Rodney P. Carlisle

Now For The Contest Coastal And Oceanic Naval Operations In The Civil War:

Now for the Contest William H. Roberts, 2004-01-01 In a detailed examination of the Civil War at sea the author of *Civil War Ironclads* describes the conflict in the context of three campaigns as well as how both sides mobilized and employed their resources for the war

The Oxford Handbook of the American Civil War Lorien Foote, Earl J. Hess, 2021 Assembles contributions from thirty nine leading historians of the American Civil War into a coherent attempt to assess the war's impact on American society

The Civil War Naval Encyclopedia Spencer C. Tucker, 2010-12-09 Long overlooked in favor of land engagements this is the first encyclopedia to analyze the naval aspects of the American Civil War The brilliance of both sides' secretaries of the navy Stephen Mallory and Gideon Welles The Dahlgren guns of the Union forces and the Confederate Navy's Brooke guns that were essential in battles involving ironclad ships The significant contributions of African Americans in the ship crews of the U S Navy during the Civil War These are examples of the fascinating details contained in *The Civil War Naval Encyclopedia* that provide readers with a complete understanding of the naval aspects of the American Civil War The entries in this sweeping text provide comprehensive treatment of overall strategies on each side the role of diplomacy leading naval officers and other personalities battles and important engagements ship types well known individual warships naval ordnance and weapons systems and new developments such as mines and submarines Topics such as shipboard life major waterways prominent seaports and the role of logistics in determining the outcome of the war are also covered

Blue & Gray Navies Spencer C. Tucker, 2013-05-11 A longtime military history professor at Virginia Military Institute and prolific author Spencer Tucker examines the important roles played by the Union and Confederate navies during the Civil War His book makes use of recent scholarship as well as official records and the memoirs of participants to provide a complete perspective for the general reader and enough detail to hold the interest of the specialist Tucker opens with an overview of the U S Navy's history to 1861 and then closely examines the two navies at the beginning of the war looking at the senior leadership officers and personnel organization recruitment practices training facilities and manufacturing resources He discusses the acquisition of ships and the design and construction of new types as well as ship armament and the development of naval ordnance and North and South naval strategies The book then takes a close look at the war itself including the Union blockade of the Confederate Atlantic and Gulf coasts riverine warfare in the Western theater Confederate blockade running and commerce raiders and the Union campaigns against New Orleans Charleston Vicksburg and on the Red River Tucker covers the major battles and technological innovations and he evaluates the significance of the Union blockade and the demands it placed on Union resources Fourteen maps and a glossary of terms help readers follow the text Extensive endnotes provide additional material

The Blue & Gray Almanac Albert Nofi, 2017-08-19 Helps readers to examine this period in history with a more cultural perspective than other books have clear concise and crisp fascinating San Francisco Book Review During the final days of the war some Richmond citizens

would throw Starvation Parties soirees at which elegantly attired guests gathered amid the finest silver and crystal tableware though there were usually no refreshments except water Union Rear Admiral Goldsborough was nicknamed Old Guts not so much for his combativeness as for his heft weighing about three hundred pounds he was described as a huge mass of inert matter 30 6 percent of the 425 Confederate generals but only 21 6 percent of the 583 Union generals had been lawyers before the war In 1861 J P Morgan made a huge profit by buying five thousand condemned US Army carbines and selling them back to another arsenal taking the army to court when they tried to refuse to pay for the faulty weapons Major General Loring was reputed to have so rich a vocabulary that one of the men remarked he could curse a cannon up hill without horses Many militia units had a favorite drink the Charleston Light Dragoons punch took around a week to make while the Chatham Artillery required a pound of green tea leaves be steeped overnight There were five living former presidents when the Civil War began and seven veterans of the war plus one draft dodger went on to serve as president These stories and many more can be found in this treasury of anecdotes essays trivia and much more including numerous illustrations that bring this historical period to vivid life *The Union's Naval War In Louisiana, 1861-1863* LCDR Christopher L. Sledge

USN,2015-11-06 Union naval operations in Louisiana featured some of the most important operations of the Civil War led by two of the US Navy s most distinguished officers During the period from 1861 to 1863 Admirals David G Farragut and David D Porter led Union naval forces in Louisiana in conducting a blockade of the New Orleans the Confederacy s largest city and busiest commercial port a naval attack to capture New Orleans in April 1862 and joint operations to secure the Mississippi River culminating in the surrender of Vicksburg and Port Hudson in July 1863 These operations have been the focus of many historical studies but their relationship to Union naval strategy has often been overlooked The primary elements of that strategy as it applied in Louisiana were a blockade of the Confederate coast and joint operations on the Mississippi River This thesis studies the influences that shaped Union naval strategy in order to provide a strategic context for analyzing the development of naval operations in Louisiana from the implementation of the blockade to the opening of the Mississippi River The result is a historical case study of the relationship between naval strategy and operations in a joint environment The Civil War at Sea Craig L. Symonds,2012 Continuing in the vein of the Lincoln prize winning Lincoln and His Admirals acclaimed naval historian Craig L Symonds presents an operational history of the Civil War navies both Union and Confederate in this concise volume Illuminating how various aspects of the naval engagement influenced the trajectory of the war as a whole The Civil War at Sea adds to our understanding of America s great national conflict Both the North and the South developed and deployed hundreds of warships between 1861 and 1865 Because the Civil War coincided with a revolution in naval techonology the development and character of warfare at sea from 1861 1865 was dramatic and unprecedented Rather than a simple chronology of the war at sea Symonds addresses the story of the naval war topically from the dramatic transformation wrought by changes in technology to the establishment management and impact of

blockade He also offers critical assessments of principal figures in the naval war from the opposing secretaries of the navy to leading operational commanders such as David Glasgow Farragut and Raphael Semmes Symonds brings his expertise and knowledge of military and technological history to bear in this essential exploration of American naval engagement throughout the Civil War The Globe and Anchor Men Mark Ryland Folse,2024-04-18 Throughout the World War I era the United States Marine Corps efforts to promote their culture of manliness directed attention away from the dangers of war and military life and towards its potential benefits As a military institution that valued physical mental and moral strength the Marines created an alluring image for young men seeking a rite of passage into manhood Within this context the potential for danger and death only enhanced the appeal Mark Ryland Folse s *The Globe and Anchor Men* offers the first in depth history of masculinity in the Marine Corps during the World War I era White manhood and manliness constituted the lens through which the Marines of this period saw themselves how they wanted the public to see them and what they believed they contributed to society Their highly gendered culture helped foster positive public relations allowing Marines to successfully promote the potential benefits of becoming a Marine over the costs even in times of war By examining how the Marine Corps culture public image and esteem within U S society evolved Folse demonstrates that the American people measured the Marines usefulness not only in terms of military readiness but also according to standards of manliness set by popular culture and by Marines themselves The Marines claimed to recruit the finest specimens of American manhood and make them even better strong brave and morally upright They claimed the Marine would be a man with a wealth of travel and experience behind him He would be a proud and worthy citizen who had earned respect through his years of service training and struggle in the Marine Corps Becoming a Marine benefited the man and the new Marine benefited the nation As men became manlier the country did too *The Untold War at Sea* Kylie A. Hulbert,2022-01-15 Efforts upon the waves played a critical role in European and Anglo American conflicts throughout the eighteenth century Yet the oft told narrative of the American Revolution tends to focus on battles on American soil or the debates and decisions of the Continental Congress *The Untold War at Sea* is the first book to place American privateers and their experiences during the War for Independence front and center Kylie A Hulbert tells the story of privateers at home and abroad while chronicling their experiences engagements cruises and court cases This study forces a reconsideration of the role privateers played in the conflict and challenges their place in the accepted popular narrative of the Revolution Despite their controversial tactics Hulbert illustrates that privateers merit a place alongside minutemen Continental soldiers and the sailors of the fledgling American navy This book offers a redefinition of who fought in the war and how their contributions were measured The process of revolution and winning independence was global in nature and privateers operated at its core **Counter-Thrust** Benjamin Franklin Cooling (III),2020-02-17 During the summer of 1862 a Confederate resurgence threatened to turn the tide of the Civil War When the Union s earlier multitheater thrust into the South proved to be a strategic overreach the Confederacy saw its

chance to reverse the loss of the Upper South through counteroffensives from the Chesapeake to the Mississippi Benjamin Franklin Cooling tells this story in *Counter Thrust* recounting in harrowing detail Robert E Lee's flouting of his antagonist George B McClellan's drive to capture the Confederate capital at Richmond and describing the Confederate hero's long dreamt of offensive to reclaim central and northern Virginia before crossing the Potomac *Counter Thrust* also provides a window into the Union's internal conflict at building a successful military leadership team during this defining period Cooling shows us Lincoln's administration in disarray with relations between the president and field commander McClellan strained to the breaking point He also shows how the fortunes of war shifted abruptly in the Union's favor climaxing at Antietam with the bloodiest single day in American history and in Lincoln's decision to announce a preliminary Emancipation Proclamation Here in all its gritty detail and considerable depth is a critical moment in the unfolding of the Civil War and of American history

America, Sea Power, and the World James C. Bradford, John F. Bradford, 2022-11-29 The gold standard in college level American naval history texts edited by the foremost scholar in the field In the newly revised second edition of *America Sea Power and the World* a team of distinguished researchers delivers an extensive and authoritative survey of American naval history the place of the United States in world affairs and the role of that country's naval forces during peacetime and wartime Each chapter contains a comprehensive analysis of its subject as well as brief sidebars describing a key weapon or technological development of the era and a short biographical sketch of an influential leader or representative of the navy from that era The book offers extensive illustration and maps and a throughgoing emphasis on naval policy strategy roles and missions with careful attention paid to naval operations These factors given greater focus than the descriptions of battle tactics found in other texts Readers will also find A thorough introduction to sea power and the modern state system as well as the American War for Independence at sea Comprehensive explorations of the genesis of the United States Navy from 1785 to 1806 Practical discussions of the Naval War of 1812 and the Confirmation of Independence from 1807 to 1815 and the Squadron Navy as an agent of the commercial empire until 1890 Fulsome treatments of the Second World War in the Atlantic Mediterranean and the Pacific including defensive actions in the Pacific from 1937 to 1943 and offensive actions from 1943 to 1944 New chapters exclusive to the 2nd edition focused on the history of African Americans and women in the US Navy the development of joint operations and unified command and the naval history of the last two decades Perfect for undergraduate students taking courses on the naval history of the United States *America Sea Power and the World* Second Edition will also earn a place in the libraries of members of the general public interested in naval and military history

Bluejackets and Contrabands Barbara Brooks Tomblin, 2009-10-09 One of the lesser known stories of the Civil War is the role played by escaped slaves in the Union blockade along the Atlantic coast From the beginning of the war many African American refugees sought avenues of escape to the North Due to their sheer numbers those who reached Union forces presented a problem for the military Fortunately the First Confiscation Act of 1861 permitted the seizure of

property used in support of the South's war effort including slaves Eventually regarded as contraband of war the runaways became known as contrabands In *Bluejackets and Contrabands* Barbara Brooks Tomblin examines the relationship between the Union Navy and the contrabands The navy established colonies for the former slaves and in return some contrabands served as crewmen on navy ships and gunboats and as river pilots spies and guides Tomblin presents a rare picture of the contrabands and casts light on the vital contributions of African Americans to the Union Navy and the Union cause

America's Civil War Brian Holden Reid, 2009-12-02 Civil War historian Reid examines in depth the operational military history during the first three years of America's Civil War In particular he focuses on generalship command decisions strategy and tactics as well as the experiences of ordinary soldiers *Ironclad Captains of the Civil War* Myron J. Smith, Jr., 2018-11-29 From 1861 to 1865 the American Civil War saw numerous technological innovations in warfare chief among them was the ironclad warship Based on the Official Records biographical works ship and operations histories newspapers and other sources this book chronicles the lives of 158 ironclad captains North and South who were charged with outfitting and commanding these then revolutionary vessels in combat Each biography includes where known birth and death information pre and post war career and details about ships served upon or commanded *A Companion to the U.S. Civil War, 2 Volume Set* Aaron Sheehan-Dean, 2020-05-05 A Companion to the U S Civil War presents a comprehensive historiographical collection of essays covering all major military political social and economic aspects of the American Civil War 1861 1865 Represents the most comprehensive coverage available relating to all aspects of the U S Civil War Features contributions from dozens of experts in Civil War scholarship Covers major campaigns and battles and military and political figures as well as non military aspects of the conflict such as gender emancipation literature ethnicity slavery and memory

American Civil War Spencer C. Tucker, 2013-09-30 This expansive multivolume reference work provides a broad multidisciplinary examination of the Civil War period ranging from pre Civil War developments and catalysts such as the Mexican American War to the rebuilding of the war torn nation during Reconstruction The Civil War was undoubtedly the most important and seminal event in 19th century American history Students who understand the Civil War have a better grasp of the central dilemmas in the American historical narrative states rights versus federalism freedom versus slavery the role of the military establishment the extent of presidential powers and individual rights versus collective rights Many of these dilemmas continue to shape modern society and politics This comprehensive work facilitates both detailed reading and quick referencing for readers from the high school level to senior scholars in the field The exhaustive coverage of this encyclopedia includes all significant battles and skirmishes important figures both civilian and military weapons government relations with Native Americans and a plethora of social political cultural military and economic developments The entries also address the many events that led to the conflict the international diplomacy of the war the rise of the Republican Party and the growing crisis and stalemate in American politics slavery and its impact on the nation as a whole the secession crisis

the emergence of the total war concept and the complex challenges of the aftermath of the conflict **A Companion to the U.S. Civil War** Aaron Sheehan-Dean, 2014-02-05 A Companion to the U S Civil War presents a comprehensive historiographical collection of essays covering all major military political social and economic aspects of the American Civil War 1861 1865 Represents the most comprehensive coverage available relating to all aspects of the U S Civil War Features contributions from dozens of experts in Civil War scholarship Covers major campaigns and battles and military and political figures as well as non military aspects of the conflict such as gender emancipation literature ethnicity slavery and memory

Civil War and Reconstruction Rodney P. Carlisle, 2014-05-14 Portrays the American Civil War and its aftermath through such primary sources as memoirs diaries letters contemporary journalism and official documents **The Journal of Southern History** Wendell Holmes Stephenson, 2006 Includes section Book reviews The Oxford Encyclopedia of the Civil War William L. Barney, 2011-08-01 A gold mine for the historian as well as the Civil War buff The Oxford Encyclopedia of the Civil War offers a concise comprehensive overview of the major personalities and pivotal events of the war that redefined the American nation Drawing upon recent research that has moved beyond battles and military campaigns to address the significant roles played by civilians women and African Americans the 250 entries explore the era in all its complexity and unmistakable human drama Here of course are the major battles and campaigns ranging from Gettysburg and Shiloh to Sherman s March to the Sea as well as biographical entries on everyone from Abraham Lincoln and Robert E Lee to Frederick Douglass Clara Barton and Walt Whitman But the book also features entries on a wealth of other matters music photography religion economics foreign affairs medicine prisons legislative landmarks military terms and weaponry political events social reform women in the war and much more In addition charts newly commissioned maps chronologies and period photographs provide an appealing visual context Suggestions for further reading at the end of most entries and a guide to more general sources in an appendix introduce the reader to the literature on a specific topic A list of Civil War museums and historic sites and a representative sampling of Civil War websites also point to resources that can be tailored to individual interests A quick convenient user friendly guide to all facets of the Civil War this new updated edition also serves as an invaluable gateway to the rich historical record now available perfect for virtually anyone who wants to learn more about this tumultuous period in our history
