**Michael E. Levin**

## **Ms Guide To A Womans Health:**

The Ms. Guide to a Woman's Health Cynthia W. Cooke, Susan Dworkin, 1979-01-01      **Female Circumcision and Clitoridectomy in the United States** Sarah B. Rodriguez, 2014 In Female Circumcision and Clitoridectomy in the United States Sarah Rodriguez presents an engaging and surprising history of surgeries on the clitoris revealing how medical views of the female body and female sexuality have changed and in some cases not changed throughout the last century and a half

**Our Bodies, Ourselves and the Work of Writing** Susan Wells, 2010-01-21 Our Bodies Ourselves first published by a mainstream press in 1973 is now in its eighth major edition It has been translated into twenty nine languages has generated a number of related projects and with over four million copies sold is as popular as ever This study tells the story of the first two decades of the pioneering best seller a collectively produced guide to women s health from its earliest most experimental and revolutionary years when it sought to construct a new female public sphere to its 1984 revision when some of the problems it first posed were resolved and the book took the form it has held to this day Wells undertakes a rhetorical and sociological analysis of the best seller and of the work of the Boston Women s Health Book Collective that produced it In the 1960s and 1970s as social movements were on the rise and many women entered higher education new writing practices came into existence In the pages of Our Bodies Ourselves matters that had been private became public Readers encouraged to trust their own experiences began to participate in a conversation about health and medicine The writers of Our Bodies Ourselves researched medical texts and presented them in colloquial language Drafting and revising in groups they invented new ways of organizing the task of writing Above all they presented medical information by telling stories We learn here how these stories were organized and how the writers drew readers into investigating both their own bodies and the global organization of medical care Extensive archival research and interviews with the members of the authorial collective shed light on a grassroots undertaking that revolutionized the writing of health books and forever changed the relationship

between health experts and ordinary women      Women's Health Care in Advanced Practice Nursing Catherine Ingram Fogel, Nancy Fugate Woods, 2008-06-23 Designated a Doody s Core Title A comprehensive resource oriented to advanced nursing students but one that also will interest women wishing to learn more about thier health The volume also covers nutrition exercise sexuality infertility and other chronic illnesses and disabilities A wonderful resource Summing up Highly recommended Choice This book is the ideal tool to help graduate level nursing students expand their understanding of women s health care and wellness issues For easy reference Women s Health Care in Advanced Practice Nursing is organized into four parts Women and Their Lives covering connections between women s lives and their health Frameworks for Practice addressing health care practice with women Health Promotion covering ways for women to promote their health and prevent many chronic diseases Threats to Health and Health Problems addressing problems unique to women diseases more prevalent in women and those in which there are different risk factors Key features include The most recently available data

on selected social characteristics of women with a focus on changing population demographics Separate chapters on health issues of adolescent young adult midlife and older women Chapters on preconceptional and prenatal care Chapters covering cardiovascular disease chronic disease sexually transmitted infections and other common infections HIV AIDS and women with disabilities Lesbian health care content which is integrated throughout *Hot and Bothered* Judith A HOUCK, Judith A Houck, 2009-06-30 How did menopause change from being a natural and often welcome end to a woman's childbearing years to a deficiency disease in need of medical and pharmacological intervention By examining the history of menopause over the course of the twentieth century Houck shows how the experience and representation of menopause has been profoundly influenced by biomedical developments and by changing roles for women and the changing definition of womanhood **The Pursuit of Perfection** Sheila Rothman, David Rothman, 2011-04-06 What does it mean to live in a time when medical science can not only cure the human body but also reshape it How should we as individuals and as a society respond to new drugs and genetic technologies Sheila and David Rothman address these questions with a singular blend of history and analysis taking us behind the scenes to explain how scientific research medical practice drug company policies and a quest for peak performance combine to exaggerate potential benefits and minimize risks They present a fascinating and factual story from the rise of estrogen and testosterone use in the 1920s and 1930s to the frenzy around liposuction and growth hormone to the latest research into the genetics of aging The Rothmans reveal what happens when physicians view patients unhappiness and dissatisfaction with their bodies short stature thunder thighs aging as though they were diseases to be treated The Pursuit of Perfection takes us from the early days of endocrinology the belief that you are your hormones to today's frontier of genetic enhancements the idea that you are your genes It lays bare the always complicated and sometimes compromised positions of science medicine and commerce This is the book to read before signing on for the latest medical fix **Feminism and Freedom** Michael E. Levin, 1987-01-01 Levin argues that feminists deny that innate sex differences have anything to do with the basic structure of society **Treatment Services for Drug Dependent Women**, 1981 **WLW Journal** Women Library Workers (U.S.), 1980 Sexuality Counseling Kay Frances Schepp, 2013-08-21 First published in 1986 Sex education is a necessary component of sexuality counseling A practitioner needs to be a sensitive effective educator in order to help people remedy sex related problems and prevent future ones This program is about professional counseling and assumes that the reader has training or intends to obtain it in an established helping profession Maternal-Newborn Davis Essential Nursing Content + Practice Questions Sheila Whitworth, Taralyn McMullan, 2017-03-08 Too much information Too little time Here's everything you need to succeed in your maternal newborn nursing course and prepare for course exams and the NCLEX Succinct content reviews in outline format focus on must know information while case studies and NCLEX style questions develop your ability to apply your knowledge in simulated clinical situations A 100 question final exam at the end of the book You'll also find proven techniques and tips to help you study more effectively learn how to approach different types

of questions and improve your critical thinking skills      **Women's Health Care in Advanced Practice Nursing, Second Edition** Ivy M. **Rape, Incest, and Sexual Harassment** Nancy L. Carlson,Kathryn Quina,1989-12-11 A working guide to the treatment of survivors of sexual victimization this book treats rape incest and harassment as related forms of sexual abuse It reviews present literature on the long term effects of sexual assault and considers the services and support that survivors require Covering a wide range of issues and treatment approaches focus is placed on the older adolescent and adult The phases of recovery following sexual abuse are described together with the type of assistance most appropriate at each phase The authors provide numerous case studies and emphasize the individuality of both survivor and response This guide should be used by both professional and layperson to help the sexually abused transcend feelings of victimization Rape Incest and Sexual Harassment discusses the issues raised by victimization It then deals with the immediate aftermath of sexual abuse focusing on crisis intervention and advocacy with respect to emotional medical and legal needs One section devoted to counselors working with long term effects on survivors matches interventions to the individual client s needs and offers models for counseling frameworks Special needs are also addressed The book concludes with a look at the larger social problems associated with abuse and violence **Health, Disease, and Illness** Arthur L. Caplan,James J.

McCartney,Dominic A. Sisti,2004 Drapetomania was a little known disease found among black slaves in the United States in the 1850s The main symptom according to medical opinion The desire to run away from slave masters In earlier centuries gout was understood as a metabolic disease of the affluent so much so that it became a badge of upper crust honor and a medical excuse to avoid hard work Today is there such a thing as mental illness or is mental illness just a myth Is Alzheimer s

really a disease What is menopause A biological phenomenon or a social construction In this successor volume to the 1981 Concepts of Health and Disease the three editors Caplan McCartney and Sisti explore how society understands and determines health disease and illness The 28 classic essays are divided into four parts Historical Discussions Characterizing Health Disease and Illness Clinical Applications of Health and Disease and Normalcy Genetic Disease and Enhancement The Future of the Concepts of Health and Disease Drawing on a wide variety of sources from Galen 150 CE to Maimonides 1150 to contemporary bioethicists and philosophers the editors demonstrate how concepts of health and disease evolve from generation to generation and remain despite claims of scientific objectivity culture and value laden Foreword by Edmund Pellegrino M D author of numerous books on philosophy and medicine
