork to consider the ways in which respect for the autonomous and potent Earth Mother and a call for their return has already reasserted itself into our political and popular culture The Spiritual Roots of the Tarot Russell A. Sturgess, 2020-09-22 Learn the path to enlightenment and inner peace encoded by the Cathar in the Major Arcana of the Marseille Tarot Reveals how the secret wisdom teachings of the heretical Cathar sect were hidden in plain sight in the imagery of the Major Arcana of the Marseille Tarot deck Decodes each of the cards in detail and shows how they offer clear instructions for recalibrating human consciousness and achieving enlightenment Shares the author's self

development program based on the wisdom of the cards for creating a lifestyle filled with peace joy good health and meaning The Holy Grail has been discovered Not a cup or chalice as myth leads us to believe the Holy Grail is sacred knowledge of the path to enlightenment and inner peace While author Russell Sturgess was conducting research on the Marseille Tarot he found evidence that this tarot deck while masquerading as a simple card game held the teachings of an ancient heretical religious group from southern France the Cathar believed to be the keepers of the Holy Grail To avoid persecution by the papacy this sect used portable art like illuminations to convey their Gnostic Christian teachings in the same way the stained glass windows of churches spoke to their congregations This portable Cathar art then inspired the creation of the Tarot After his breakthrough discovery of a hidden key on the Magician and Strength cards Sturgess examined the Major Arcana cards further and used the key to unlock their symbolism discovering clear instructions for recalibrating human consciousness and achieving enlightenment with specific cards representing pivotal points in making the journey from ignorance to awareness Decoding the cards in detail the author shows how they reveal a journey of transformed consciousness that can result in finding what the Cathar called the kingdom of heaven Calling this sacred knowledge the Cathar Code Sturgess reveals his personal development program based on the Code that opens access to a meaningful lifestyle filled with peace and joy and that naturally fosters health and well being He shows how these teachings offer a clear path that transforms a life burdened by fear of failure rejection and scarcity into one with clarity of purpose self honoring kindness and the abundance that comes with making a fulfilling difference in the world
