Women, Antifascism and Mussolini's Italy Isabelle Richet, 2018-09-30 Marion Cave Rosselli is remembered as the perfect companion of the Italian Antifascist leader Carlo Rosselli assassinated in Paris in June 1937 But little is known about the young English student fired with revolutionary enthusiasm who moved to Florence in 1919 witnessed the violent march of fascism to power and thereafter became a resolute adversary of the Mussolini dictatorship Based on a wealth of little used private and public archives this biography retraces her journey from a modest home on the outskirts of London to the first underground Antifascist opposition in Italy from the prison island of Lipari to exile in Paris and the United States It reveals the social cultural and existential factors which underpinned her unflinching political engagement alongside her husband It also highlights the many challenges faced by Antifascist women within a highly patriarchal movement by bringing to life the figure of a woman who challenged the traditional division of labour within the family and struggled to carve a political role for herself Reconstructing Marion Cave Rosselli's experience in relation to the multiple political social and cultural worlds she moved in this book broadens our understanding of the Antifascist movement and offers a richly detailed portrait of a time full of hopes anxieties and disappointments [Mussolini and Italian Fascism](#)

Son of Siena Brian Steven Lavalley, 2009-04 The eye openers begin on page 1 of Son of Siena where Roberto muses I could not help but think what the world would be like if I did not help Italy and Germany win World War II Thus begins the ride of a lifetime and what a life That life begins and ends in Siena Italy and winds through America and Europe at crucial moments of history during both World Wars and their pre and post periods with an influence that spreads throughout the world like tentacles Yes those tentacles are ominous but the creature that possesses them is also blessed with great lights that pervade the entire book Roberto is very much a man of this world but surrounding him throughout his life are people who are devout who would have him also take thought of the world to come Will Roberto do that What in this world seems more worthy of his attention and how will he use it to achieve his grand desires Will he be pleased with the results In finding the answers to those questions you will be joining Roberto and a fascinating assortment of supporting characters and be blissfully exposed to an astonishing array of historical facts that both broaden and deepen a spiritual and intellectual odyssey undertaken by a Son of Siena Beginning in 1896 Italy the first half of the story flows through the history and relationships that shape Roberto s life During these unaltered historic events the main character eventually accumulates great wealth After a seminal event changes Roberto fundamentally he decides Italy needs to be the greatest of the great powers rather than the least As Roberto begins the building of the Second Roman Empire he attempts to remain anonymous for the safety of his family This he believes can be accomplished by becoming Benito Mussolini s muse Will Roberto be able to handle Mussolini Will some parts of history not allow themselves to be altered What will the world look like and will it appear much different I am a registered nurse and work in a hospital in Massachusetts I have bachelors of science degrees in nursing and biology from the University of Massachusetts at Lowell I am married with two children I was born in Lowell Massachusetts and was raised in the greater Lowell area My job is nursing but my passion has always

been history My love of history began in my early teens and has grown since One thing about history is that it repeats itself because fundamentally most people s motives have not changed Whether you were a farmer in Mesopotamia or a steel worker in 1930 s Germany the need to eat clothe yourself and provide shelter remained paramount The fascinating thing about people is to what extent they will go to meet those needs and how their decisions concerning the economic and social structures military and religious matters are affected I have studied history for over thirty years One day in early 2006 I was doing a dressing change on a patient We were talking about our jobs and mutual interest in books when I mentioned my idea about writing a historic novel After listening to me the patient encouraged me to put the story on paper because he believed people would enjoy the book I thought he was a kind older man but wondered whether he knew what he was talking about When I went home that night I googled his name to see what would come up I was greatly surprised when all sorts of literary prizes and awards were associated with his name The next night I began writing Son of Siena I cannot say who the person was because he was a patient of mine and there are privacy laws involved though I wish I could Psychology ,1929
