Philosophy of Life - The Book of Basics Wolfgang Fries, 2022-11-22 Philosophy should give the human being a mental basis that will allow man to lead a happy life and solve the problems of the now Philosophy does not consist of making things complicated and incomprehensible like today s degenerate philosophies do In this book no philosophical phrases are discussed in order to play mental soccer This book gives basics about life which one can apply to lead to a fulfilled happy existence Basic questions about life itself are solved What is life What is man Is it that a creature arose from mud by chance as science tells you Or is it that matter is motivated by a soul as the priest makes you believe Why does man think the way he thinks What is the goal of existence      *Handbook of Scientology* James R.
