Economic Empowerment Of Women In The Islamic World: Theory And Practice Toseef Azid,Jennifer L

Ward-batts,2020-06-22 The book Economic Empowerment of Women in the Islamic World discusses the economic social and political rights and status of women in Islam which is theoretically given by the Islamic Jurisprudence Shariah law The chapters in this volume will address historical practices in comparison to the status of women in the contemporary Muslim world Men and women in Islam regardless of their age social class and education are equal as citizens and individuals but not identical in their rights and responsibilities It can be observed from Islamic history that in the early age of Islam women were given full confidence trust and high responsibilities in leadership educational guidance and decision making This volume will try to clarify the confusion in the status of the women in Islam that is presented by the media as it is assumed that theoretical Islamic empowerment of women bears little relation to the real conditions of women in modern Muslim societies It has been widely claimed in the media that Muslim women suffer more than men in Muslim societies and communities in terms of insecurity domestic abuse and low access to education and medical care It is also stated in the press and media that absence of good governance also results in gender inequality and violation of the rights of Muslim women This volume also aims to provide the solutions for the empowerment of women in the Islamic world We assumed that without good governance the status of women is not likely to improve Muslim women have the potential to play a fundamental role in curbing corruption social ills violence and crime in the Muslim world This volume will make the case that in order to achieve stability and prosperity the government must ensure a platform for women to participate in decision making and hence benefit from the rights they are accorded in Islam By covering a range of perspectives on the economic lives of Muslim women around the world it hopes to shed light on the problems faced and to offer possible solutions to the empowerment of women in the Islamic world **The Essential Seyyed Hossein Nasr** Seyyed Hossein Nasr,2007-06 Table of Contents The Essential

 for All** Dil R Banu, 2014-05-29 In our times of strife and alienation the author presents a fresh argument for harmony and
 togetherness She has a deep understanding of the human mind through ages in which God eternally leaves His unifying
 marks God's Omnipresence binds our ageless humanity on one hand and on the other it directs us to His singular message of
 Unity The author essentially focuses on the Unity of God and articulates its dimensions from the vantage point of her Islamic
 conviction In so doing she places other religions vis vis Islam and vice versa In keeping with the spirit of Islam she never
 indulges in the denigration of the other She does encounter anti Islamism that we see in vogue Her style is unapologetic and
 straight to the point She takes the antagonists to the task But her tone all throughout is one of reconciliation She seeks to
 make her audience understand her belief system i e Islam and in turn understand the misunderstanding of Islam by her
 audience Her audience obviously is Western if not exclusively and as such her arguments flourish in the Western context She
 does leave room for the watchful non Western Muslim and non Muslim readers to get hold of that context The book
 addressing timeless issues is quintessentially timely Muhammad Mashreque has been a professor of English at Allen
