Reforming The Doctrine Of God:

Reforming the Doctrine of God F. LeRon Shults, 2005-11 Linking traditional attributes of God with contemporary philosophy F LeRon Shults culminates with a reformed doctrine of God that revolves around themes of God's omniscient faithfulness omnipotent love and omnipresent hope *Reformed and Always Reforming (Acadia Studies in Bible and Theology)* Roger E. Olson, 2007-10-01 The community of evangelicals sometimes seems so broad as to defy definition but theological conservatism has been one consistent marker Now says theologian Roger Olson postconservatism is moving beyond conventional battles against liberalism and heresy to posit a dynamic and realistic approach While conservatives strive to preserve tradition and protect orthodoxy postconservatives urge openness to doctrinal reform without abandoning orthodoxy Where differences exist between doctrine and Scripture doctrine must be brought into conformity with the Word Postconservatives want to free evangelical theology from its paradoxical captivity to rationalism and its obsession with facts so that it may recognize truth in experience and personal knowledge Theologians pastors seminarians and serious thinkers will find many depths to plumb in this exhaustive survey of critics advocates and fellow travelers on the evangelical journey

Reforming the Christian Faith Mark W. Karlberg, 2017-10-12 Central to the mission of the church with each passing generation is the elucidation of the gospel of Christ which is the heart of the Christian message Witness to God's saving word in Scripture comes in response to discussions and debates arising over the course of church history Our study highlights some of the unity and disunity found within the Reformed tradition Reformation and modern Beginning with the subject of the development of doctrine over the course of church history we take up the foundational issue of biblical hermeneutics the question of how we are to interpret the Bible The year 2017 marks the Protestant Church's 500th anniversary October 31 We consider secondly Protestantism's two leading theological principles the formal the doctrine of Scripture and the material the doctrine of justification by faith alone In the final section we critique departures from the teaching of historic federalism found within contemporary Reformed orthodoxy which strikes at the very heart of what it means to be Reformed in theology Crucial in this long standing and ongoing dispute is the interpretation of the Mosaic Covenant as in some sense a republication of the original Covenant of Works with Adam at creation Covenant and justification are the focal doctrines under study

been attempted in such a wide and deep dialogical mode

Reforming the Art of Dying Austra Reinis, 2016-12-05 The Reformation led those who embraced Martin Luther s teachings to revise virtually every aspect of their faith and to reorder their daily lives in view of their new beliefs Nowhere was this more true than with death By the beginning of the sixteenth century the Medieval Church had established a sophisticated mechanism for dealing with death and its consequences The Protestant reformers rejected this new mechanism To fill the resulting gap and to offer comfort to the dying they produced new liturgies new church orders and new handbooks on dying This study focuses on the earliest of the Protestant handbooks beginning with Luther s Sermon on Preparing to Die in 1519 and ending with Jakob Otter s Christlich leben vnd sterben in 1528 It explores how Luther and his colleagues adopted traditional themes and motifs even as they transformed them to accord with their conviction that Christians could be certain of their salvation It further shows how Luther s colleagues drew not only on his teaching on dying but also on other writings including his sermons on the sacraments The study concludes that the assurance of salvation offered in the Protestant handbooks represented a significant departure from traditional teaching on death By examining the ways in which the themes and teachings of the reformers differed from the late medieval ars moriendi the book highlights both breaks with tradition and continuities that marked the early Reformation

Celebrating the Reformation Mark D Thompson, 2017-09-21 Too often the Reformers and their doctrines have been caricatured misrepresented or misappropriated in the service of agendas they would never have recognized let alone endorsed Happily there has been a great deal of fine scholarship in recent years that has exploded some of these myths but it has not always been accessible to non specialists The intention of *Celebrating the Reformation* is that Christians today will find new cause to rejoice in what God did in the sixteenth century through weak and fallible men and women These people sought in their own context to submit themselves to the word of God and lead his people in a godly and faithful response to the gospel of grace Three sections deal with the chief Reformers key doctrines and the Reformation in retrospect Each contribution seeks to connect its subject to the present making clear its relevance for today The Reformation is not a dead movement but a living legacy that can still capture the imagination and encourage men and women in their own Christian discipleship The contributors are Andrew Bain Colin R Bale Rhys S Bezzant Gerald Bray Martin Foord David A H hne Chase Kuhn Andrew Leslie Edward Loane John McClean Joe Mock Michael J Ovey Tim Patrick Mark D Thompson Stephen Tong Jane Tooher and Dean Zweck
