**Mr. Chas and Lisa Sue Meet the Pandas** Fran Lebowitz,1995 While exploring their New York City apartment building seven year old Mr Chas and Lisa Sue discover two pandas      **The Fran Lebowitz Reader** Fran Lebowitz,2011-07-06 In the vein of Lebowitz s acclaimed Netflix limited series Pretend It s a City The Fran Lebowitz Reader brings together two of the famed author s bestsellers Metropolitan Life and Social Studies In elegant finely honed prose The Washington Post Book World Lebowitz limns the vicissitudes of contemporary urban life its fads trends crazes morals and fashions By turns ironic facetious deadpan sarcastic wry wisecracking and waggish Fran Lebowitz is always wickedly entertaining      [A Country of Strangers](#) David K. Shipler,2016-04-20 A Country of Strangers is a magnificent exploration of the psychological landscape where blacks and whites meet To tell the story in human rather than abstract terms the Pulitzer Prize winning writer David K Shipler bypasses both extremists and celebrities and takes us among ordinary Americans as they encounter one another across racial lines We learn how blacks and whites see each other how they interpret each other s behavior and how certain damaging images and assumptions seep into the actions of even the most unbiased We penetrate into dimensions of stereotyping and discrimination that are usually invisible and discover the unseen prejudices and privileges of white Americans and what black Americans make of them We explore the competing impulses of integration and separation the reference points by which the races navigate as they venture out and then withdraw the biculturalism that many blacks perfect as they move back and forth between the white and black worlds and the homesickness some blacks feel for the comfort of all black separateness There are portrayals of interracial families and their multiracial children expert guides through the clashes created by racial blending in America We see how whites and blacks each carry the burden of our history Black white stereotypes are dissected the physical bodies that we see the mental qualities we imagine the moral character we attribute to others and to ourselves the violence we fear the power we seek or are loath to relinquish The book makes clear that we have the ability to shape our racial landscape to reconstruct even if not perfectly the texture of our relationships There is an assessment of the complexity confronting blacks and whites alike as they struggle to recognize and define the racial motivations that may or may not be present in a thought a word a deed The book does not prescribe but it documents the silences that prevail the listening that doesn t happen the conversations that don t take place It looks at relations between minorities including blacks and Jews and blacks and Koreans It explores the human dimensions of affirmative action the intricate contacts and misunderstandings across racial lines among coworkers and neighbors It is unstinting in its criticism of our society s failure to come to grips with bigotry but it is also happily crowded with black people and white people who struggle in their daily lives to do just that A remarkable book that will stimulate each of us to reexamine and better understand our own deepest attitudes in regard to race in America      [Michael Graves](#) Eric Kudalis,1996 A biography profiling the career of Michael Graves the modernist trained architect whose major commissions
