Lost And Found A Second Generation Response To The Holocaust:

From Things Lost Shirli Gilbert, 2017-05-15 An intimate history of the Holocaust that casts new light on our understanding of victimhood and survival In May 1933 a young man named Rudolf Schwab fled Nazi Germany His departure allegedly came at the insistence of a close friend who later joined the Party Schwab eventually arrived in South Africa one of the few countries left where Jews could seek refuge and years later resumed a relationship in letters with the Nazi who in many ways saved his life *From Things Lost* Forgotten Letters and the Legacy of the Holocaust is a story of displacement survival and an unlikely friendship in the wake of the Holocaust via an extraordinary collection of letters discovered in a forgotten trunk Only a handful of extended Schwab family members were alive in the war's aftermath Dispersed across five continents their lives mirrored those of countless refugees who landed in the most unlikely places Over years in exile a web of communication became an alternative world for these refugees a place where they could remember what they had lost and rebuild their identities anew Among the cast of characters that historian Shirli Gilbert came to know through the letters one name that appeared again and again was Karl Kipfer He was someone with whom Rudolf clearly got on exceedingly well there was lots of joking familiarity and sentimental reminiscing That was Grandpa's best friend growing up Rudolf's grandson explained to Gilbert He was a Nazi and was the one who encouraged Rudolf to leave Germany He also later helped him to recover the family's property Gilbert takes readers on a journey through a family's personal history wherein we learn about a cynical Karl who attempts to make amends for his undemocratic past and a version of Rudolf who spends hours aloof at his Johannesburg writing desk dressed in his Sunday finest holding together the fragile threads of his existence The Schwab family's story brings us closer to grasping the complex choices and motivations that even in extreme situations or perhaps because of them make us human In a world of devastation the letters in *From Things Lost* act as a surrogate for the gravestones that did not exist and funerals that were never held Readers of personal accounts of the Holocaust will be swept away by this intimate story

Re-examining the Holocaust through Literature Aukje Kluge, Benn E. Williams, 2009-03-26 In the late 1980s Holocaust literature emerged as a provocative but poorly defined scholarly field The essays in this volume reflect the increasingly international and pluridisciplinary nature of this scholarship and the widening of the definition of Holocaust literature to include comic books fiction film and poetry as well as the more traditional diaries memoirs and journals Ten contributors from four countries engage issues of authenticity evangelicalism morality representation personal experience and wish fulfillment in Holocaust literature which have been the subject of controversies in the US Europe and the Middle East Of interest to students and instructors of antisemitism national and comparative literatures theater film history literary criticism religion and Holocaust studies this book also contains an extensive bibliography with references in over twenty languages which seeks to inspire further research in an international context

Letters from the Lost Helen Waldstein Wilkes,2010 On March 15 1939 Helen Waldstein s father snatched his stamped exit visa from a distracted clerk to escape from Prague with his wife and child As the Nazis closed in on a war torn Czechoslovakia only letters from their extended family could reach Canada through the barriers of conflict The Waldstein family received these letters as they made their lives on a southern Ontario farm where they learned to be Canadian and forget their Jewish roots Helen Waldstein read these letters as an adult this changed everything As her past refused to keep silent Helen followed the trail of the letters back to Europe where she discovered living witnesses who could attest to the letters contents She has here interwoven their stories and her own into a compelling narrative of suffering survivor guilt and overcoming intergenerational obstacles when exploring a traumatic past *Edinburgh Companion to Modern Jewish Fiction* David Brauner,2015-06-07 This book provides a critical overviews of the main writers and key themes of Anglophone Jewish fiction highlighting the rich diversity of the field identifying key themes analysing the main trends in Anglophone Jewish fiction and situating them in a historical context **A Bibliography of Jewish Education in the United States** Norman Drachler,2017-12-01 Entries from thousands of publications whether in English Hebrew Yiddish and German on all aspects of Jewish education from pre school through secondary education This book contains entries from thousands of publications whether in English Hebrew Yiddish and German books research reports educational and general periodicals synagogue histories conference proceedings bibliographies and encyclopedias on all aspects of Jewish education from pre school through secondary education **The Central and the Peripheral** Jakub Lipski,Joanna Malicka,Paweł Schreiber,2014-09-26 Representing reality in terms of secure familiar centres and dangerous lesser known peripheries is one of the most

elementary human cognitive instincts However we live in a world where this established division is becoming more and more problematic One person's periphery can be another's centre and many simple geographies of the world and of the mind clearly separating the known from the unknown have become obsolete How can one reconcile this complexity with the fact that human thinking cannot escape the centre periphery dichotomy How is it possible to find one's way in a world in which peripheries become centres and centres turn into peripheries The chapters of this book try to determine how the problem of centres and peripheries has been dealt with in the domains of literature and culture The contributors focus on different aspects of the issue from travel writing through attempts at mapping the self to finding central and peripheral territories in narrative itself

Armenian and Jewish Experience between Expulsion and Destruction Sarah M. Ross, Regina Randhofer, 2021-11-22 Jews and Armenians are often perceived as peoples with similar tragic historical experiences Not only were both groups forced into statelessness and a life outside their homelands for centuries in the 20th century in the shadow of war they were threatened with collective annihilation Thus far academic approaches to these two classical diasporas have been quite different Moreover Armenian and Jewish questions posed during the 19th and 20th centuries have usually been treated separately The conference We Will Live After Babylon that took place in Hanover in February 2019 addressed this gap in research and was one of the first initiatives to deal directly with Jewish and Armenian historical experiences between expulsion exile and annihilation in a comparative framework The contributions in this volume take on multidisciplinary approaches relating to the conference's central themes diaspora minority issues and genocide

The Israeli Mind Alon Gratch, 2015-09-01 Israelis are bold and visionary passionate and generous But they can also be grandiose and self absorbed Emerging from the depths of Jewish history and the drama of the Zionist rebellion against it they have a deeply conflicted identity They are willing to sacrifice themselves for the collective but also to sacrifice that very collective for a higher and likely unattainable ideal Resolving these internal conflicts and coming to terms with the trauma of the Holocaust are imperative to Israel s survival as a nation and to the stability of the world Alon Gratch a clinical psychologist whose family has lived in Israel for generations is uniquely positioned to confront these issues Like the Israeli psyche that Gratch details *The Israeli Mind* is both intimate and universal Intelligent and forthright compassionate but sometimes maddening it is an utterly compelling read Drawing on a broad cultural and historical canvas and weaving in the author s personal and
