Rally Round The Jack:

Rally Round the Jack Leonard L. Knott,1976 *An Alley in Chicago* Margerie Frisbie,2002-05-01 Besides recounting the exemplary life of Monsignor John Joseph Egan *An Alley in Chicago* briefs us on the firebrand priests and lay people who radiated the power and lan that made Catholics across the country look to the heartland to Chicago s Catholic moment They sought leadership in marriage education in neighborhood empowerment in urban ministries in ecuminism in race relations in community organizing from these indefatigable Chicago leaders and they got it **The Price of Love** Anne Baker,2012-04-26 A young woman s desperate pursuit of love reveals secrets from more than one source Anne Baker writes a compelling saga in *The Price of Love* detailing the trials of life and love Perfect for fans of Nadine Dorries and Katie Flynn Kate McGlory longs to be loved Her seven younger brothers are cherished by their doting mother Lena but Kate tends to be forgotten Then Kate catches the eye of Jack Courtney and at last she too is adored But their courtship is not straightforward Jack comes from a family of wealthy ship owners in Merseyside who may not approve of the match Lena is terrified that history will repeat itself if her daughter falls in love with a man above her station and worst of all Jack has not been entirely honest with Kate from the start What readers are saying about *The Price of Love* Beautifully written the characters come to life on the page as their story unfolds I would highly recommend this book The book is very hard to put down Anne Baker is a superb writer and never fails to excite me Unsurpassed Helmut Norpoth,2018-08-27 Franklin Roosevelt was not only the first US president to be covered by public opinion polls but his ratings have consistently exceeded those of all subsequent sitting presidents save for John F Kennedy Moreover Roosevelt also stands out with a popular appeal that is unsurpassed by any of his successors serving at least a full term The key to his approval as this book shows was wartime leadership not economic performance It began with policies preparing the nation for war in the two years before formal entry To use FDR s own coinage it was making the United States the arsenal of democracy in the battle against tyranny That pursuit not the New Deal earned him high marks with the American people and re election to an unprecedented third term World War II and its heavy human toll did nothing to diminish FDR s popularity As such the FDR experience defies major paradigms of presidential politics Yet Roosevelt has been relatively ignored by scholars of public opinion What can FDR s experience teach us and his successors about rousing broad public support particularly during wartime What light does his success shed on the failures of Presidents Truman Johnson and George W Bush in Korea Vietnam and Iraq On key issues mainly with foreign policy FDR had to contend with an American public that opposed his plans at the outset Helmut Norpoth argues that Roosevelt had an unparalleled ability for leadership especially through the fabled fireside chats and his appreciation of opinion polls that enabled him to move the public to embrace his policies In this book Norpoth takes an in depth look at how FDR s leadership swayed public opinion comparing his experience to his successors to draw broad conclusions about what makes for successful presidential politics **Jack's Island** Norman Jorgensen,2008-06-01 When war comes to Australia Jack

caused more deaths than any other war in modern history When leaders go to war expecting easy victory events usually correct their misperceptions quickly and with fairly low casualties thereby setting the stage for a negotiated agreement A second explanation involves motives born of domestic politics as war becomes more intense however leaders are increasingly constrained in their ability to continue the fighting Particularly destructive wars instead arise from mistrust of an opponent's intentions Countries that launch preventive wars to forestall expected decline tend to have particularly ambitious war aims that they hold to even when fighting goes poorly Moreover in some cases their opponents interpret the preventive attack as evidence of a dispositional commitment to aggression resulting in the rejection of any form of negotiation and a demand for unconditional surrender Weisiger's treatment of a topic of central concern to scholars of major wars will also be read with great interest by military historians political psychologists and sociologists

The Uncensored War Daniel C. Hallin, 1989-04-14 Vietnam was America's most divisive and unsuccessful foreign war It was also the first to be televised and the first of the modern era fought without military censorship From the earliest days of the Kennedy Johnson escalation right up to the American withdrawal and even today the media's role in Vietnam has continued to be intensely controversial The Uncensored War gives a richly detailed account of what Americans read and watched about Vietnam Hallin draws on the complete body of the New York Times coverage from 1961 to 1965 a sample of hundreds of television reports from 1965-73 including television coverage filmed by the Defense Department in the early years of the war and interviews with many of the journalists who reported it to give a powerful critique of the conventional wisdom both conservative and liberal about the media and Vietnam Far from being a consistent adversary of government policy in Vietnam Hallin shows the media were closely tied to official perspectives throughout the war though divisions in the government itself and contradictions in its public relations policies caused every administration at certain times to lose its ability to manage the news effectively As for television it neither showed the literal horror of war nor did it play a leading role in the collapse of support it presented a highly idealized picture of the war in the early years and shifted toward a more critical view only after public unhappiness and elite divisions over the war were well advanced

The New Biographical Dictionary of Film David Thomson, 2010 Thomson independent scholar writing of The Biographical Dictionary of Film aka A Biographical Dictionary of the Cinema 1975 edition described it as a personal opinionated and obsessive biographical dictionary of the cinema Thirty five years and several editions later that description still holds true of this expanded work The new dictionary summarizes salient facts about its subjects lives and discusses their film credits in terms of the quality of the filmmakers work In ambition it has competitors including Leslie Halliwell's various editions of Halliwell's Filmgoers Companion 12th ed 1997 and Halliwell's Who's Who in the Movies edited by John Walker 4th ed rev and updated 2006 which cover films and technical terms categories not included in Thomson's but whose entries are neutral and exceedingly brief Additionally Francophile Richard Roud's edited Cinema A Critical Dictionary The Major

Filmmakers 2 v 1980 is as passionate a work as Thomson's but narrower in scope with entries written by various experts rather than only by Roud. Finally the multivolume magnum opus The International Dictionary of Films and Filmmakers 4th ed 2000 ed by T Pendergast and S Pendergast 2nd ed ed by N Thomas v 1 CH May 91 1st ed ed by C Lyon v 1 2 CH Jan 85 v 3 CH Apr 87 v 4 5 CH Jun 88 covers everything films directors actors writers and production artists with generous measured scholarly entries and lavish illustrations. However it looms large and heavy unlike the handy one volume work by Thomson. Arguably Thomson's work for its scope is the most fun the most convenient and the most engaging title. All libraries supporting people interested in film should buy it. It will get lots of use and provide very good value for the money. Thomas E Murray the patriarch was born in 1860 in Albany New York. At his death in 1929 he left 9 million eight children forty eight grandchildren and a record of industrial accomplishment ranging from 1 110 patented inventions to the consolidation of Con Edison. His faith never left him. Murray's children the lace curtain generation nurtured increased and occasionally squandered the new wealth made feudal marriages with the offspring of other Irish climbers built great houses on Fifth Avenue and the shore and a tight exclusive society upon the twin rocks of Catholicism and respectability. A third generation was raised in the great houses convent schools and the Southampton compound prototype for the parvenu Kennedys in Hyannis. Their inevitable entry into secular society found them ill prepared marriages with a Ford and Vanderbilt ended in failure. The most recent crop of Murray McDonnells moves in St Tropez and St Mortiz scenes of the celebrated Charlotte Food Starvos Niarchos liaison. The author remarks and regrets the loss through assimilation of what was distinctively Irish in this and other great families closing with a memorable firsthand portrait of the indomitable Anna Murray McDonnell. Corry's history of the golden clan is set against the larger context of the Irish experience in America tales of Colonial grandees and early nineteenth century fashionables how the historic emigrations radically changed the nation's perception of the Irish how families like the Murrays and the McDonnells came by their values and passed them on fascinating details of the relationship between the rich Irish and their clergy. Writing with their proper shade of a lilt John Corry offers a fond and discerning view of a great American Irish family that arrived and never looked back Confederate Phoenix Edmund L. Drago, 2008 In this innovative book Edmund L Drago tells the first full story of white children and their families in the most militant Southern state and the state where the Civil War erupted. Drawing on a rich array of sources many of them formerly untapped Drago shows how the War transformed the domestic world of the white South. Households were devastated by disease death and deprivation. Young people took up arms like adults often with tragic results. Thousands

of fathers and brothers died in battle many returned home with grave physical and psychological wounds Widows and orphans often had to fend for themselves From the first volley at Fort Sumter in Charleston harbor to the end of Reconstruction Drago explores the extraordinary impact of war and defeat on the South Carolina home front He covers a broad spectrum from the effect of boy soldiers on the ideals of childhood and child rearing to changes in education marriage customs and community as well as family life He surveys the children s literature of the era and explores the changing dimensions of Confederate patriarchal society By studying the implications of the War and its legacy in cultural memory Drago unveils the conflicting perspectives of South Carolina children white and black today The Bystander ,1908
