Applications Ally Hu,2015-06-11 The 2014 Asia Pacific Conference on Computer Science and Applications was held in Shanghai December 27 28 2014 These CSAC 2014 proceedings include 105 selected papers which focus not only on the research of science and technology of computer sciences but also on the research of applications aiming at a quick and immediate effect on The Moving Frontier Lois Labrianidis,2016-12-05 Based on two theoretical approaches the Global Commodity Chain and the Global Production Network this book investigates the multitude of processes as well as diverse consequences of global integration upon industries regions enterprises and employees In doing so it draws from the experience of Western and Eastern and South eastern Europe These European cases are complemented with evidence from Kenya Thailand as well as US China India and Mexico The book explores multiple causes of decentralization arguing beyond the pursuit of cheap and adaptable labour It goes on to argue that the effects of delocalization within Europe unlike those in the rest of the developed world are less negative than usually portrayed It concludes by putting forward recommendations for best future practice of successful adjustment strategies and examines how these might be adopted elsewhere in the world

Moving the Masses: Bus-Rapid Transit (BRT) Policies in Low Income Asian Cities Suryani Eka Wijaya,Muhammad Imran,2019-02-25 Public transport in low income Asian LIA cities fails to meet people s mobility needs generates high greenhouse gas GHG emissions and worsens social exclusion Following successful Bus Rapid Transit BRT projects in Bogota and Curitiba LIA countries promoted BRT in their large to medium sized cities However the political and institutional structure distinctive to LIA cities makes their implementation difficult This book investigates policy tensions by examining the planning and attempted implementation of BRT projects taking Bandung and Surabaya in Indonesia as case studies It analyses BRT to understand how power and communication gaps in institutional relationships between different actors at multiple levels of governance create conflict and concludes that top down policies and funding mechanisms cause tension in intergovernmental relationships It also found that BRT solutions generated socio political tension arising from the socio economic realities and local political dynamics that shaped city structure mobility patterns and capacity in resolving conflicts The superimposed BRT solution generated discursive tension because conflicting discourses were not aligned with

local economic social and environmental issues The book highlights the need to take into consideration the vital role of local social and political actors institutions and planning processes as they respond to and shape policies that are imposed by higher levels **Lessons in Elementary Mechanics** Sir Philip Magnus,1892 **Science and Art of Mining** ,1923

Pattern recognition despite its relatively short history has already found practical application in many areas of human activity Systems of pattern recognition usually support people in performing tasks related to ensuring security including access to premises and devices detection of unusual changes e g in medicine cartography geology diagnosing technical conditions of devices and many others Nevertheless pattern recognition is probably the most developing area because of the great demand for such solutions in the different areas of our lives In this book we have collected the experience of scientists from different parts of the world who have researched diverse areas connected directly or indirectly with pattern recognition We hope that this book will be a treasure trove of knowledge and inspiration for further research in the field of pattern recognition

Kant's Treatment of Causality (Routledge Revivals) Alfred Ewing,2012-12-06 First published in 1924 this book examines one of the main philosophical debates of the period Focusing on Kant s proof of causality A C Ewing promotes its validity not only for the physical but also for the psychological sphere The subject is of importance for the problem of causality for Kant constituted the crucial test of his philosophy the most significant of the Kantian categories The author believes that Kant s statement of his proof while too much bound up with other parts of his particular system of philosophy may be restated in a form which it can stand by itself and make a good claim for acceptance on all schools of thought *The English Dialect Dictionary, Being the Complete Vocabulary of All Dialect Words Still in Use, Or Known to Have Been in Use During the Last Two Hundred Years: F-M* Joseph Wright,1900 *Assessment of Vulnerability to Natural Hazards* Jörn Birkmann,Stefan Kienberger,David Alexander,2014-06-12 *Assessment of Vulnerability to Natural Hazards* covers the vulnerability of human and environmental systems to climate change and eight natural hazards earthquakes floods landslides avalanches forest fires drought coastal erosion and heat waves This book is an important contribution to the field clarifying terms and investigating the nature of vulnerability to hazards in general and in various specific European contexts In addition this book helps improve understanding of vulnerability and gives thorough methodologies for investigating situations in which people and their environments are vulnerable to hazards With case studies taken from across Europe the underlying theoretical frame is transferrable to other geographical contexts making the content relevant worldwide Provides a framework of theory and methodology designed to help researchers and practitioners understand the phenomenon of vulnerability to natural hazards

and disasters and to climate change Contains case studies that illustrate how to apply the methodology in different ways to diverse hazards in varied settings rural urban coastal mountain and more Describes how to validate the results of methodology application in different situations and how to respond to the needs of diverse groups of stakeholders represented by the public and private sectors civil society researchers and academics *The American Journal of the Medical Sciences* ,1829
