Barefoot to Benefactor Lenny Peters M.D.,2021-09-14 When Lenny Peters was a boy playing marbles among the lush mangrove trees in impoverished India he had one overriding wish to be the best at everything he did Born into a Christian family and part of a minority population in that part of the world Lenny was innately aware of the hurdles he faced Wise beyond his years Lenny embraced a simple philosophy hard work and prayer He could never have imagined how far his faith and his drive for excellence would take him nor how much good he would do along the way In Barefoot to Benefactor Lenny tells the uplifting story of how the youngest son from Kerala India worked his way into medical school propelled himself to London and settled in North Carolina as an accomplished physician Not satisfied with providing standard medical care Lenny became a world class researcher and founded the Bethany Medical Centers a revolutionary network that treats anyone who walks through its doors with the best that medicine can offer Wonders followed Lenny as faith determined his path He turned a community college course in personal finance into a vast real estate empire and thriving medical practice His fascination with business led him not only to establish much needed health and research facilities but to establish a bank for underserved communities that now operates in four states Through it all he battled the prejudice he encountered as a professional man of color with a funny accent turning every hardship into opportunity and learning that forgiveness and acceptance bestow grace Most importantly Lenny has never forgotten his roots The Lenny Peters Foundation shares his abundance with the less fortunate both here and in India His story of trailblazing in medicine finance and philanthropy is proof that miracles come to those who have faith in God and in themselves

PTL John Wigger,2017-07-06 In 1974 Jim and Tammy Bakker launched their television show the PTL Club from a former furniture store in Charlotte N C with half a dozen friends By 1987 they stood at the center of a ministry empire that included their own satellite network a 2300 acre theme park visited by six million people a year and millions of adoring fans The Bakkers led a life of conspicuous consumption perfectly aligned with the prosperity gospel they preached They bought vacation homes traveled first class with an entourage and proclaimed that God wanted everyone to be healthy and wealthy When it all fell apart after revelations of a sex scandal and massive financial mismanagement all of

America watched more than two years of federal investigation and trial as Jim was eventually convicted on 24 counts of fraud and conspiracy. He would go on to serve five years in federal prison. PTL is more than just the spectacular story of the rise and fall of the Bakkers. John Wigger traces their lives from humble beginnings to wealth, fame, and eventual disgrace. At its core, PTL is the story of a group of people committed to religious innovation who pushed the boundaries of evangelical religion's engagement with American culture. Drawing on trial transcripts, videotapes, newspaper articles, and interviews with key insiders, dissidents, and lawyers, Wigger reveals the power of religion to redirect American culture. This is the story of a grand vision gone wrong, of the power of big religion in American life and its limits.

Happiness Times Two

Bayne Wetmore, 2022-04-15. The universe is over 13 billion years old. The sun is one million times larger than the earth. The earth is inhabited by trillions and trillions of life forms, and we are one of the billions of people who inhabit our world. Yet from our point of view, we are the most important thing to have ever existed. You will find more amazing facts inside the book which will relate more directly to your life and will help you determine how happy your life will be. I'm not saying every day will be sunshine and roses. We all know bad things will come our way through no fault of our own, and we will have to deal with events in our lives that will cause us anguish and sorrow. But armed with the ideas in this book, we should be able to rise above the negative events that happen in all people's lives and live the kind of happy life we all deserve. Positive psychologists say we are born with 40 percent of our potential for happiness, which is genetic. Another 10 percent of how good we feel is caused by our environment and the media, which leaves 50 percent of our potential to be happy for us to work with. That's a potential for 100 percent more happiness in our lives if we know how to get it. That's why I've written this book and am giving this gift to you. Read it, study what you find in it, and put as many of these ideas into your life as you possibly can. See if you don't feel happier. If you also feel happier, it will make me happier too. Best of luck. Bayne Wetmore. I choose to be happy. This book is full of amazing facts you need to know. Sharon Kay Summerford, energy practitioner. This is his best book by far. Ken Persky.

Flipping Properties highlights one method of investing in real estate flipping, which is a great way to begin building wealth with real estate. Flipping is growing so popular in fact that in Broomfield, CO, a suburb of Denver, 40 percent of newly built homes were sold to investors who intended to flip the properties. This practice is continuing to grow in cities across the country. Flipping Properties teaches beginners how to reap the financial and personal rewards of a full or part-time venture in real estate investing, including cash flow, security, and long-term wealth.
