Novell's Guide to Creating IntranetWare Intranets Karanjit Siyan, 1997. Create an intranet right the first time with NetWare and Novell. NetWare network administrators are being charged the task of setting up corporate intranets in addition to their other overwhelming responsibilities. This is the book that will help them streamline the process and create it right the first time. Administrators learn the process of building a server for Internet and intranets using NetWare and a variety of Novell products. Provides several configuration options so the administrator can choose the most optimal method. Provides detailed information on intranet administration including NDS enhancements available for NetWare 4 environments. Includes a full section on HTML, Perl, Java, and CGI so the administrator can create and edit intranet content.

The Concise Guide to Enterprise Internetworking and Security Kyle Cassidy, Joseph Dries, 2000.
