Religious Broadcast Management Handbook:

Religious Broadcast Management Handbook Thomas C. Durfey, James A. Ferrier, 1986-01-01 Handbook of Media Management and Economics Alan B. Albarran, Sylvia M. Chan-Olmsted, Michael O. Wirth, 2006 This handbook provides a synthesis of current work and research in media management and economics and establishes an agenda for future activities It will serve as a foundational resource for scholars and students in media management and economics World Radio TV Handbook ,1981 1952 54 include world wide radio who s who **Routledge Revivals: Radio Broadcasting from 1920 to 1990 (1991)** Diane Foxhill Carothers, 2016-11-10 First published in 1991 this book presents a comprehensive annotated bibliography of radio broadcasting Its eleven chapter categories cover almost the entire range of radio broadcasting with the exception of radio engineering due to its technical complexity although some of the historical volumes do encompass aspects thus providing background material Entries are primarily restricted to published books although a number of trade journals and periodicals are also included Each entry includes full bibliographic information including the ISBN or ISSN where available and an annotation written by the author with the original text in hand **Evangelicalism** Richard Kyle, 2017-09-20 Most forms of religion are best understood in the context of their relationship with the surrounding culture This may be particularly true in the United States Certainly immigrant Catholicism became Americanized mainstream Protestantism accommodated itself to the modern world and Reform Judaism is at home in American society In *Evangelicalism* Richard Kyle explores paradoxical adjustments and transformations in the relationship between conservative Protestant Evangelicalism and contemporary American culture Evangelicals have resisted many aspects of the modern world but Kyle focuses on what he considers their romance with popular culture Kyle sees this as an Americanized Christianity rather than a Christian America but the two are so intertwined that it is difficult to discern the difference between them Instead in what has become a vicious self serving cycle Evangelicals have baptized and sanctified secular culture in order to be considered culturally relevant thus increasing their numbers and success within abundantly populous and populist driven American society In doing so Evangelicalism has become a middle class movement one that dominates America's culture and unabashedly populist Many Evangelicals view America as God's chosen nation thus sanctifying American culture consumerism and middle class values Kyle believes Evangelicals have served themselves well in consciously and deliberately adjusting their faith to popular culture Yet he also thinks Evangelicals may have compromised themselves and their future in the process so heavily borrowing from the popular culture that in many respects the Evangelical subculture has become secularism with a light gilding of Christianity If so he asks can Evangelicalism survive its own popularity and reaffirm its religious origins or will it assimilate and be absorbed into what was once known as the Great American Melting Pot of religions and cultures Will the Gospel of the American dream ultimately engulf and destroy the Gospel of Evangelical success in America This thoughtful and thought provoking volume will interest anyone concerned with the modern day success of the Evangelical movement in

America and the aspirations and fate of its faithful **Pat Robertson** David John Marley, 2007 A portrait of the 700 Club host and co founder of the Christian Coalition considers his role as a reviled figure in the secular world and a formidable role model among Christian fundamentalists in a profile that lauds his achievements while questioning some of his decisions

Religious Broadcasting Sourcebook Ben Armstrong, Benjamin Leighton Armstrong, 1978 Christian Communicator's Handbook Floyd A. Craig, 1969 **Handbook of the Geographies of Religion** Lily Kong, Orlando Woods, Justin K.H. Tse, 2024-12-02 This international and interdisciplinary handbook offers a comprehensive and an in depth overview of contemporary research theory and practice in the geographies of religion in various parts of the world and with different populations The book showcases the major theoretical interventions in the field and the debates about the existential constitution of sacred space and what this means for secularization It outlines the most significant geographical themes related to these new developments with their implications for how to think about landscapes space bodies and worlds The book also discusses the future of the field especially in the realms of encounters and ethics economies and markets institutions and organisations movements and migrations and media and mediums It also offers views from disciplines outside of geography including from sociology anthropology religious studies and media and communications which demonstrates the contributions of geographers of religion to wider intellectual conversations and debates **Shelter Management Handbook** , 1984 **The Handbook of Religion and Communication** Yoel Cohen, Paul A. Soukup, 2023-02-22 Provides a contemporary view of the intertwined relationship of communication and religion The Handbook of Religion and Communication presents a detailed investigation of the complex interaction between media and religion offering diverse perspectives on how both traditional and new media sources continue to impact religious belief and practice across multiple faiths around the globe Contributions from leading international scholars address key themes such as the changing role of religious authority in the digital age the role of media in cultural shifts away from religious institutions and the ways modern technologies have transformed how religion is communicated and portrayed Divided into five parts the Handbook opens with a state of the art overview of the subject s intellectual landscape introducing the historical background theoretical foundations and major academic approaches to communication media and religion Subsequent sections focus on institutional and functional perspectives theological and cultural approaches and new approaches in digital technologies The essays provide insight into a wide range of topics including religious use of media religious identity audience gratification religious broadcasting religious content in entertainment films and religion news reporting about religion race and gender the sex religion matrix religious crisis communication public relations and advertising televangelism pastoral ministry death and the media online religion future directions in religious communication and more Explores the increasing role of media in creating religious identity and communicating religious experience Discusses the development and evolution of the communication practices of various religious bodies Covers all major media

sources including radio television film press digital online content and social media platforms Presents key empirical research real world case studies and illustrative examples throughout Encompasses a variety of perspectives including individual and institutional actors academic and theoretical areas and different forms of communication media Explores media and religion in Judeo Christian traditions Islam Buddhism Hinduism religions of Africa Atheism and others The Handbook of Religion and Communication is an essential resource for scholars academic researchers practical theologians seminarians mass communication researchers and undergraduate and graduate students taking courses on media and religion

BBC Handbook British Broadcasting Corporation,1928 **The Rowman & Littlefield Handbook of Philosophy and Religion** Mark A. Lamport,2022-04-07 The Handbook of Philosophy and Religion is a one volume examination of the most salient concepts that sit at the intersection of religion and philosophy This book grounds readers in the mysteries that have evoked wonder and consternation for millennia such as the nature of divinity in relation to humanity the legitimacy of religious experience and how we frame language to speak about it the possibility of miraculous occurrences and theories regarding life after death

Christian Communication ,1989-09-26 The rise of the fundamental religious broadcasters in the United States has triggered an intense popular interest in mediated Christianity and prompted the traditional churches to reexamine their own policies toward mass communication The ensuing dramatic increase in the number of studies on the subject has prompted a corresponding need for a comprehensive index of valuable materials Christian Communication is the first wide ranging annotated bibliography of available books articles theses and dissertations in English French German Spanish and Italian that deals with all forms and aspects of Christian communication even comic books and the computer The bibliographies for this collection were drawn from several sources including the Library of Congress several important computerized databases manual searches of such institutions as the Billy Graham Center and the Graduate Theological Union among others and references in dissertations Most importantly only accessible items which could be checked and reviewed by Soukup and his research staff have been included here The volume is arranged to maximize ease of access and use and is based on the general academic division of communication studies The first chapter contains an introduction cross referenced to the bibliographies that reviews the history of church communication the major issues that characterize it and suggests possibilities for future study Next a resource chapter lists periodicals which address specific areas of religious communication or frequently published articles of interest cites bibliographic guides to the material and surveys directories of both personnel working in the field of Christian communication and of catalogs of relevant materials The following seven chapters contain the major bibliographical sections that review communication theory history rhetoric interpersonal communication mass communication intercultural communication and other media The volume closes with helpful name title and subject indexes that make this guide thoroughly user friendly and an important research tool for church communicators theological students and communications scholars working in philosophical or qualitative
