Voyaging in Joseph Conrad's Major Works Latef S. N. Berzenji,2022-07-20

Joseph Conrad is one of the most intriguing and important modernist novelists and short story writers whose writing continues to preoccupy readers Conrad combined his unique personal background as a Polish emigre his personal experiences and voyagings as a seaman and his literary readings with the tradition of his adopted country to produce literary works and fictions which blended with his distinctive taste gave the English novel a further originality and development This study which primarily concentrates on four of Conrad s major works Heart of Darkness Lord Jim The Secret Sharer and The Shadow Line shows that Conrad conceives voyaging as a symbolic means an insight and vision into the human psyche It becomes a journey into the inner world of man s psychological diving into his inner world of the self in quest of truth of self identity self knowledge and self control **Joseph Conrad's Critical Reception** John G. Peters,2013-04-29 This book
