**Varieties of Cultural History** Peter Burke, 1997 In this collection of essays of which four are published here for the first time Peter Burke explores the theory and practice of what is called new cultural history He focuses on the varieties of cultural history which have emerged since the writings of Jacob Burckhardt and Johan Huizinga No new orthodoxy has emerged to replace the classic model Burke suggests despite the importance of innovative approaches inspired by social and cultural anthropology After discussing the origins and identity of cultural history Burke explores the social history of dreams and the relation between history and social memory He presents five case studies addressing topics in the history of early

modern Italy Each is located on the frontiers of cultural history between learned and popular culture between the public and the private spheres and between the serious and the comic Burke then turns to the encounter between Europe and the New World and to the phenomenon of cultural translation in the etymological literal and metaphorical senses of the term He concludes with two theoretical investigations one on the history of mentalities and one which asks why cultural history seems doomed to fragmentation

*Material Inspirations* Jonah Siegel,2020 This book is a study of the complex relationship between matter and idea that shaped the nineteenth century culture of art and that in turn determined the course of still current accounts of art s nature and value Fundamental questions about the effects of material conditions on the creation and reception of art arose as early as the nineteenth century and put important pressures on later eras The place of class distinctions in the making and reception of art the relationship between copy and original the effects of display on art appreciation even the role of pleasure itself this book treats these and related issues as productive conceptual challenges with an unresolved relationship to matter at their core Drawing on recent scholarship on the history of art and its institutions *Material Inspirations* places cultural developments such as the emergence of new sites for exhibition and the astonishing proliferation of printed reproductions alongside a wide range of texts including novels poems travel guidebooks compendia of antiquities and especially the great line of critical writing that emerged in the period The study vivifies a dynamic era which is still too often seen as static and unchanging by emphasizing the transformations taking place throughout the period in precisely those areas that have appeared to promise little more than repetition or continuity collection exhibition and reproduction The book culminates with the two great critics of the period John Ruskin and Walter Pater but it also includes close analysis of other prose writers as well as poets and novelists ranging from William Blake to Robert Browning George Eliot to Henry James Significant developments addressed include the vogue for the representation of Old Masters in the first half of the century ongoing innovations in the creation and diffusion of reproductions and the emergence of the field of art history itself At the heart of each of these the book identifies a material pressure shaping concepts texts and works of art

*Styles of Ornament* Alexander Speltz,1928      *Sophronius of Jerusalem and Seventh-Century Heresy* Pauline Allen,2009-01-22 Sophronius was one of the most influential figures spanning the ecclesiastical troubles in East and West during the sixth to the seventh centuries Poet hagiographer dogmatician homilist and liturgist he was a widely travelled monastic who had close ties with the see of Rome and an unrivalled knowledge of the workings of the anti Chalcedonian churches revealed in his Synodical Letter Sophronius despatched this epistle to other church leaders when at an advanced age he became patriarch of Jerusalem in AD 634 The letter was read out at the Sixth Ecumenical Council in 680 1 and provided the only sustained rebuttal of the monoenergist doctrine which was used by

eastern emperors and church leaders alike as a political strategy to unite Christians in the early Byzantine empire Pauline Allen provides the first complete annotated translation of the Synodical Letter into a modern language A comprehensive introduction situates the work in the context of the aftermath of the Council of Chalcedon AD 451 It is accompanied by a dossier of translated documents by other writers of the time which illustrate the progress of the debate and its political and ecclesiastical repercussions in the first half of the seventh century
