Behling, 2001 Focuses on late 19th and early 20th century American society where the author says the beginnings of modern sexuality and psychology intersect with the foundations of modern womanhood Suffragettes demanding social and political independence were often transformed by literature and the popular press into masculine women and female sexual inverts While Judith Halberstam's *Female Masculinities* 1998 say focused on contemporary society and the idea of male masculinity Behling's *English* Gustavus Adolphus College exclusively addresses an earlier time when sartorial and political masculinity in relation to the female body was often interpreted as a medical as well as political condition Behling's documents include Gertrude Stein's early novel *Fernhurst* Henry James' *Bostonians* Dr William Lee Howard's novel *The Perverts* newspaper accounts Hellen Hull's *Fire Sherwood* Anderson's *Poor White* and the artwork that accompanied Djuna Barnes's satiric *Ladies Almanack* Annotation copyrighted by Book News Inc Portland OR **Catalog of Copyright Entries. Hart, Phillip Leininger, 1995-10-12 For more than half a century James D Hart's *The Oxford Companion to American Literature* has been an unparalleled guide to America's literary culture providing one of the finest

resources to this country's rich history of great writers. Now this acclaimed work has been completely revised and updated to reflect current developments in the world of American letters. For the sixth edition, editors James D. Hart and Phillip Leininger have updated the Companion in light of what has happened in American literature since 1982. To this end, they have revised the entries on such established authors as Saul Bellow, Norman Mailer, and Joyce Carol Oates, and they have added more than 180 new entries on novelists T. Coraghessan Boyle, Tim O'Brien, Louise Erdrich, Don De Lillo, poets Rita Dove, Weldon Kees, playwrights Wendy Wasserstein, August Wilson, popular writers Stephen King, Louis L'Amour, historians James M. McPherson, David Herbert Donald, William Manchester, naturalists Aldo Leopold, Edward Abbey, and literary critics Camille Paglia, Richard Ellmann. In addition, the Companion boasts more women's, African American, and ethnic voices with new entries on such luminaries as Charlotte Perkins Gilman, M. F. K. Fisher, William Least Heat Moon, Ursula Le Guin, and Oscar Hijuelos, among many others. These additions represent only some of the revisions for the new edition. Of course, the basic qualities of the Companion that readers have grown to know and love over the years are as superb as ever. With over 5,000 total entries, *The Oxford Companion to American Literature* reflects a dynamic balance between past and contemporary literature, surveying virtually every aspect of our national literature from the Pulitzer Prize to pulp fiction and from Walt Whitman to William F. Buckley Jr. There are over 2,000 biographical profiles of important American authors with information regarding their styles, subjects, and major works, and influential foreign writers as well as other figures who have been important in the nation's social and cultural history. There are more than 1,100 full summaries of important American novels, stories, essays, poems, with verse form noted, plays, biographies, and autobiographies, tracts, narratives, and histories. The new edition provides historical background and astute commentary on literary schools and movements, literary awards, magazines, newspapers, and a wide variety of other matters directly related to writing in America. Finally, the book is thoroughly cross-referenced and features an extensive and fully updated index of literary and social history. Ranging from Captain John Smith to John Updike and from Anne Bradstreet to Anne Rice, the sixth edition of *The Oxford Companion to American Literature* is up to date, accurate, and comprehensive—a delight for both the casual browser and the serious student.
