Politics Of Presence:

The Politics of Presence Anne Phillips, 1998-10-01 One of the most hotly contested debates in contemporary democracy revolves around issues of political presence and whether the fair representation of disadvantaged groups requires their presence in elected assemblies Representation as currently understood derives its legitimacy from a politics of ideas which considers accountability in relation to declared policies and programmes and makes it a matter of relative indifference who articulates political preferences or beliefs But what happens to the meaning of representation and accountability when we make the gender or ethnic composition of elected assemblies an additional area of concern In this innovative contribution to the theory of representation which draws on debates about gender quotas in Europe minority voting rights in the USA and the multi layered politics of inclusion in Canada Anne Phillips argues that the politics of ideas is an inadequate vehicle for dealing with political exclusion But rejecting any essentialist grounding to group identity or group interest she also argues against any either/or choice between ideas and political presence The politics of presence then combines with contemporary explorations of deliberative democracy to establish a different balance between accountability and autonomy Series description Oxford Political Theory presents the best new work in contemporary political theory It is intended to be broad in scope including original contributions to political philosophy and also work in applied political theory The series contains work of outstanding quality with no restriction as to approach or subject matter The series editors are David Miller and Alan Ryan the latest thoughtful contribution in Anne Phillip's ongoing enquiry into issues of equality gender and democracy an excellent contribution to democratic theory Political Studies

The Politics of Presence John G. Sabol Jr., 2008-08-27 A major focus of ghost excavation as opposed to ghost hunting is an archaeology of experience The emergence of this experience is unearthed through the investigative engagement of haunted space One aspect of this engagement is performance which requires a specific sociocultural and historical context of understanding This context of understanding must be understood in terms of layers of meaning Gettysburg is used as a specific example of the use of performative and dramatical activity Each of these activities performed at Gettysburg predisposes a genre a set of beliefs practices social relations manifestations and locations which together define categorically what it is that is manifesting on the battlefield and what interpretations are being used to understand these performative cultural practices The genres of performative action at Gettysburg are important because they are located at places on the battlefield where belief systems become mobilized into actual practice This book will explore various haunting uncertainties and cultural situations associated with ghostly activity and the implications of these performances as they are enacted by ghost hunters Civil War reenactors the tourism industry and the ghosts themselves

The Politics of Presence Anne Phillips, 1995-10-05 Provides a ground breaking contribution to the widespread and controversial debate about how disadvantaged groups should be represented in politics One of the most hotly debated debates in contemporary democracy revolves around issues of political presence and whether the fair

representation of disadvantage groups requires their presence in elected assemblies Representation as currently understood derives its legitimacy from a politics of ideas which considers accountability in relation to declared policies and programmes and makes it a matter of relative indifference who articulates political preferences or beliefs What happens to the meaning of representation and accountability when we make the gender or ethnic composition of elected assemblies an additional area of concern In this innovative contribution to the theory of representation which draws on debates about gender quotas in Europe minority voting rights in the USA and the multi layered politics of inclusion in Canada Anne Phillips argues that the politics of ideas is an inadequate vehicle for dealing with political exclusion But eschewing any essentialist grounding the group identity or group interest she also argues against any either/or choice between ideas and political presence The politics of presence then combines with contemporary explorations of deliberative democracy to establish a different balance between accountability and autonomy

The Politics of Becoming Hans Asenbaum, 2023 What roles do our identities play in democratic politics When we participate in citizens assemblies or in social movement gatherings we are judged by how we look which clothes we wear by our skin colour gender and body language Prejudice does not only lead to discrimination but also limits the freedom of expressing ourselves The Politics of Becoming explores radical democratic acts of disidentification to counter this problem Anonymity in masked protest pamphleteering street graffiti and online debate interrupts our everyday identities By concealing who we believe ourselves to be anonymity allows us to live our multiple selves In the digital age anonymity becomes an inherent part of everyday communication Through our smart devices we express our selves differently As cyborgs our identities are disrupted and reassembled We curate self representations on social media create avatars share selfies and choose the skin colour of our emojis To counter discrimination and express ourselves more freely in democratic spaces we need to embrace our inner multiplicity This argument does not break with the feminist politics of presence Claiming and reinterpreting marginalized identities is a crucial element of an emancipatory democratic strategy The Politics of becoming however re reads presence as the performative act of self creation Drawing on queer gender feminist and anarchist thinking this book argues for an interruption of the dominant order to engage in self transformation

Feminizing Politics Joni Lovenduski, 2005 This text offers an analysis of the changes in the political representation of women since the 1960s and draws on a wide range of material including interviews with women politicians policy advocates and academics

The Ashgate Research Companion to the Politics of Democratization in Europe José María Rosales, Professor Tuija Pulkkinen, Professor Kari Palonen, 2013-03-28 Democratization is a concept often used in academic book titles yet not many of them deal with the initial breakthrough of democratization This research companion applies a comparative approach to analyzing debates in a number of countries It discusses the politics concepts and histories involved in European democratization as a complex of changes that has altered the conditions of political action and debate in the continent for the past two centuries

Women's Representation in African Politics Zainab Monisola Olaitan, 2024-12-11

Does the election of more and more women into political offices mean that women's interests will be better protected? This question forms the background upon which this book is written as it forms a timely intervention concerning the clamour for increased women's representation in African politics. The book examines the relationship between gender quotas and gender focused legislative policy outcomes in the national Parliaments of South Africa and Botswana. By investigating the utility of gender quotas to ensure the substantive representation of women in African politics, the book engages the assumption that increased women's political participation will automatically improve the qualitative well being of African women. The book is intended for both academic and non academic audiences with differing purposes. It contributes to scholarly debates on the transcending relevance of quotas beyond numbers. For non academics it provides opportunities to engage gender quotas as a policy tool to ensure the qualitative well being of African women.

Politics of Inclusion Zoya Hasan, 2011-09-07 Post Mandal the demand for reservations by various groups has become a consistent feature of Indian politics. Yet the focus remains on caste with little attention paid to the under representation of religious minorities in India. The book takes up the case of relative disadvantage and interrogates the multiple and overlapping dimensions of deprivation. Hasan argues that in view of the comparative evidence available presently excluded and disadvantaged groups should also qualify for affirmative action. This book will interest students and scholars of Indian politics, sociology and history.

The Ashgate Research Companion to the Politics of Democratization in Europe Tuija Pulkkinen, José María Rosales, 2008 Democratization is a concept often used in academic book titles yet not many of them deal with the initial breakthrough of democratization. This research companion applies a comparative approach to analyzing debates in a number of countries. It discusses the politics, concepts and histories involved in European democratization as a complex of changes that has altered the conditions of political action and debate in the continent for the past two centuries.

The Politics of Gender Justice at the International Criminal Court Louise A. Chappell, 2016 This book examines the gender justice design features of the Rome Statute, the foundation of the International Criminal Court and assessing the effectiveness of the statute's implementation in the first decade of the court's operation. Chappell argues that although the ICC has provided mixed outcomes for gender justice, there have also been a number of important breakthroughs, particularly in regards to support for female judges.

The Unfinished Politics of Race Les Back, Michael Keith, Kalbir Shukra, John Solomos, 2022-12 A novel history of the politics of race in British society over the past few decades that draws on original research at local and national levels.

The New Politics of Gender Equality Judith Squires, 2007-09-11 During the past decade governments around the globe have introduced institutional mechanisms to promote the advancement of women including measures to increase women's political participation rates and to incorporate women's interests into policy making. Why have they done so? How successful have these initiatives been? What are the emerging agendas facing gender equality advocates now? In *The New Politics of Gender Equality* Judith Squires examines the origins, evolution and key features of three strategies that have been employed.

across the world in pursuit of gender equality quotas policy agencies and gender mainstreaming The author critically examines each strategy to see how far they transform political institutions and agendas and to what extent they lead rather to the assimilation of women in male defined structures Squires argues that a multi pronged approach drawing on democratic rather than technocratic strategies offers the best potential for advancing gender equality She highlights too the limitations of approaches that ignore inequalities among women and the challenges of developing equality initiatives to address multiple and cross cutting inequalities between groups Judith Squires is Professor of Political Theory University of Bristol She has written researched and published widely in the field of gender politics and gender equality *Archaeology and The Politics of Vision in a Post-Modern Context* Vítor Oliveira Jorge, Julian Tomas, 2009-01-14 Archaeology is intimately connected to the modern regime of vision A concern with optics was fundamental to the Scientific Revolution and informed the moral theories of the Enlightenment And from its inception archaeology was concerned with practices of depiction and classification that were profoundly scopic in character Drawing on both the visual arts and the depictive practices of the sciences employing conventionalised forms of illustration photography and spatial technologies archaeology presents a paradigm of visualised knowledge However a number of thinkers from Jean Paul Sartre onwards have cautioned that vision presents at once a partial and a politicised way of apprehending the world In this volume authors from archaeology and other disciplines address the problems that face the study of the past in an era in which realist modes of representation and the philosophies in which they are grounded in are increasingly open to question UK Politics Alan Convery, 2025-02-07 The UK is more decentralised contested and diverse than ever before This new introductory textbook demonstrates how political scientists are tackling some of the biggest questions in UK politics today It devotes particular attention to questions of representation social class gender and race and ethnicity Drawing on the latest research and debates the book explores key topics from the constitution to Englishness Scottish independence to Brexit inequality to foreign policy and the end of Empire Case studies bring theory to life while reflective questions provide a jumping off point for discussion and further investigation An opening What will this chapter tell me section and further reading suggestions complete each chapter Written by leading experts in the field this textbook is essential reading for anyone studying UK Politics at undergraduate level Alan Convery is Senior Lecturer in Politics at the University of Edinburgh **The Politics of Public Deliberation** Carolyn M. Hendriks, 2012-10-12 This ground breaking book provides empirical and theoretical insights into the interface between deliberative democracy and the rough and tumble of interest groups in advocacy politics It examines how deliberative ideals work alongside the adversarial realities of interest based politics The ^AOxford Handbook of Politics and Performance Shirin M. Rai, Milija Gluhovic, Silvija Jestrovic, Michael Saward, 2021-02-19 While political scientists and political theorists have long been interested in social and political performance and theatre and performance researchers have often focused on the political dimensions of the live arts the interdisciplinary nature of this labor has typically been assumed rather than

rigorously explored This volume brings together leading scholars in the fields of Politics and Performance drawing on experts across the fields of literature law anthropology sociology psychology and media and communication as well as politics and theatre and performance to map out and deepen the evolving interdisciplinary engagement Organized into seven thematic sections the volume investigates the relationship between politics and performance to show that certain features of political transactions shared by performances are fundamental to both disciplines and that to a large extent they also share a common communicational base and language

Democracy and the Politics of Silence Mónica Brito Vieira, 2024-11-19 Most people equate democracy with discussion speech and making one's voice heard But where does silence fit in Democracy and the Politics of Silence investigates the largely overlooked role of silence in democratic politics It challenges conventional wisdom by arguing that silence can support and affirm democratic pillars and outcomes like empowerment inclusion and equality The book focuses on a particular set of problems concerning the relationship between political silence and the democratic triad of voice agency and representation Each of the book's chapters draws on a selection of hand-picked case studies both historical and contemporary including the NAACP's Silent Parade in 1917 demonstrations by the Women in Black Spain's post-Franco Pact of Forgetting Trump's silent majority debates related to the representation of nonhuman beings and the famous Miranda judgment on the right to silence Together they offer an innovative ambitious investigation of democratically undesirable silences and practices of silence that are powerfully affirmative of democratic subjectivities aims and norms In thus expanding the repertoire of democratic citizenship Mónica Brito Vieira invites readers to consider what silence might teach them about democracy This timely book should appeal to political science students and scholars as well as anyone interested in the history of democracies and popular resistance movements

The politics of unbelonging Andreja Zevnik, Andrew Russell, 2025-05-06 This book offers a comprehensive study of racialisation of Romani communities in Europe and beyond Drawing on the idea of unbelonging it demonstrates how Romani communities are placed in a position of visceral visibility by local national and international institutions as well as public media discourses It shows how such positionality impacts the ability of Roma to self-represent politically and build capacity for change From the position of unbelonging the book offers an account of Romani agency which both challenges the mainstream representations of Roma but also develops an alternative none nation state sense of belonging In doing so the book outlines an account of Romani alternative expressions in order to take control of their relationship with their own history future knowledge and identity and the rest of the society

The Sage International Encyclopedia of Politics and Gender Lia K. Roberts, 2025-09-08 This four-volume encyclopedia set is organized to allow the reader to explore gender and politics from an updated interdisciplinary intersectional and global perspective The organization format will be an A-Z approach of approximately 500-600 entries with entries ranging in word count from 1,500-3,000 words with some entries on foundational topics at around 5,000 Coverage will examine both the role gender plays within the realm of politics political participation leadership etc as well

Indigeneity: A Politics of Potential Dominic O'Sullivan, 2017-06-07 This book presents the first comprehensive use of political theory to explain indigenous politics assessing the ways in which indigenous and liberal political theories interact in order to consider the practical policy implications of the indigenous right to self determination Dominic O Sullivan here reveals indigeneity's concern for political relationships agendas and ideas beyond ethnic minorities basic claim to liberal recognition and he draws out the ways that indigeneity's local geopolitical focus underpinned by global developments in law and political theory can make it a movement of forward looking transformational politics

Adopting the Song of Appearance: An Emotional Symphony within **Politics Of Presence**

In a world eaten by monitors and the ceaseless chatter of fast interaction, the melodic splendor and emotional symphony created by the prepared word usually fade in to the background, eclipsed by the relentless sound and disturbances that permeate our lives. However, nestled within the pages of **Politics Of Presence** an enchanting literary treasure overflowing with raw feelings, lies an immersive symphony waiting to be embraced. Crafted by a masterful musician of language, this charming masterpiece conducts visitors on an emotional trip, skillfully unraveling the concealed tunes and profound impact resonating within each carefully constructed phrase. Within the depths with this poignant examination, we will discover the book is main harmonies, analyze their enthralling publishing fashion, and surrender ourselves to the profound resonance that echoes in the depths of readers souls.

Politics Of Presence Introduction

In today's digital age, the availability of Politics Of Presence books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Politics Of Presence books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Politics Of Presence books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Politics Of Presence versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Politics Of Presence books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Politics Of Presence books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Politics Of Presence books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural

artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Politics Of Presence books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Politics Of Presence books and manuals for download and embark on your journey of knowledge?

FAQs About Politics Of Presence Books

1. Where can I buy Politics Of Presence books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Politics Of Presence book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
