

RELIGIOUS COMMITMENT AND SECULAR REASON

ROBERT AUDI

Religious Commitment And Secular Reason

Jeremiah Hackett, Jerald Wallulis

Religious Commitment And Secular Reason:

Religious Commitment and Secular Reason Robert Audi, 2000-03-28 Many religious people are alarmed about features of the current age violence in the media a pervasive hedonism a marginalization of religion and widespread abortion These concerns influence politics but just as there should be a separation between church and state so should there be a balance between religious commitments and secular arguments calling for social reforms Robert Audi offers a principle of secular rationale which does not exclude religious grounds for action but which rules out restricting freedom except on grounds that any rational citizen would accept This book describes the essential commitments of free democracy explains how religious and secular moral considerations can be integrated to facilitate cooperation in a world of religious pluralism and proposes ideals of civic virtue that express the mutual respect on which democracy depends **Rationality and**

Religious Commitment Robert Audi, 2011-09-22 Rationality and Religious Commitment shows how religious commitment can be rational and describes the place of faith in the postmodern world It portrays religious commitment as far more than accepting doctrines it is viewed as a kind of life not just as an embrace of tenets Faith is conceived as a unique attitude It is irreducible to belief but closely connected with both belief and conduct and intimately related to life's moral political and aesthetic dimensions Part One presents an account of rationality as a status attainable by mature religious people even those with a strongly scientific habit of mind Part Two describes what it means to have faith how faith is connected with attitudes emotions and conduct and how religious experience may support it Part Three turns to religious commitment and moral obligation and to the relation between religion and politics It shows how ethics and religion can be mutually supportive even though ethics provides standards of conduct independently of theology It also depicts the integrated life possible for the religiously committed a life with rewarding interactions between faith and reason religion and science and the aesthetic and the spiritual The book concludes with two major accounts One explains how moral wrongs and natural disasters are possible under God conceived as having the knowledge power and goodness that make such evils so difficult to understand The other account explores the nature of persons human and divine and yields a conception that can sustain a rational theistic worldview even in the contemporary scientific age **Reasons, Rights, and Values** Robert Audi, 2015-04-02 A wide

ranging collection of essays on reasons rights values and virtues by a leading philosopher of ethics **Law, State and Religion in the New Europe** Lorenzo Zucca, Camil Ungureanu, 2012-01-19 The return of religion to the public sphere raises various dilemmas Rights and values pluralism and identity justice and efficacy autonomy and tradition and integration and toleration cannot always be balanced without the loss of something valuable This volume of essays tackles such dilemmas from two perspectives To begin major contemporary theorists rethink the place of religion in the public sphere from republican liberal and critical theoretical viewpoints Contributors then bring together theory and practice to better conceptualize and assess the latest developments in European jurisprudence with respect to religion **Philosophy of**

Religion for a New Century Jeremiah Hackett, Jerald Wallulis, 2004-04-30 Philosophy of Religion for a New Century represents the work of nineteen scholars presented at a conference in honor of Eugene T Long at the University of South Carolina April 5-6 2002 This volume is a good example of philosophy in dialogue there is both respect and genuine disagreement First an account of our present situation in the Philosophy of Religion is given leading to a discussion of the very idea of a Christian Philosophy and the coherence of the traditional concept of God The implications of science and a concern for the environment in our concepts of God are carefully examined A discussion follows on the possibility of speech about God and silence about God Since much of modern European philosophy is concerned with the Death of God theme the positions of Nietzsche and some of his twentieth century interpreters are presented There are presentations on Feminist Approaches to Philosophy of Religion and Comparative Religion is examined in relation to cultures and the demands of rationality The volume concludes with a critical dialogue on the relation of Religious Discourse to the Public Sphere Developing global awareness has led to significant change in the Philosophy of Religion One dimensional approaches have given way to honest dialogue The traditional boundaries between the secular and the religious have shifted and new approaches to traditional problems are required This volume presents examples of these new approaches

Religion in a Liberal State Gavin D'Costa, Malcolm Evans, Tariq Modood, Julian Rivers, 2013-08-29 Leading authors in politics law sociology and theology discuss what the proper place of religion is in a liberal state

Robert Audi: Critical Engagements Johannes Müller-Salo, 2018-11-30 This volume documents the 20th Münster Lectures in Philosophy with Robert Audi In the last decades Audi's work has deeply influenced different important philosophical discussions ranging from epistemology theory of action and philosophy of rationality to ethics philosophy of religion and political philosophy The critical examinations collected in this book reflect the breadth of Audi's contributions in discussing topics as diverse as epistemological foundationalism and the theory of testimony ethical intuitionism the problem of evil and religion's public place within a liberal democracy Besides his replies to each critical engagement the volume contains an extensive essay on the problems of perception and cognition written by Audi himself This volume will be of enormous use to all scholars interested in the younger history of American philosophy and one of its leading figures It will also appeal to philosophers and curious readers with an interest in the endeavor of designing a comprehensive theory of rationality and human reasoning

The Order of Public Reason Gerald Gaus, 2010-12-13 In this innovative and important work Gerald Gaus advances a revised and more realistic account of public reason liberalism showing how in the midst of fundamental disagreement about values and moral beliefs we can achieve a moral and political order that treats all as free and equal moral persons The first part of this work analyzes social morality as a system of authoritative moral rules Drawing on an earlier generation of moral philosophers such as Kurt Baier and Peter Strawson as well as current work in the social sciences Gaus argues that our social morality is an evolved social fact which is the necessary foundation of a mutually beneficial social order The second

part considers how this system of social moral authority can be justified to all moral persons Drawing on the tools of game theory social choice theory experimental psychology and evolutionary theory Gaus shows how a free society can secure a moral equilibrium that is endorsed by all and how a just state respects and develops such an equilibrium **Understanding Liberal Democracy** Nicholas Wolterstorff,2012-09-27 Understanding Liberal Democracy presents notable work by Nicholas Wolterstorff at the intersection between political philosophy and religion Alongside his influential earlier essays it includes nine new essays in which Wolterstorff develops original lines of argument and stakes out novel positions regarding the nature of liberal democracy human rights and political authority Taken together these positions are an attractive alternative to the so called public reason liberalism defended by thinkers such as John Rawls The volume will be of interest to philosophers political theorists and theologians engaging a wide audience of those interested in how best to understand the nature of liberal democracy and its relation to religion **Religion in the Public Schools** Michael D.

Waggoner,2013-04-10 Since September 11 2001 the profile of religion s role in our global society has increased significantly Religion has long been a force in people s lives as numerous studies and polls show yet we continue to struggle with understanding differing religious traditions and what they mean for our common life There are few places where Americans can meet together to learn about each other and to share in the common construction of our futures One such place for many is public education The purpose of this book is to illustrate the complexity of the social cultural and legal milieu of schooling in the United States in which the improvement of religious literacy and understanding must take place Public education is the new commons We must negotiate this commons in two meanings of that term first we must come to mutual understandings and agreement about how to proceed toward a common horizon of a religiously plural America second we must work our way through the obstacles in these settings in practical ways to achieve results that work **Religion in the Public Schools** Michael Waggoner,2013-04-10 Since September 11 2001 the profile of religion s role in our global society has increased significantly Religion has long been a force in people s lives as numerous studies and polls show yet we continue to struggle with understanding differing religious traditions and what they mean for our common life There are few places where Americans can meet together to learn about each other and to share in the common construction of our futures One such place for many is public education The purpose of this book is to illustrate the complexity of the social cultural and legal milieu of schooling in the United States in which the improvement of religious literacy and understanding must take place Public education is the new commons We must negotiate this commons in two meanings of that term first we must come to mutual understandings and agreement about how to proceed toward a common horizon of a religiously plural America second we must work our way through the obstacles in these settings in practical ways to achieve results that work *Religious Ideas in Liberal Democratic States* Jasper Doomen,Mirjam van Schaik,2021-07-29 Religious Ideas in Liberal Democratic States adds new context to the ongoing debate over the scope of religious freedom drawing from a variety of

perspectives to discuss the meaning of religion itself within a democratic state This book argues that categorizing religion as a solely private affair is too narrow an interpretation and questions whether ideas like freedom human dignity and equality can be truly actualized in a neutral and secular state Contributors explore the impact of religion acknowledged or not on legislation human rights and group rights through legal historical and sociological lenses Scholars of constitutional law jurisprudence international law and political science will find this book particularly useful **Is This God's Country?**

Robert Audi,2024 Why think America is God s country What is a religion Religion as an engine of law making Ethics and democracy why should a religious nation tolerate irreligion Public education why shouldn t public education endorse the religious values of the nation Religion democracy and economic liberty why can t owners of a business run it as they like Healthcare in America why should government be allowed to override religious preferences The civic responsibilities of citizens do unto others a moral and religious standard Can we integrate morality politics and religion Civil discourse as a challenge for citizens and government Can America be Christian S. A. Lloyd,2013-08-31 This volume demonstrates the enduring relevance of the philosophy of Thomas Hobbes for the political and social problems we face today *Negotiating Religion* François Guesnet,Cécile Laborde,Lois Lee,2016-08-25 Negotiating religious diversity as well as negotiating different forms and degrees of commitment to religious belief and identity constitutes a major challenge for all societies Recent developments such as the de secularisation of the world the transformation and globalisation of religion and the attacks of September 11 have made religious claims and religious actors much more visible in the public sphere This volume provides multiple perspectives on the processes through which religious communities create or defend their place in a given society both in history and in our world today Offering a critical cross disciplinary investigation into processes of negotiating religion and religious diversity the contributors present new insights on the meaning and substance of negotiation itself This volume draws on diverse historical sociological geographic legal and political theoretical approaches to take a close look at the religious and political agents involved in such processes as well as the political social and cultural context in which they take place Its focus on the European experiences that have shaped not only the history of negotiating religion in this region but also around the world provides new perspectives for critical inquiries into the way in which contemporary societies engage with religion This study will be of interest to academics lawyers and scholars in law and religion sociology politics and religious history *University of Chicago Law Review: Volume 79, Number 4 - Fall 2012* University of Chicago Law Review,2012-01-30 A leading law review offers a quality ebook edition This fourth issue of 2012 features articles from internationally recognized legal scholars and extensive research in Comments authored by University of Chicago Law School students Contents for the issue are ARTICLES Elected Judges and Statutory Interpretation by Aaron Andrew P Bruhl footnotes are fully linked and properly numbered graphs and figures are reproduced legibly URLs in footnotes are active and proper eBook formatting is used **Religion in the Classroom** Jennifer Hauver James,Simone Schweber,Robert

Kunzman, Keith C. Barton, Kimberly Logan, 2014-11-13 Dilemmas surrounding the role for religious beliefs and experiences permeate the school lives of teachers and teacher educators Inspired by the need for teachers and students to more fully understand such dilemmas this book examines the relationship between religion and teaching learning in a democratic society Written for pre service and in service teachers it will engage readers in thinking about how their own religious backgrounds affect their teaching how students religious backgrounds influence their learning how common experiences of school and classroom life privilege some religions at the expense of others and how students can better understand diverse religious beliefs and interact with people from other backgrounds The focus is specifically on classroom issues related to religious understandings and experiences of teachers and students and the implications of those for developing democratic citizens Grounded in both research and personal experience each chapter provides thought provoking evidence related to the role of religion in schools and society and asks readers to consider the consequences of varied ways of responding to the dilemmas posed

The Evolution of Rationality F. LeRon Shults, 2006-11-09 How can science and religion move together toward a collegial future J Wentzel van Huyssteen has spent decades developing an interdisciplinary platform for the fruitful engagement of science and religion Compiled to celebrate van Huyssteen s 65th birthday The Evolution of Rationality gathers a stellar roster of scholars in van Huyssteen s main areas of philosophy science and theology The contributors some of them Gifford lecturers and Templeton Prize winners offer significant new methodological and material proposals giving evidence of van Huyssteen s impact on the shape and texture of interdisciplinary conversation itself Their essays are arranged in three parts modern and postmodern philosophical challenges to our understanding of rationality scientific evolutionary perspectives on the nature and development of human rationality in relation to religion religious and theological explorations of the evolution of rationality However because the authors are all involved in interdisciplinary dialogue this philosophical scientific theological arrangement of chapters is not hard and fast Virtually every essay engages issues that overlap all three fields forming an extremely rich blend of thought A creative interdisciplinary collection written by world renowned philosophers scientists and theologians The Evolution of Rationality renders fitting tribute to pioneering scholar mentor J Wentzel van Huyssteen Contributors John Hedley Brooke Delwin Brown Philip Clayton Jean Clottes F W Dobbs Allsopp David Fergusson Niels Henrik Gregersen David Lewis Williams George Newlands Richard Robert Osmer Arthur Peacocke Kenneth A Reinhout Holmes Rolston III Michael Ruse Calvin O Schrag F LeRon Shults Christopher Southgate Michael L Spezio Mikael Stenmark Jerome A Stone Ian Tattersall Roger Trigg Keith Ward Wesley J Wildman

Civil Disagreement Edward Langerak, 2014-03-11 How can we agree to disagree in today s pluralistic society one in which individuals and groups are becoming increasingly polarized by fierce convictions that are often at odds with the ideas of others Civil Disagreement Personal Integrity in a Pluralistic Society shows how we can cope with diversity and be appropriately open toward opponents even while staying true to our convictions This accessible and useful guide discusses how our conversations and arguments

can respect differences and maintain personal integrity and civility even while taking stances on disputed issues The author examines an array of illustrative cases such as debates over slavery gay marriage compulsory education for the Amish and others providing helpful insights on how to take firm stands without denigrating opponents The author proposes an approach called perspective pluralism that honors the integrity of various viewpoints while avoiding the implication that all reasonable views are equally acceptable or true Civil Disagreement offers a concise yet comprehensive guide for students and scholars of philosophical or religious ethics political or social philosophy and political science as well as general readers who are concerned about the polarization that often seems to paralyze national and international politics *The Agnostic Age* Paul Horwitz, 2011-02-17 Argues that the fundamental reason for church state conflict is our aversion to questions of religious truth By trying to avoid the question of religious truth law and religion has ultimately reached a state of incoherence He asserts that the answer to this dilemma is to take the agnostic turn to take an empathetic and imaginative approach to questions of religious truth one that actually confronts rather than avoids these questions but without reaching a final judgment about what that truth is Jacket

Delve into the emotional tapestry woven by Crafted by in Experience **Religious Commitment And Secular Reason** .
