Remembering Horowitz 125 Pianists Recall A Legend Remembering Horowitz:

Remembering Horowitz David Dubal, 1993 Pianist and broadcaster Dubal has asked over 100 of the world's leading concert pianists to describe the artistry of Vladimir Horowitz not only his technical powers but his musicianship mastery of timbre and color and the passion he expressed 50 photos *The Pianist's Bookshelf, Second Edition* Maurice Hinson, Wesley Roberts, 2023-11-07 Originally published in 1997 *The Pianist's Bookshelf* was according to the Library Journal a unique and valuable tool Now rewritten for a modern audience this second edition expands into the 21st century A completely revised update *The Pianist's Bookshelf Second Edition* comes to the rescue of pianists overwhelmed by the abundance of books videos and other works about the piano In this clear easy to use reference book Maurice Hinson and Wesley Roberts survey hundreds of sources and provide concise practical annotations for each item thus saving the reader hours of precious research time In addition to the main listings of entries such as Chamber Music and Piano Duet the book has indexes of authors composers and performers A handy reference from the masters of piano bibliography *The Pianist's Bookshelf Second Edition* will be an invaluable resource to students teachers and musicians *When the Music Stopped* Thomas J. Cottle, 2012-02-01 This is the story of one woman's decision to forfeit a brilliant career for the sake of motherhood Once a child prodigy Gitta Gradowa traveled the world as an internationally acclaimed concert pianist performing recitals as well as appearing with prominent orchestras of her era Her son Thomas J Cottle uses written records interviews and personal reminiscence to reconstruct her life as well as their own mother son relationship He is at times a storyteller at times a psychologist at times a son seeking to uncover those aspects of his mother's life he could never know or perhaps chose not to know until it was too late **The Pianist's Bookshelf** Maurice Hinson, 1998-05-22 In addition to the main listing of entries the book has several topical indexes *Schubert's Reputation from His Time to Ours* Geoffrey Block, 2024-12-30 The composer Franz Schubert 1797-1828 was not bereft of early advocates from Schumann Liszt and Mahler to Sir George Grove Brahms famously heralded Schubert as the true successor to Beethoven Nevertheless it was not until the end of the twentieth century that Schubert's major instrumental works finally and fully emerged from Beethoven's shadow Critics and scholars began to reinterpret Schubert's departures from Beethoven's formal and stylistic characteristics and to see these departures not as flaws but as strengths and hallmarks of a new paradigm Schubert's alternate constructions of masculine subjectivities first described by Schumann in 1838 parallel a developing appreciation for lyricism melody and song traits historically regarded as feminine Consequently Schubert's approach is increasingly viewed as innovative and divergent rather than defective and deviant Schubert's *Reputation from His Time to Ours* tells the story of how and why this has happened **The 20th Century Go-N** Frank N. Magill, 2014-03-05 Each volume of the Dictionary of World Biography contains 250 entries on the lives of the individuals who shaped their times and left their mark on world history This is not a who's who Instead each entry provides an in depth essay on the life and career of the individual concerned Essays commence

with a quick reference section that provides basic facts on the individual's life and achievements. The extended biography places the life and works of the individual within an historical context and the summary at the end of each essay provides a synopsis of the individual's place in history. All entries conclude with a fully annotated bibliography. The Essential Canon of Classical Music David Dubal, 2003-10-24 Identifies almost two hundred forty composers whose works are most important to an understanding of classical music with essays on sixty of the most significant. Presented in chronological order for the Medieval Renaissance and Elizabethan ages the age of the Baroque the age of Classicism the Romantic age and the age of Modernism.
