

First-Year Summer Experiences

The First-Year Summer Experiences staff members were very excited to announce the student facilitators for summer 2018 experiences. There was a record high number of 48 applicants this spring, and we are excited to announce that they all did an amazing job with our incoming first years.

We just had our annual First Year Summer Experiences Reunion where students were given the chance to meet people who participated in other programs this summer and learn about the different experiences they had.

Summer Experiences are something available to all incoming students and gives them the opportunity to take part in something before making their way on campus.

How did participating in a First-Year Summer Experience help you?

"I wanted to get to know like-minded people before coming to Elon. I also was interested in familiarizing myself with service opportunities in Alamance County. The program played a huge role in helping me feel comfortable when I got to campus. I hang out with my Engage friends almost every day and they've been a great cohort to have at Elon."

"During the program, I learned how to delve deeply in service work beyond just showing up sometimes once and never thinking about it again. Engage stressed the importance of understanding why service work is important and investing in causes that matter to me. Engage helped me learn how to be comfortable trying new things I'm uncomfortable with. In my college career, I plan to do things outside of my comfort zone and challenge myself as much as I can."

Celtic Revival? Sean Kay, 2011-08-16 Celtic Revival explores what happens when a society loses its wealth its faith in government and its trust in its Church The glorious rise of the Celtic Tiger in Ireland was thought by many to be a model for future economic growth for countries around the world its dramatic crash in 2008 resonated equally widely Yet despite the magnitude of the ongoing collapse Sean Kay shows that seen in historical perspective the crisis is part of a much larger pattern of generations of progress and change Kay draws on a rich blend of research interviews with a broad spectrum of Irish society and his own decades of personal experience to tell the story of Ireland today He guides the reader through the country's major economic challenges political transformation social change the crisis in the Irish Catholic Church and the rise of gay rights and multiculturalism He takes us through the streets of Derry and Belfast to understand the Northern Ireland peace process and the daunting task of peace building that has only just begun Finally we see how Irish foreign policy has long been a model for balancing competing interests and values Kay concludes by highlighting Ireland's lessons for the world and mapping a vital path for twenty first century challenges and opportunities for the coming generations in Ireland and beyond *The Educational Magazine* ,1975 **Exceptional Child Education Resources** ,1990 *The Arts Framework, P-10* Victoria.
