Resources in Education ,1996 [Research in Education](#) ,1971 **The Teaching of Latin in Secondary Schools** Eugene Arthur Hecker, 1909 **A Companion to Persius and Juvenal** Susanna Braund, Josiah Osgood, 2012-11-29 A Companion to Persius and Juvenal breaks new ground in its in depth focus on both authors as satiric successors detailed individual contributions suggest original perspectives on their work and provide an in depth exploration of Persius and Juvenal s afterlives Provides detailed and up to date guidance on the texts and contexts of Persius and Juvenal Offers substantial discussion of the reception of both authors reflecting some of the most innovative work being done in contemporary Classics Contains a thorough exploration of Persius and Juvenal s afterlives **Cicero A LEGAMUS**

Transitional Reader Judith Lynn Sebesta, Mark Haynes, 2010-01-01 The Legamus Transitional Readers are innovative texts that form a bridge between the initial study of Latin via basal textbooks and the reading of authentic author texts This series of texts has been developed by a special committee of high school and college teachers to facilitate this challenging transition

Cicero A Legamus Transitional Reader introduces students to Cicero's Latin via selections from his Pro Archia. Introductory materials include an overview of the life and works of Cicero, historical context and bibliography. The authors combine special visual features including line alignments based on meaning with the pass through method to make Cicero's sometimes complicated prose more student friendly. Appendices on grammar and figures of speech as well as a pull out vocabulary complete the book's student aids. After finishing Cicero A Legamus Transitional Reader students will be prepared to undertake a more complete study of Cicero in an upper level Latin literature or college level course. Features pre reading materials to help students understand underlying cultural historical and literary concepts, review explanations of grammatical and syntactical usage with practice exercises, pass through approach that begins with the main statement and adds clauses with each pass, thus assisting students in unraveling Cicero's complex sentences, first versions of the Latin text with transitional aids, lines aligned to facilitate comprehension, implied words in parentheses, difficult noun adjective pairings in different fonts, complete vocabulary and grammatical notes on facing pages, post reading materials that encourage appreciation of Cicero's style, reflection on what has been read and making connections to the modern world, final version of each Latin text without transitional aids but with notes and vocabulary, pull out vocabulary of frequently used Latin words, four maps and eighteen illustrations that complement the Latin selections and background essays.

Starting to Teach Latin Steven Hunt, 2023-03-09. This book for teachers provides both practical up to date guidance and a theoretical overview on a number of key topics in Latin teaching. Updated throughout this new edition includes information about and analysis of recent Latin textbook publications and curriculum developments across the globe. Using a wealth of interviews, observations and pupil transcripts, Steven Hunt utilizes case study evidence of excellent practice in teaching and learning from a wide variety of institutions from outreach programmes, community schools and academies in the UK and USA. Offering practical advice on topics such as essay writing, teaching controversial topics including women, slavery, ethnicity and social hierarchy, making use of primary sources and using ICT to advance language skills, this book also engages with broader questions of approach and theory. These include a survey of the three main approaches to Latin teaching: grammar translation, communicative and reading approaches, explanation of cognitive and social approaches to learning and analysis of the differences between intrinsic and extrinsic motivation. Moreover, traditional arguments about the value and purpose of learning Latin at school level are re-examined in the light of current educational thinking and government policy making. This book is invaluable for trainees, newly qualified teachers and more experienced practitioners looking for practical ideas and strategies to motivate and engage learners of Latin.
