Sigurd's Lament Benjamin John Peters,2017-07-14 In literature the advice often given is to show and not tell In academia it is the opposite tell and do not show Sigurd s Lament is a text that asks the question can scholarship show rather than tell On the surface it is the collected work of a mid twentieth century scholar Hawthorne Basil Peters who has curated the life s work of his father the translation of a Welsh epic into the alliterative meter of the English Revival The poem is produced in full but so too is the historic introduction commentary and academic apparatus Peters for the first time shares with the world his father s wonderful translation and his previously unpublished academic ideas In a text rife with distention however Peters draws the reader s attention to the unexpected flexibility of language and asks only one thing in return drink deeply For Sigurd s Lament is a text of the most serious play It is ambiguous and obfuscating and riddled with footnotes that have lurking within them like goblins in the weeds future tales of past narratives

[Performing Grief](#) Anne E. McLaren,2020-02-29 This is the first in depth study of Chinese bridal laments a ritual and performative art practiced by Chinese women in premodern times that gave them a rare opportunity to voice their grievances publicly Drawing on methodologies from numerous disciplines including performance arts and folk literatures the author suggests that the ability to move an audience through her lament was one of the most important symbolic and ritual skills a Chinese woman could possess before the modern era Performing Grief provides a detailed case study of the Nanhui

region in the lower Yangzi delta Bridal laments the author argues offer insights into how illiterate Chinese women understood the kinship and social hierarchies of their region the marriage market that determined their destinies and the value of their labor in the commodified economy of the delta region The book not only assesses and draws upon a large body of sources both Chinese and Western but is grounded in actual field work offering both historical and ethnographic context in a unique and sophisticated approach Unlike previous studies the author covers both Han and non Han groups and thus contributes to studies of ethnicity and cultural accommodation in China She presents an original view about the ritual implications of bridal laments and their role in popular notions of wedding pollution The volume includes an annotated translation from a lament cycle This important work on the place of laments in Chinese culture enriches our understanding of the social and performative roles of Chinese women the gendered nature of China s ritual culture and the continuous transmission of women s grievance genres into the revolutionary period As a pioneering study of the ritual and performance arts of Chinese women it will be of interest to scholars and students in the fields of anthropology social history gender studies oral literature comparative folk religion and performance arts Bodies in Motion and at Rest Thomas
