Psychic Detectives The Mysterious Use Of Paranormal Phenomena In Solving True Crimes:

Psychic Detectives Jenny Randles, Peter Hough, 2024-06-15 Through dreams visions telepathy and a host of other means psychics have also predicted and tried to prevent many serious crimes Psychic Detectives allows you to enter their world revealing their astounding experiences and the often heavy price they pay for sharing what they know

Adventures in Paranormal Investigation Joe Nickell, 2014-04-23 Tales of alien abductions miraculous relics and haunted castles have attracted believers and skeptics across the globe for centuries Paranormal investigator Joe Nickell tackles the world's most seemingly inexplicable myths in *Adventures in Paranormal Investigation* With four decades of experience in the field Nickell employs skepticism and scientific analysis to pull truth from the mires of false evidence and trickery that surround both old and new legends and mysteries Unlike authors who engage in hype and sensationalism in order to foster or debunk myths Nickell approaches each case with a rational and scientific approach intended to find the truth Occam's Razor all things being equal the simplest solution is the best one is a principal instrument in his investigative toolbox as well as the belief that it is the claimant's responsibility to provide the extraordinary proof required in such extraordinary cases *Adventures in Paranormal Investigation* features Nickell's on site explorations in unusual phenomena Among the forty unique cases Nickell examines mysteries ranging from snake charmers who purport to hold influence over the reptiles to the Holocaust victims who reportedly haunt a gas chamber in Dachau to Lake Simcoe's resident lake monster Igopogo in Canada In addition to the case studies Nickell analyzes how the propensity to fantasize can affect human perceptions of and belief in paranormal activity and how his personal experience with the paranormal was altered when intuition led to the discovery of a daughter he didn't know existed More than just another myth busting text *Adventures in Paranormal Investigation* brings together reason and scientific analyses to explain both the phenomena and the role of human perception therein establishing Nickell as the foremost paranormal investigator of our time

A Brief Guide to Ghost Hunting Leo Ruickbie, 2013-08-15 There has been an upsurge in books television programmes films and websites exploring the reality or otherwise of the spirit world Not since the founding of The Ghost Club in 1862 and the Society for Psychical Research in 1882 has ghost hunting been so popular Television and the internet in particular have fueled this new level of interest creating a modern media phenomenon that spans the globe But while the demand for information is high good information remains scarce *A Brief Guide to Ghost Hunting* leads us through the process of ghost hunting from initially weighing the first report to choosing equipment and investigating and identifying the phenomena with an analysis of the best places to go looking methods of contacting the spirit world how to explain paranormal activity and crucially how to survive the encounter However it is also a book about ghost hunting itself drawing on 130 years of research in the cavernous archives of the Society for Psychical Research and even older history to find the earliest ghost stories *A Ghost Hunting Survey* makes use of interviews with those billing themselves as ghost hunters to find out their views motivations and experiences New and original research makes use of statistics to

map the nebulous world of apparitions while a Preliminary Survey of Hauntings offers an analysis of 923 reported phenomena from 263 locations across the UK This is as far as possible an objective presentation of ghosts and ghost hunting It is no wonder that mainstream science largely refuses to deal with the subject it is too complicated Without trying to convince you of any viewpoint this book is intended to help you understand more

The Economics of Hate Samuel Cameron,2009-01-01 A very timely treatment of one of mankind s most important topics Tyler Cowen George Mason University US This important and highly original book explores the application of economics to the subject of hate via such diverse topics as war terrorism road rage witchcraft mania marriage and divorce and bullying and harassment As yet there is no overall economic approach to hate Samuel Cameron pioneers this work by using standard neo classical economics concepts of the utility maximizing consumer and the entrepreneur He examines emotions as a form of personal capital and hate as a form of negative social capital and investigates the idea of a modular matrix of hatred as the appropriate means of examining the subject The likely form and scope of future effects of hate on government policy are also discussed Seeking to explore the dimensions of hate as a commodity from a wider economic perspective this exceptional book will prove a fascinating read for those with an interest in the economic value of hatred in particular and the economics of the unusual more generally

Best of Both Worlds Richard Koepke,2009-10 Can a murdered person come back from the grave to tell her autobiography through the voice of a psychic medium During the summer of 1980 a young Canadian beauty Dorothy Stratten and her husband Paul Snider were murdered in Los Angeles under mysterious circumstances and a shroud of cover up Many lives would change drastically as people abandoned the Playboy ship en masse in the aftermath This book offers theological insight into sexual abuse hedonism PTSD trauma stress related illness human trafficking codependence and forgiveness

Psychic Detectives Jenny Randles,Peter Hough,2021-11-16 An illustrated examination of the use of psychics in solving criminal cases Crime investigation is not always a matter of gathering hard evidence Just as police officers sometimes follow a hunch people with psychic abilities have often supplied invaluable leads to help crack the most baffling cases Psychic Detectives allows you to enter their world revealing their astounding experiences and the often heavy price they pay for sharing what they know Police agencies are generally reluctant to admit to the use of psychics during or even after the completion of an investigation for fear of ridicule from the public and other members of the law enforcement community Despite this psychics have often become involved in a large number of highly publicized investigations into serial murders conducted over the last 20 years or more Featured cases include the Kennedy assassinations Jack the Ripper the Charles Manson murders Uri Geller s diamond find David Berkowitz Son of Sam the Moors murders Peter Sutcliffe The Yorkshire Ripper the IRA bombing Manchester the disappearance of Lord Lucan the Patty Hearst kidnapping and many more
