Patches Of Fire A Story Of War And Redemption:

Patches of Fire Albert French, 1997 *Patches of Fire* is the story of a young man's encounter with a war and with deaths beyond his understanding of his return to a country torn by racial unrest in the wake of the assassination of Martin Luther King Jr and of his painstaking efforts to defeat his inner demons and make a place for himself as a black man in white America With a starkness tempered by humor French brings to life the horrors of Vietnam and recounts in compelling detail his uneasy tenure as a newspaper photographer his heady days as publisher of his own magazine his confrontations with the ghostly images of Vietnam that haunted his dreams and the sense of renewal and purpose he achieved as a novelist The very personal story of French's trials and triumphs *Patches of Fire* is also a revealing exploration of the black soldier's experience in Vietnam the plight of the Vietnam veteran and the redemptive power of writing BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved *Black Prisoner of War* James A. Daly, Lee Bergman, 2000 Among the few autobiographical works about Vietnam by a black author this memoir by Daly 1946-98 a Jehovah's Witness who renounced the US position after five years in the infamous Hanoi Hilton controversially explores race relations and the less than courageous The introduction provides context Originally published by Bobbs Merrill as *A Hero's Welcome* Annotation copyrighted by Book News Inc Portland OR **Veteran Narratives and the Collective Memory of the Vietnam War** John A. Wood, 2016-04-25 In the decades since the Vietnam War veteran memoirs have influenced Americans' understanding of the conflict Yet few historians or literary scholars have scrutinized how the genre has shaped the nation's collective memory of the war and its aftermath Instead veterans' accounts are mined for colorful quotes and then dropped from public discourse are accepted as factual sources with little attention to how memory no matter how authentic can diverge from events or are not contextualized in terms of the race gender or class of the narrators *Veteran Narratives and the Collective Memory of the Vietnam War* is a landmark study of the cultural heritage of the war in Vietnam as presented through the experience of its American participants Crossing disciplinary borders in ways rarely attempted by historians John A. Wood unearths truths embedded in the memoirists' treatments of combat the Vietnamese people race relations in the United States military male female relationships in the war zone and veterans' postwar troubles He also examines the publishing industry's influence on collective memory discussing for example the tendency of publishers and reviewers to privilege memoirs critical of the war *Veteran Narratives* is a significant and original addition to the literature on Vietnam veterans and the conflict as a whole *American Soldiers* Peter S. Kindsvatter, 2003 Some warriors are drawn to the thrill of combat and find it the defining moment of their lives Others fall victim to fear exhaustion impaired reasoning and despair This book synthesizes the wartime experiences of American soldiers from the doughboys of World War I to the grunts of Vietnam Focusing on both soldiers and marines it draws on histories and memoirs oral histories psychological and sociological studies and even fiction to show that their experiences remain fundamentally the same regardless of the enemy

terrain training or weaponry *The Vietnam War Era* Bruce O. Solheim, 2006-09-30 There are many lessons to be learned from the Vietnam War foremost among them being that war as an instrument of peace is not viable Solheim provides a full picture of the war era at home and in Southeast Asia by combining historical narrative with biographical profiles and personal reflections He allows the story to unfold in multiple layers as seen through the eyes of those who were involved on all sides of the conflict the North Vietnamese the South Vietnamese the American generals and politicians and the American war correspondents and antiwar protestors With this book Solheim explores and hopes to answer vital questions about the American war in Vietnam What is the meaning and significance of the Vietnam War for Americans today What lessons have Americans learned from our defeat and how should we apply that knowledge in implementing current foreign policy Who or what is to be blamed for the loss in Vietnam How can we heal our nation from the Vietnam War syndrome How do we fit the Vietnam War era into our greater historical narrative **Re-Membering and Surviving** Shirley A. James

Hanshaw, 2020-10-01 The first book length critical study of the black experience in the Vietnam War and its aftermath this text interrogates the meaning of heroism based on models from African and African American expressive culture It focuses on four novels *Captain Blackman* 1972 by John A Williams *Tragic Magic* 1978 by Wesley Brown *Coming Home* 1971 by George Davis and *De Mojo Blues* 1985 by A R Flowers Discussions of the novels are framed within the historical context of all wars prior to Vietnam in which Black Americans fought The success or failure of the hero on his identity quest is predicated upon the extent to which he can reconnect with African or African American cultural memory He is engaged therefore in re-membering a term laden with the specificity of race that implies a cultural history comprised of African retentions and an interdependent relationship with the community for survival The reader will find that a common history of racism and exploitation that African Americans and Vietnamese share sometimes results in the hero's empathy with and compassion for the so called enemy a unique contribution of the black novelist to American war literature **Ebony**, 1997-02 EBONY is the flagship magazine of Johnson Publishing Founded in 1945 by John H Johnson it still maintains the highest global circulation of any African American focused magazine **Historical Dictionary of the War in Vietnam** Ronald B. Frankum

Jr., 2011-06-10 For Southeast Asia the Vietnam War altered forever the history topography people economy and politics of the Democratic Republic of Vietnam DRV the Republic of Vietnam RVN Cambodia and Laos That the war was controversial is an understatement as is the notion that the war can be understood from any one perspective One way of understanding the Vietnam War is by marking its time with turning points both major and minor that involved events or decisions that helped to influence its course in the years to follow By examining a few of these turning points an organizational framework takes shape that makes understanding the war more possible *Historical Dictionary of the War in Vietnam* emphasizes the international nature of the war as well as provide a greater understanding of the long scope of the conflict The major events associated with the war will serve as the foundation of the book while additional entries will explore the military diplomatic

political social and cultural events that made the war unique While military subjects will be fully explored there will be greater attention to other aspects of the war All of this is done through a chronology an introductory essay an extensive bibliography and over 600 cross referenced dictionary entries This book is an excellent access point for students researchers and anyone wanting to know more about the Vietnam War Vietnam War Era Mitchell K. Acts and Shadows Philip K. Jason,2000 The imaginative literature of the Vietnam War participates both overtly and covertly in a struggle for national memory First generation Vietnam War literature focusing on representations of combat and life in the battlefield strove to give testimony to write history Later writings in their range of genre and style investigate and interrogate the very meaning of war To reflect these two stages Philip Jason divides his newest book of literary criticism into two sections acts and shadows In Acts Jason provides formal and cultural readings of combat narratives by such authors as James Webb Larry Heinemann and Joe Haldeman and explores the meaning of authenticity as applied to Vietnam War texts Shadows looks both forward and backward from the combat zone challenging the parameters of what we define as Vietnam War literature
