Politics Administration And Development In Saudi Arabia:

Politics, Administration & Development in Saudi Arabia Ahmad Hasan Ahmad Dahlan, 1990 **Public Administration, Sixth Edition, A Comparative Perspective.** Ferrel Heady, 2001-02-13 Continuing in the standard of excellence set by previous editions this sixth edition assesses the bureaucracies and development of governments around the world providing helpful and revealing analyses of the relationships between bureaucracies and political regimes With over 1000 literature references tables and drawings the book has been updated to reflect changes in the political systems of the former Soviet Union Eastern Europe and the developing world The editor clearly articulates recent developments in the shifting global political landscape and discusses how conditions in development administration and comparative public policy affect nation states

Princes, Brokers, and Bureaucrats Steffen Hertog, 2010 In *Princes Brokers and Bureaucrats* the most thorough treatment of the political economy of Saudi Arabia to date Steffen Hertog uncovers an untold history of how the elite rivalries and whims of half a century ago have shaped today's Saudi state and are reflected in its policies Starting in the late 1990s Saudi Arabia embarked on an ambitious reform campaign to remedy its long term economic stagnation The results have been puzzling for both area specialists and political economists Saudi institutions have not failed across the board as theorists of the rentier state would predict nor have they achieved the all encompassing modernization the regime has touted Instead the kingdom has witnessed a bewildering range of thorough failures and surprising successes Hertog argues that it is traits peculiar to the Saudi state that make sense of its uneven capacities Oil rents since World War II have shaped Saudi state institutions in ways that are far from uniform Oil money has given regime elites unusual leeway for various institutional experiments in different parts of the state in some cases creating massive rent seeking networks deeply interwoven with local society in others large but passive bureaucracies in yet others insulated islands of remarkable efficiency This process has fragmented the Saudi state into an uncoordinated set of vertically divided fiefdoms Case studies of foreign investment reform labor market nationalization and WTO accession reveal how this oil funded apparatus enables swift and successful policy making in some policy areas but produces coordination and regulation failures in others

Political Modernization in the Gulf Shahid Jamal Ansari, 1998 The entire Gulf is passing through a transitional phase The member states of the Gulf Cooperation Council GCC are witnessing change in varying degrees The change has become too evident from the 1960s It was oil more than any other factor which was responsible for a rapid transition Control over oil production and marketing have led to the strengthening of governmental role as owner and distributor of oil income The regions tribal society is being transformed into a modern society Political modernization is a recent phenomenon if the nature and extent of structural and informal transformations are taken into account Three broadly defined phases of political change can be discerned in the Arabian Peninsula the traditional the neo traditional and the modernizing or post traditional The modernizing phase was initiated by radical policies of socio economic development including the necessary restructuring of

replacement of regimes and a redefinition or expansion of the scope and role of the state However the pace and direction of change is not clear enough The coming few decades are crucial in this regard Saudi Arabia Energy Policy, Laws and Regulations Handbook Volume 1 Strategic Information and Regulations IBP USA,2013-08 2011 Updated Reprint Updated Annually Saudi Arabia Energy Policy Laws and Regulations Handbook **Bureaucracy and Development in the Arab World** Jabbara,2022-04-25 *Structural Flaws in the Middle East Process* J. W. Wright Jr,2002-02-07 Negotiations between Israel and the Arab states have continued in one form or another for over a decade through three Israeli administrations the death of a King of Jordan and through countless riots and incidences of protest by Palestinians and Jews alike The agreements that have been reached and some situations established by defacto rule and force majeure have created possibly irreversible economic and political structures This collection presents a debate among eminent scholars and public officials over the power these structures engender in the region *Handbook of Comparative and Development Public Administration* Ali Farazmand,2019-02-21 With contributions from nearly 80 international experts this comprehensive resource covers diverse issues aspects and features of public administration and policy around the world It focuses on bureaucracy and bureaucratic politics in developing and industrialized countries and emphasizing administrative performance and policy implementation as well as political system maintenance and regime enhancement The book covers the history of public administration and bureaucracy in Persia Greece Rome and Byzantium and among the Aztecs Incas and Mayas public administration in small island states Eastern Europe and ethics and other contemporary issues in public administration **Governance in the Middle East and North Africa** Abbas K. Kadhim,2013 Governance in the Middle East and North Africa will analyze developments in this region of major importance looking at current issues in historical perspective and will be essential reading for academics students and policy makers and for anyone with an interest in Middle East policies and politics **Handbook of Public Policy in Asia** Ora-orn Poocharoen,Piyapong Boossabong,Pobsook Chamchong,2025-09-10 This expansive Handbook provides a detailed comprehensive and current study of Asian public policy and governance Exploring inequalities across the continent it outlines policy knowledge production shedding light on sustainability innovation inclusive development well being and climate justice in Asia **The Dilemma of Development in the Arabian Peninsula** Osama Abdul Rahman,2023-07-07 This book first published in 1987 and by one of Saudi Arabia s most distinguished academics reviews the experience of the Arab oil producers in social economic and political development in the key period of the Seventies and Eighties It is broadly pessimistic about the prospects for future development and sceptical about past achievements It argues that the petro bureaucracy in the Arabian Peninsula has failed to establish the basic principles of effective development because it has been mesmerised by the vast oil revenues it has attempted to administer The book suggests that in many respects the oil revenues have obstructed serious development because they have made the Arabian economies totally dependent on one expendable resource and this has made them too vulnerable to

external pressures and interests Furthermore the oil revenues have encouraged fantasy and wishful thinking which have skewed the development process and stimulated pseudo development The book makes clear that until the petro bureaucracy adopts a realistic approach to development there can be no prospect of real development in the Arabian Peninsula **Public Administration and Policy in the Middle East** Alexander R. Dawoody,2014-09-22 The various and different Middle Eastern countries are addressing new key reform and governance reform processes but also administration and policy issues of enduring importance decentralization and local government non profit organizations political culture and reform of the policy process This book provides assessment of national strategies for reform in public administration and policy how these strategies have fared in implementation and what challenges must be overcome to achieve real and sustainable progress Seven country case studies will explore the overall policy making process from a critical perspective and consider how it could be strengthened Four cases will deal with the controversial issues of decentralization of power and decision making Two cases will address the role of civil society in the policymaking and reform process Introductory and concluding chapters will place these discussions in context and draw the primary lessons for policy makers The main objectives of the book are to present different examples of specific public policy and administration as well as governance issues in the Middle East so that policymakers both in the region and the world who are interested in the Middle East as well as practitioners scholars and graduate students can utilize the book as a study guide to better understand various dynamics in governance in the Middle East This approach will enable the volume to bridge global perspectives on governance development with regional perspectives and experience bringing shared expertise intellectual inquisitiveness and experience in the professional practice of public policy and administration to bear on these common challenges *Political Adaptation In Sa'udi Arabia* Summer S Huyette,2019-07-09 Examining the evolution of the Sa udi government from 1901 to 1983 a period of major social and political transformation Dr Huyette looks at the ways in which a traditional elite the Al Sa ud has managed to surmount the formidable obstacles of tribal and regional differences compounded by rapid modernization The Council of Ministers formed in 1953 is one method developed by the Sa udis to cope with these problems and represented the first step toward a national administrative system Dr Huyette traces the Council s antecedents as well as the changes in its membership procedures and responsibilities and the concomitant changes in the political elite and its style of leadership *In The Name Of God The Most Gracious The Most Merciful* H.R.H Prince Saud Alhassan Saud Abdulaziz Al Saud,2012-07-20 This book explains the Islamic law that applies the Quran and Sunnah as a constitution and the concept of Rahma mercy It will emphasize this concept by explaining the rigid law of Hudud then elaborating on Rahma **Political Perspectives on the Muslim World** Asaf Hussain,1984-08-23 This study is designed to serve as an introduction to the political situation of the Muslim World and to bridge the gap between theoretical and descriptive studies **Leadership Development in the Middle East** Beverley Metcalfe,Fouad Mimouni,2011-01-01 Leadership in the Middle East has never been as vital as it is in the wake of the global
